

S. H. S. TEACHERS WILL MAKE TRIPS

SPRINGFIELD, March 21.—(Special)—Spring vacation, which will be observed by only the high school this year, will be Thursday, March 22 and Friday, March 23, with a number of trips away made by the teachers.

Principal Alfred J. Morgan and Mrs. Morgan will spend the time in Portland.

Miss Frances Hodge will spend Friday in Portland attending the grand opera, and will spend Saturday in Salem.

Miss Pauline Miller will be at Dallas for the vacation period.

Miss Catherine Tinkham plans to spend the week-end at Corvallis.

Leonard Mayfield, athletic coach, will spend the time either at Eugene or near Portland.

Miss Grace Potter will be at Eugene.

Miss Lydia Osgood plans a trip to Albany where she will spend the week-end.

Miss Clara Wagner will be in Portland Thursday for the day, but will spend the remainder of the time at Corvallis.

Mrs. Georgia Peterson will be at her home in Springfield.

Miss Lois Spencer, office secretary at the high school, will go to Portland.

Oscar Gladish will remain in Springfield.

The School Guard

Today's issue of The School Guard was edited by students of the Woodrow Wilson junior high school, and contains news of that school.

History Classes Make Scrap Books

Mr. Skeen's current history classes have been keeping scrap books during the past six weeks. The books contain cut-outs of notable persons in the current news and of significant events. The best of these books have been placed on exhibit in the hall.

Mr. Johnson's Father Dies

The sympathy of the school goes out to Mr. Johnson whose father died Saturday, March 10, at the family residence, 1000 Columbia street. Mr. Johnson was 53 years of age and had made his home in Eugene almost 20 years. The funeral was held from the Veatch Undertaking parlors Monday afternoon.

Wilson Boy Leads

Philip Gilstrap, a member of the SA-2 class, led all other Junior B's in points earned in Y. M. C. A. activities. Philip says he will soon become one of the important clubs.

D. S. Girls Entertain

Elythe Jacobs, Ethelyn Sellon, Anabelle Hitchcock and Dorothy Rich-

mond, all members of the D. S. classes entertained their mothers with a dinner last Wednesday evening in the D. S. dining room under the supervision of Mrs. Hillman. Each girl taking D. S. in the ninth grade is given an opportunity to entertain her mother in this way during the school term.

Students Finish Dresses

The 9A girls of the domestic art classes are finishing their woolen dresses and planning their make-over garments. The woollens will be finished this week and they will start on the made-overs after the vacation.

Inspected Water Plant

All members of the science classes made an inspection tour to the city water plant Thursday. Earlier in the week they inspected the heating and ventilating system of the school.

Baseball

The infallible proof that spring is here is now at hand. Marbles and

baseball have made their appearance and indoor games are more or less in the discard for another year. Wilson will have no team to compete in marbles but with baseball it will be different. The crop of ball players is large but the quality is unknown. Mr. Sorby has called out the pitchers and catchers but no regular practice will be held until after vacation. Cecil Inman and Larch Cummings are two likely men going out for pitcher.

Eunice Zimmerman Married

Mrs. John H. Noyes, formerly Eunice Zimmerman was in Eugene Wednesday on her honeymoon having been married in Alaska, Tuesday, March 6. Mr. Noyes is a lieutenant in the United States army and is now stationed in Alaska where he is also secretary of the Alaska road commission. Mrs. Noyes is now on a leave of absence from her school in Alaska but will return and finish out the school year. She was instructor in art at Woodrow Wilson junior high school two years ago.

TEAPOT STORY

(CONTINUED FROM PAGE 1)

from Indiana to make such wild insinuations.

Asserting that Robinson soon is to come up for re-election, the Mississippian recalled that W. H. Hays is a resident of that state and adverted to the testimony at Chicago by James P. Connery before the teapot dome committee that \$85,000 in securities which Sinclair had refunded to Hays out of the celebrated political pool had been used to cover Hays' speculation on the stock market.

"But the senator thinks he must bring to his aid the influence if not the bonds of Mr. Hays," Harrison declared. "Birds of a feather flock together."

The recent campaign of the senator from Indiana was run by Clyde Wab, who is under indictment for fraud.

"Birds of a feather flock together."

SMITH IS RESENTFUL

ALBANY, N. Y., March 21.—(AP)—Governor Smith resents as "infamous insinuations" and "demagogic statements" the charges made by the United States senate which he thinks were uttered with intention of making people believe he was a beneficiary of the oil scandals. The governor used those terms in a letter to Senator Nye of North Dakota, terminating a statement by the senator "false and recklessly made." The letter referred to a similar statement by Senator Robinson of Indiana. Senator Nye had said that he understood that in the New York state campaign of 1920, Harry F. Sinclair was a very liberal contributor to the governor's cause.

The governor's letter said that search of official records confirmed his recollection that Sinclair never contributed to the governor's campaign fund either in 1920 or any other time he ran for office.

After the letter was sent, the governor was informed that the records showed two contributions by Sinclair to the New York county democratic committee, Tammany Hall, both Smith gubernatorial campaigns. One in 1918 was for \$1,000; the other, in 1926, amounted to \$250. The Tammany Hall fund was independent of the democratic state committee fund.

The governor was informed that the record of the secretary of state of New York disclosed that Sinclair had contributed \$5,000 to the republican state committee in 1922 during the campaign in which Nathan L. Miller defeated Governor Smith.

Senator Nye had said that after the campaign of 1920 Sinclair was appointed a member of the New York state racing commission. The governor's letter to Senator Nye points out that the governor failed to mention election in 1920 and that Sinclair was appointed to the racing commission months prior to that time, four years before there was any thought of the oil scandal.

