

CHILL HITS LONDON AS AMERICANS ARE GREETED AT COURT

LONDON, June 27.—(AP)—A sudden change in weather sent the American and other women who are to be presented at Buckingham palace tonight scurrying in search of warmer wraps after all their plans had been made in accordance with the predictions of the weather prophets that the hot spell would continue.

It was so warm during the first court a few weeks ago that several persons fainted and a number of innovations were brought into use to keep the presentees cool up to the last moment prior to their entering to courtesy before the king and queen.

Among these innovations were 150 ice boxes, installed in the limousines, both to cool the interior of the vehicles and conserve the freshness of the bouquets during the wait of two or three hours in the Mall, where the machines line up for their turn at the palace driveway.

Indications were, however, that the debutantes would have to use foot warmers in their cars tonight instead of ice boxes. Numerous dressmakers worked most of last night attending customers desiring last minute changes introducing furs and velvets in place of the embroidered shawls first provided.

In addition to the 13 debutantes and matrons to be presented tonight by Mrs. Alanson B. Houghton, wife of the American ambassador, eight other Americans are to courtesy to their majesties tomorrow evening, being presented in the general circle.

AGREEMENT READY FOR ITALIAN DEBTS

WASHINGTON, June 27.—(AP)—The Italian war debt to the United States today became the seventh to be formally started on its way to funding settlement, when Ambassador de Martino and Mario Alberti, representing the Italian government, had an engagement with Secretary Mellon and Under Secretary Winton, chairman and secretary of the American debt commission, to begin the discussion.

The Italian obligation is approximately \$2,138,000,000 and the Italian government desires that its payment be spread over a period of years. The length of time to be allowed therefore constitutes one of the important phases of the question with which this and future conferences have to deal.

It already was known that Italy was pressing for a delay in the beginning of remittances. Neither the treasury nor the embassy would indicate, however, the duration of the proposed moratorium but it was said in some quarters to be ten years. Secrecy is to surround all of the conferences on the Italian debt.

FEDERAL HOSPITAL NEED IS DISCUSSED

OMAHA, Neb., June 27.—(AP)—A complete and private system of inspecting government hospitals where disabled World war veterans are being treated was urged, and an entire change of personnel in the advisory council of the general office of the United States veterans' bureau was demanded in the report of Robert H. Smythe, of Washington, D. C., chairman of the national rehabilitation committee of the Disabled American Veterans in his report prepared for delivery before the session of that organization's fifth annual convention here today.

Smythe assailed the present board of appeals, central division, and the general office of the bureau, and also urged favorable consideration by the government of a plan making a review of nearly 400,000 cases and claims for disability. That figure represents the total rejected requests for treatment, training or compensation prior to the passage and effective operation of the Reed-Johnson bill in June 1924, he said.

Denials of Rumor Of Rift are Made

NEW YORK, June 27.—A dispatch from New Haven to the New York Times today says that friends of Chief Justice Taft deny a report that he refused to attend the recent Yale commencement because of the presence of Governor Pinchot of Pennsylvania.

The story was that Mr. Taft remained away because he would have had to sit on the same platform with the governor when the latter received an honorary degree.

The Waterbury American says Mr. Taft took his doctor's advice to avoid the tremendous strain that would have been caused by the demands of old friends for commencement reunions.

When Professor William Lyon Phelps presented the governor to President Angell for a degree he said that Mr. Pinchot was admired for the enemies he had made.

Westfir to be Open To Oakridge Guests

Visitors at the Oakridge celebration July 4 and 5 will be taken in cars to Westfir, where the huge mill

of the Western Lumber company is now in operation. Inspection trips of this plant will be arranged, and the working of the mill explained to all visitors.

The new mill is now in operation, and is one of the largest in the west. It consists of two main units, a saw mill and a planer. The mill is under a shed 300 feet long by 64 feet wide, while a roof 250 feet by 110 covers the planer. The equipment is complete and modern in every way.

Operations at the plant are in charge of W. J. Norris, assistant general manager; Hugh Hallin, superintendent; William Kilbrith, mill foreman, and Charles Platt, planer foreman.

Eugene Team Plays Oakridge Tomorrow

Oakridge and Eugene baseball teams will cross bats tomorrow afternoon in Oakridge. The Eugene team will consist of the following: Fennell and Springate, pitchers; Dixon, catcher;

Eberhart, first base; Chuckworth, second; Gerald Towns, shortstop; Dave Williams, third; Sims, center field; Welsh, left field; Johnson, right field. Russell, the Oakridge "speed ball" artist, will probably pitch for his team.

Last Sunday was Eugene's first defeat, when the team was beaten one to nothing on an error. Since the teams are very evenly matched there is great interest in the game and a large crowd is expected. Carroll Groshong, local baseball fan, will umpire the game. George Mason is mascot of the local team.

CABBAGE DAMAGE
Cabbage aphid is causing serious injury to young cabbage plants. Uncontrolled, this insect prevents heading. Control is possible by treating the plants with nicotine dust.

HESSIAN FLY LOSS
The Hessian fly is causing a heavy loss to the wheat crop in the Kansas area. And another brood of fly may be expected before harvest, say observers.

BIG CELEBRATION RACES TO FEATURE

Fun for all is to be provided at the big Fourth of July celebration at Oakridge July 4 and 5. One big feature of the two-day event will be footraces, in which any one is entitled to enter in his or her proper class, announces the "End of Steel Association" officers.

The footraces will be held in the morning, and substantial prizes are offered for each event. The first race will be a 50 yard dash for girls, and another for boys under six years of age, with prizes of \$5 offered in each race. These will be followed by 50 yard dashes for boys and girls under ten years of age, with the same prizes posted.

For the open 100 yard dash, in which at least 50 entries are expected, prizes aggregating \$17.50 are offered. This will be one of the big races of the day, with the winner also carrying off the honors as the fastest man of the day.

A 50 yard dash for women carries a prize of \$15, while the 50 yard dash for boys under 10 will have a prize of \$12. The girls under 10, 10 to 15 and less men will all have a chance to participate in dashes with substantial prizes offered. The usual three-legged races, pie eating contests, and other popular features, will also be arranged for.

The races will be held in the morning, at the baseball grounds, and the opening athletic features of both days. A good track is being put into shape, and ample accommodation is made for spectators. "We believe the Oakridge athletes are the fastest in the valley," members of the committee declare, "and we stand ready to prove it in every race!"
