

PIRATES LEAD NOW FOR NATIONAL FLAG

NEW YORK, June 30.—(AP)—The Giants are taking the dust from the Pirates today. For the first time since early in the season, New York is out of the lead in the National league pennant race.

While the Giants were ahead of the Pirates by 3 to 1 in the second inning yesterday, rain stopped the contest. The Pirates were quick to take advantage of the opportunity and trimmed the Reds, 8 to 1, and gained the lead with a four-point leadaway. Cincinnati felt the effects of the rain. Pirates and was to be played in the second division, St. Louis moving into fourth place by remaining idle.

Stanley Coveleskie, the veteran pitcher traded by Tris Speaker of the Indians to Washington last fall, led the champions to a 4 to 1 victory over the Athletics, being the lead of the Mackinnon to half a game.

The downfall for the American league leaders also marked the first defeat of the season for Sam Gray, Philadelphia pitching ace. By virtue of the triumph Coveleskie shares the best twirling average in the league with Gray, with nine victories and one setback.

The chronic ailment of the Yankees, sleeping a game after winning two, still persists. For the eleventh time this season the Yanks failed to extend a two-game winning streak by losing yesterday to the Red Sox 10 to 6.

Boston had lost nine straight. Detroit held fast to fourth place by annexing a twin program from Cleveland 4 to 1 and 7 to 4. Cobb turned out three doubles and a single out of four attempts in the opener.

The Browns polished off the White Sox in the first of a series, 5 to 2. Buzo Vance was the umpire of the Phillies, permitting but five safeties, while the Robins garnered 15 off Carlson and Knight to win by 8 to 3.

9-1 Victory Gained By Postal Players

The postoffice baseball team won 9 to 1 from the fruit growers' team in last night's Twilight league contest.

Batteries: Postoffice—Keopp and Green; Fruit Growers—Yocum and Barnes.

The lineup:

Postoffice	Fruit Growers
Keopp	Barnes
Green	R. Yocum
Knapp	Hubbard
Campbell	Romer
Graham	Vadnais
Holeman	White
Ward	Stahlberg
Terrill	Gamble
Hollispon	W. Yocum

BOXERS ARE READY FOR CHARITY MEET

NEW YORK, June 30.—Harry Wills, giant negro heavyweight, and Harry Greb, world's middleweight champion, were favorites today in setting in the main bouts at 15 rounds at the Madison Square Garden for the Italian hospital fund.

Onus of fate is on Wills to defeat Charles Weinert of Newark, N. J., prevailed in spite of the fact that Greb had come from the New Jersey boxer's camp that he had closed strenuous training yesterday in the best condition of his career.

Greb was 8 to 5 choice over his challenger, Mickey Walker, world's welterweight champion.

For a special six-round bout, Jimmy Slattery, sensational Buffalo, N. Y., middleweight, was 5 to 2 selection over Dave Slade, California welterweight.

Joe Lynch, former bantamweight champion, was favored at 2 to 1 to take a four round decision over his recent New York rival, Jack Sharkey.

Weinert hung his gloves at his camp yesterday. His trainers announced he had reached the peak of condition.

NATIONAL FORESTS TALK IS SCHEDULED

"Our National Forests" will be the theme of E. J. Adams, secretary to Senator Robert N. Stanford, at the Thursday luncheon of the chamber of commerce, it is announced by Eugene Chadwick, secretary of the chamber. The talk will be along the lines of an address made by Mr. Adams in May before the national chamber of commerce in Washington, D. C. The local chamber is cooperating with the government forest service in the "Stop Forest Fires" week announced by the proclamation of Governor Peters for the week from June 29 to July 4.

The local chamber's cooperation on the forest program is in line with the policy of the state chamber, which is fostering the movement. A communication was received this morning by Mr. Chadwick from W. G. Ide, acting secretary of the state chamber and manager of the final settlement department of the Portland chamber of commerce, asking assistance in the distribution of literature on the subject of forests.

Many Prizes Will Be Given at Picnic

Many valuable prizes are to be held out as inducements for those who may enter the various events to be held by the Eugene Old Fellows band at their Independence day celebration to be held at Midway park next Saturday, according to announcement today of those in charge of the affair. A number of prizes are being added to the list in addition to a number already prepared, it is announced.

Forest Area Will Be Closed at Once

A regulation prohibiting anyone from going to or being on Fall creek, Little Fall creek and Winberg creek in the Cascade national forest will be effective July 1, it is announced this

afternoon by Nelson F. Macduff, forest supervisor.

The ruling comes from the office of the district ranger in Portland, and was made on the recommendation of Mr. Macduff. Anyone found traveling or hiking through these districts will be promptly arrested and brought for a hearing before the United States commissioner, Mr. Macduff states.

INSPECTOR VISITS BANK

The electric protection system of the First National bank was inspected and worked over yesterday by A. G. Hobbs of Los Angeles, inspector for the Burglary Protection company, with headquarters in Los Angeles. Everything was found in good shape, according to the announcement of Darwin Britton, vice-president of the bank. Mr. Hobbs was accompanied by Mrs. Hobbs. They were on their way by motor to Portland, where they expect to make their home. They left this morning, after being guests at the Darwin Britton home over night.