"I do not propose," continued the letter, "that either you or Senator Robinson shall escape public humiliation for the infamous insinuation you have made. x x x you evidently calculated that people would be misled into believing that I was in some way beneficiary of the oil scandals. This, no doubt, is a republican council of desperation."

LETTER NOT RECEIVED

WASHINGTON, March 21.—(AP)—Although he has not yet received Governor Smith's letter, Senator Nye of North Dakota, chairman of the teapot dome committee said today that the governor's denial that Harry F. Sinclair had contributed to his campaign fund was quite complete.

"The part I had in the senate debate was simply in answer to a query directed to me by a senator," Nye said.

"When his letter is received by me I shall make a full reply."

MARSH IS CALLED

WASHINGTON, March 21.—(AP)—Wilbur W. Marsh, treasurer of the democratic national committee from 1916 to January, 1924, reiterated today before the senate teapot dome committee that he had not entered into any agreement with the late Fred W. Upham, treasurer of the republican national committee under which the two parties made no report of contributions in 1924.

"There never was any such agreement," he said, "in reply to questions by Senator Walsh, democrat, Montana, 'there never was any conversation relating to it in any way.'"

Marsh's statement in reply to testimony given to the committee in Chicago by Irl G. Hipaley and A. V. Leonard that Upham had told them Marsh had suggested that no reports

Engineers Approve City Plan Movement

Engineers commend the project of the city planning commission to widen Eugene streets and provide more facilities for the growth of the city.

At a meeting of engineers Tuesday night, T. O. Russell spoke on railroad construction. He showed motion pictures of work he has done.

The engineers decided to aid the planning commission in its projects for the benefit of Eugene.

School Board Will Retrench Till June

Retrenchment will be the watchword of the Eugene board of education from now until school ends in June, it was decided by members Tuesday night.

Clerk O. H. Jones furnished the board with a statement of expenditures and a balance with the budget, from which the board learned that the cost of substitute teachers is at present higher than usual owing to sickness in the staff.

Every effort, members said, would be made to cut down expenses as much as possible.

STATISTICS

BORN
HUFFMAN—At the family home, 1377 1/2 Ferry street, Monday, Mar. 19, 1928, to Mr. and Mrs. Gerald Huffman, a daughter, weight 8 1/2 pounds.

Music in Chair

Springtime music removes all terror for dental patients who are given an anesthetic by Dr. J. L. Eischer, S. Lewis, in his office at a concealed phonograph that plays during the operation. "And usually," he says, "they leave the office with a smiling 'Thank you, doctor; I had a nice time.'"

Mohair Growers of County Meet Here

Methods of caring for Angora goats in Oregon to produce the best mohair, were explained at a meeting of mohair growers of Lane county, at the McMerran and Washburne auditorium Tuesday by Prof. Oran Nelson of the Oregon State Agricultural college.

Prof. Nelson took up the phase of the care of kids in this season of the year. E. A. Ward, general manager of the Pacific Cooperative Wool Growers' association gave a talk on mohair marketing. The session was closed with a grading demonstration by A. C. Gage, editor of the Angora Journal, who showed motion pictures with his talk. The meeting was presided over by E. A. McCornack, president of the wool growers association.

Cats and owls are better equipped for seeing in dim light than humans, due to the peculiar construction of their eyes.

Exports during the 12 months of 1927 totalled \$4,868,100,000 as compared with \$4,808,000,000 in 1926, according to the United States department of commerce.

Alley Parkers are Warned by Police

Car parking in alleys is becoming quite popular with motorists recently, according to city traffic officers. The city ordinance prohibits this but the traffic force has been rather lenient in enforcement of this particular provision of the law.

Plans for Creswell Clinic Announced

An all-day session of the Creswell branch of the Lane County Public Health association will be held on Monday, March 26, at the health center, in the Civic Club House. This regular bi-monthly session will feature a clinic for babies and pre-school children of school district No. 41 and the Camas Swale school district during the morning hours from 9:30 to 12:00.

The regular business meeting of the association will be held at 2 p. m., at which time plans will be made for projects to be carried out before the next regular meeting.

The health committee with Mrs. W. E. Ogden chairman, is invited to meet with the group.

Mrs. Ed Anderson, general chairman, has asked Mrs. J. A. Blankenship to assume all responsibility for the day's activities.

Children will be examined by ap-

pointment only. These examinations must be made through Mrs. J. Blankenship or Mrs. Clyde Wright health nurse, will assist the examining physician.

Miss Beth Konkel, executive of new projects to be undertaken.

FOR COLDS

ASPIRIN

To break a cold harmlessly and in a hurry try a Bayer Aspirin tablet. And for headache. The action of Aspirin is very efficient, too, in cases of neuralgia, neuritis, even rheumatism and lumbago. And there's no after effect; doctors give Aspirin to children—often infants. Whenever there's pain, think of Aspirin. The genuine Bayer Aspirin has Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Bayer Aspirin; it does NOT affect the heart

Aspirin is the trade mark of Bayer Manufacturers of Nonpatentable Salicylates

Only the heart-leaves of the tobacco plant are good enough for OLD GOLDS

That's the bedrock reason for "not a cough in a carload." The tobacco itself! Indeed, the whole why of OLD GOLD'S honey-like smoothness rests in these five tobacco facts!

- [1] The finest tobaccos that grow
- [2] Only the "heart-leaves" from the heart of the tobacco plant
- [3] Selected for their silkiness and ripeness to insure that honey-like smoothness
- [4] Extra long mellowing and aging in a temperature of mid-July sunshine
- [5] All tobacco . . . pure tobacco . . . the finest tobaccos that grow
