Stabbed By Neuritis!

Many people suffer attacks by this archfiend, commonly called "nerve inflammation." The first warning is usually a sharp, stabbing pain, which may "come and go" or hurt constantly. You may feel it in the shoulder, neck, forearm, small of the back, or down the thigh and leg to the heel. It is sometimes mistaken for sciatica, rheumatism or neuralgia, which troubles often do end in neuritis.

No matter where you have nerve pains or what caused them, you can get quick relief without using narcotics or poisons. Apply Tyzmol over the part that hurts and the pain will soon be gone.

Tyzmol is absorbed through the pores of the skin. It has a soothing, healing effect upon the diseased nerves, gradually helping to restore them to healthy condition.

Don't suffer any longer. Get a supply of Tyzmol at any good drug store. Price $1 everywhere.

Reply from W. C. Hawley, Oregon representative in congress has been received by the Eugene Ministerial union which recently passed a resolution of protest on the naval appropriations bill now up in congress.

The letter, sent to Rev. A. L. Lonsberry, secretary of the ministerial union, is as follows:

"Truly yours,

IRVING BERLIN'S WIFE HELD ILL

NEW YORK, Feb. 21.—(AP)—The Evening World says today that friends of Irving Berlin and his wife, the former Ellin Mackay, are much concerned about reports that Mrs. Berlin has contracted a serious ailment which will necessitate the Berlins living in Arizona. The song writer and his wife are now in California with their baby.

Doctors have diagnosed Mrs. Berlin's illness, according to the reports as pernicious anaemia and it is feared she is on the verge of a more serious ailment.

The World says that there is a strong impression that the illness will bring about a reconciliation between Mrs. Berlin and her father, Clarence Mackay, head of the Postal Telegraph system. The father and daughter have been estranged since she married Berlin without Mackay's knowledge or consent.

PALM SPRINGS, Cal., Feb. 21.—(AP)—Irving Berlin, song writer, today flatly denied reports published in New York City that his wife the former Ellin Mackay, had contracted an ailment which might necessitate her living in Arizona. Berlin said she was in "perfect health."

The Berlins came to this desert resort from Hollywood several days ago. Palm Springs is about 100 miles southeast of Los Angeles.

Berlin characterized reports that his wife had contracted pernicious anaemia as "ridiculous," and said that she was leading an active life, including daily horseback rides.

Mrs. Berlin, called to the telephone, added her denial to that of her song-writer husband. She insisted that she was in perfect health and came to the desert merely for rest and recreation.

Berlin declined to discuss rumors of reconciliation between his wife and her estranged father.

CALLS FOR SEED IN COUNTY INCREASE

There is quite a demand for seed among Lane county farmers now and the office of the county agent is receiving numbers of inquiries. The office is listing farmers who have raised seed and the names of these farmers are to be given to prospective purchasers.

Pure seed for wheat, oats, barley and potatoes is asked by the majority of farmers who have communicated with the office, according to O. S. Fletcher, Lane county agricultural agent. Mrs. Enoch Nulf of the Junction City district raised 925 pounds of Ladino clover seed last year and of this amount only 350 pounds was bought outside of the county.

"This indicates that there is a big demand for seed in Lane and an increasing acreage of good clover," Mr. Fletcher says. Mrs. Nulf produced the 925 pounds of seed on eight acres. This crop is raised under irrigation in the valley and without irrigation west of the coast range.

BANKER BACK FROM HONOLULU SESSION

Sessions of the western division of the United States chamber of commerce held at Honolulu early this month were a great success and did much to bring about a closer contact between representatives of the western states and delegates from China and Japan. This report is brought back by C. D. Rorer, president of the Bank of Commerce, who attended the meeting as delegate from the Eugene chamber. Mr. and Mrs. Rorer arrived home Tuesday having left here late in January.

"We spent ten days in the islands and the weather was wonderful and we met a number of Oregonians" Mr. Rorer said. The local banker visited the sugar cane and pineapple fields and saw much of interest in the island possessions. Mr. Rorer admits that of the ten days spent in the islands he played golf eight days. He smilingly declined to comment on his games but hinted that the prestige of Eugene golf did not suffer in comparison with that played at Honolulu.