FIRE DAMAGE IN JUNE IS \$10,700

Fire damage during the month of June was the heaviest of any month thus far this year, reported W. E. Nilsen, fire chief today, in his annual report to the state fire marshal. Damage during the month totaled \$10,700, of which \$5,500 or more than half, was covered by insurance.

Sixteen alarms were answered during the month, and 3402 feet of 2 1/2 inch fire hose was laid. The fire engines traveled a total of 315 blocks, or 24 1/2 miles in answering the various alarms.

SMOKER FAILS TO APPEAR

A Mr. Narquist, employee of the Henry McFar Lumber company, who was arrested for smoking on Salt creek and was to have arrived yesterday for a hearing before United States Commissioner E. O. Immel, has not yet appeared. It is announced by Nelson F. Macduff, supervisor of the Cascade national forest. A deposit of \$10 has been put up by his employer to insure his appearance.

JUNE'S BUILDING SETS NEW RECORD

June building permits in Eugene set a new high record with a total of \$240,000 for the month, and brought the total for the first six months of the year to \$1,400,355.

This figure is less than \$150,000 behind the total for the first six months of 1924, which included permits for the new Miner building and Eugene hotel.

June's report indicates a gain over that of last year, which was \$207,000. Comparative reports of the first six months of 1924 and 1925 are as follows:

January	\$ 169,100	\$ 155,175
February	200,525	188,800
March	185,450	465,675
April	292,300	427,225
May	200,000	200,000
June	240,000	207,000
Total	\$1,406,555	\$1,555,425

The total number of building permits granted during the month was 77.

Rotary Luncheon Features Singing

John Henry Lyons, world-famous song leader, was the feature of today's luncheon meeting of the Rotary club. Mr. Lyons led the members in singing popular songs in a manner that won high approval.

James Gilmore Hammond, formerly of Eugene and now secretary of the chamber of commerce at New London, Conn., spoke of his early life in Eugene, and mentioned the ideals and practices of Rotary. He is in the city visiting his mother, Mrs. F. A. Rankin, and declares that the growth of the city in the 10 years he has been away is remarkable.

FOREIGN CARS STOP

A total of 307 cars from out of the state registered with the Eugene chamber of commerce for the month of June, according to the chamber report. Of these two came from as

far away as Florida, one from New York, one from Ohio, one from Arkansas, one from Nebraska, three from Kansas, two from Texas, one from Wisconsin, four from Illinois, two from Minnesota, one from New Mexico, four from Colorado, one from Arizona, four from South Dakota, three from North Dakota, and 12 from Montana. The remaining number were from Washington and California.

\$7.90

WE HAVEN'T found out yet just how the sugar daddies of Broadway fared in the recent father's day affair.

Bill Tilden kicked the pants off young Mr. Richards in straight sets the other day. . . . He seems to be through in much the same way that Cobb is.

The crawl stroke is a mighty effective proposition in swimming but the Boston tennis do not seem to be getting very far with it. . . . if that is what they are using.

The Prince of Wales is expected to be present when Gertrude Ederle attempts to swim the channel. . . . The prince has evidently been studying the contents of the Sunday roto pages.

We aren't exactly sure but we expect freeze out poker is the chief pastime of polar explorers.

Everybody is surprised to hear that Benny Leonard's mother has asked him to fight again but we aren't. . . . We have an idea that she must have seen his vaudeville act.

Even with Ruth in the lineup the Yanks continue going nowhere fast. . . . We are beginning to think Mr. Houdini is the only one left capable of doing anything with that crowd.

This promises to be a very safe and sane Fourth of July in the heavyweight division, with none of the boys exposing their jaws to Dempsey's right.

Florida has enacted laws protecting the home fish but visiting fish must continue to watch out for themselves.

The records show Mr. Phil Morrison, an English golfer, once scored two holes in one the same day. . . . Whether it was necessary to shoot him or drown him is not divulged.

LOVE & BARRETT

30 East Ninth Street Eugene, Oregon

IT PUTS A NEW HEART IN YOUR KITCHEN

A Vulcan Smoothtop Gas Range

THREE COOKING ZONES

Cooking, simmering and warming zones are always available on the Smoothtop—no heat is wasted. This is a vital factor in better cooking because each food can be cooked at a temperature suited to its nature.

TOP HEAT CONTROL

Not only oven heat control but also top heat control is available on the New Smoothtop. Just the "right heat" can be obtained for every cooking requirement. Top heat control is relatively more important than oven control because 80 per cent of the cooking is done on the top of the stove.

OVEN HEAT CONTROL

For oven heat control, the Smoothtop Range is equipped with an accurate regulating device. This instrument is absolutely dependable and frees the housewife from any worries of heat supervision whatever.

Sold on easy terms

Tiny Herman Wins Portland Contest

PORTLAND, Ore., June 30.—Tiny Herman, ex-Astoria policeman, won a ten round decision over George Lamson, Omaha heavyweight, in the main event of last night's open air boxing meet, staged by the Portland Elks. Both men scored a knockdown, but Herman won the call by authorizing Lamson.

Floyd Johnson, Seattle heavyweight knocked out Club Crawford, former Washington State college athlete, in the sixth round of a scheduled ten-round match.
