A YEAR AGO we announced the completion of our MODERN BUILDING MATERIAL STORE, built to give the people of Lane County a real Building Material Service on all kinds of Lumber and Builders' Supplies, with the assurance that our entire stock would be stored and delivered in the best shape at all times of the year, regardless of weather conditions.

Mr. John J. Rogers, formerly of Billings, Mont., has purchased the interest in the business held by T. J. Seufert, Sr. Mr. Rogers has been in the Lumber and Building Material Business for many years and comes to us with a wide experience in this line, and will have complete charge of the Purchasing Department of the Company.

It is now our privilege to announce that we have purchased the business of the Ruth-Robertson Powder Company and have added their line of Building Materials and Explosives to our stock.

Mr. E. N. Robertson of the Ruth-Robertson Powder Company will be associated with us as office salesman.

This addition of Painting, Blasting and Building Supplies enables us to serve you with the most complete line of Building Material and Explosives in Lane County.

We will maintain a fleet of five delivery trucks and will feature prompt deliveries as one of our main items of service.

We have listed here some of the building materials that we handle and you can see at a glance what a convenience it is to be able to purchase such a complete line through one agency.

Mr. L. C. Scharpf will have charge of the Sales Department and it will now be a pleasure for him to serve you with our complete line of high grade Building Material and Explosives.

We want you to get acquainted with our entire force.

They are always prepared to serve you . . . promptly.
