How About Building A Home

Take a tip from us—owning your own home is the greatest thing in life, next to love. In your own home those dear dreams will come true; that's where the shouts and bright laughter of kiddies will be heard; where comfort and independence will remain life-time treasures—So take our advice, Mr. and Mrs. Newlywed—BUILD A HOME.

## Forty-Four Years in Eugene

The Midgley Planing mill has been in continuous operation for forty-four years (since 1881). We feel that this is a record that Eugene can be proud of, in that it reflects the steady and permanent growth which our city has maintained. The Midgley company has endeavored to likewise grow—starting with a small plant and only a handful of men, they now have a large, modern, electrified mill employing about 50 men. The present officers of the company are:

S. B. Schmieding, President  
David M. Graham, Vice-President  
Curtis M. Marshall, Secretary  
Walter D. Schmieding, Treasurer.

**FINGER MARKS.**  
Memories and disfigurements come quickly on newly decorated walls, but they amount to nothing because they can easily be washed away if your walls are finished with

**Velumina Washable Wall Paint**

You'll thank us for recommending it, when you find that easy washing takes the place of re-decorating. Besides, it is the only paint that gives walls the soft tones that belong to good decoration—shows no laps or brush marks.

One of the first considerations for a "better home" is proper mill work. The mill work is the "evening dress" of your home. You want it as perfect as it can be made.
