## CITY NEWS

**TURKEY GROWERS MEET**

DISCUSSION of a proposal for a joint marketing plan of turkey growers of Lane and Douglas counties will be taken up at a meeting here soon of the recently organized Lane County Turkey Raisers association. General members of the association including C. W. Godlove, chairman of the organization committee of the Lane growers, H. A. Stoneberg and Harvey Hadley were at Oakland, Douglas county, Thursday evening to confer with the organization committee of the Douglas county growers. The Douglas growers already have worked out a plan of co-operative marketing. The plan will be presented at the general meeting of the Lane growers soon.

**LOCAL DENTISTS ELECTED**

TWO Eugene dentists were elected to office at the annual meeting of the Oregon State Dental association now under way at Portland. Dr. M. G. Harris was elected a delegate to the convention of the Pacific Coast Dental conference to be held at San Francisco July 8-12 next year. Dr. V. B. Lee of Eugene was named one member of the executive committee of nine members of the Oregon state association. The annual convention closes at Portland Thursday evening.

**"I SAW—"**

A large bulldog following his young master down the street. The boy stopped at a store which had had the outside woodwork freshly painted. The dog was commanded to lie down. The dog leaned against the painted woodwork. When the boy came out of the store, the dog followed him serenely down the street with a long streak of paint along his side.

**What Did You See?**

Editor's note: Curious things are happening around us every day. Tell us what you saw. We will print one item each day.

**RIVER AT NEW LEVEL**

DESPITE the fact that Eugene has had but four rainless days the Willamette river reached a new low level for the year Thursday, when a minus five-tenths foot was recorded as the gauge of the government weather observer, G. M. deBroekert. This is the lowest since Sept. 27, 1927, when a minus eight-tenths foot was recorded. Zero on the gauge is fixed arbitrarily at 399.3 feet above sea-level.

**CROP MEETINGS PLANNED**

OF considerable interest to western Lane farmers will be a series of demonstrations on forage crops that can be raised in the coast areas. The demonstrations will be held Friday at an all-day meeting in Coos county of county agents of the coun-

## NOBILE PARTY SENDS THANKS FOR SUPPLIES

**Directions Given for Further Rescue Work In Arctic**

**PARIS, June 21.—(AP)—The French ministry of marine has ordered the cruiser Strasbourg and the dispatch boat Quentin Roosevelt to go to Spitzbergen immediately to help in the search for Roald Amundsen now missing in French relief plane piloted by Captain Rene Guilbaud.**

(Copyright 1928 by Associated Press)

KINGS BAY, Spitzbergen, June 21.—(AP)—Cheered by the 650 pounds of provisions dropped yesterday upon his camp off Northeast land by Major Maddalena, General Umberto Nobile today sent further radio directions for the rescue of his stranded party.

The general and the five men with him who have been short of food and in difficult straits ever since May 25, when the dirigible Italia met with disaster on its return from the north pole, was in wireless communication with the base ship Citta di Milano concerning the present situation. He gave some instructions about what further procedure is to be followed in rescuing his party and gave details as to what were the conditions of the ice on which he is stranded and the exact location of his camp.

**Express Thanks**

After giving these directions concerning the rescue plans, however, General Nobile expressed his gratification of Major Maddalena and the assistant pilot of the Savoia-Marchetti-55 as well as to Major Mercanti, director-general of the Italian aviation department who organized the relief expedition and gave up his seat in the plane so that more fuel might be carried.

In fact, the first words of Nobile's message were:

"I kiss and embrace the two flier and Mercanti."

There was no further news today regarding Roald Amundsen, the famous explorer who took off from Tromsoe, Norway, on Monday night and has been missing since. There were all kinds of speculation about him but no definite information whatever has reached here and there was no confirmation of yesterday's rumor that he was down on the pack ice.

The week of fine weather which

## LANE SCOUT CAMP WINS HIGH PRAISE

After a study of the comparative merits of a seacoast or a mountain camp for Boy Scouts, C. R. Clark, Lane county Boy Scout executive, has returned fully "sold" on the mountain location.

It was at the Portland Boy Scout camp at San Lake near Tillamook where Mr. Clark made a thorough inspection of the plant where 150 Boy Scouts are spending a two weeks vacation.

"The camp has five hundred acres and cost $30,000 and plans are under way for expansion that will cost $20,000 additional. We are fortunate in Lane county in our camp selection in the Cascades," Mr. Clark said. "The Portland Scout officials had to purchase all surrounding land in order that the boys might have a place to hike and for other outdoor activities. We at our camp site have 500,000 acres of government forest land in which to play," the executive states.

Mr. Clark has considerable praise for the plans for the Portland Scout camp. The Scouts are divided into several separate camps but have a common dining hall where they meet for meals. This plan will be considered for the Lane camp next year. About 45 Portland Scouts were engaged in leather handicraft work in a special building at the Sand Lake camp and Mr. Clark says that a tent for this work will be arranged for at the Lane camp. Twenty-five men and older boys are directing the Portland camp.

In Lane county so far there are 110 boys signed for camp out of 392 Scouts in the county. It is expected that at least 33 per cent of the Scout membership will attend camp. The Portland camp attendance is about 15 per cent of total enrollment.

Burton Nelson, assistant camp director here, accompanied Mr. Clark to the Portland camp to study the methods of the Portland Scout officials.

## HENRY CIUCI IS GOLF SENSATION

OLYMPIA FIELDS, CHICAGO, June 21.—(AP)—Henry Ciuci, darkhaired young Stratford, Conn., professional, shot out in front of the national open golf championship field today with a sensational 70, one under par for the first 18 hole round of the tournament.

Ciuci was out in even par, 35, but chipped on off perfect figures to

## *Cloverdale Loop Found To Provide Interesting Revelation in Farming*

**Versatility is One of Features of District; People Found to be Progressive**

By W. M. TUGMAN
(Managing Editor of The Guard)

If you want an interesting little ride some day make the loop through the Cloverdale valley from Creswell to Goshen or Goshen to Creswell. You can turn right from the Willamette highway at Swimmer's Delight or you can turn left from the Pacific highway about a mile south of Creswell and find yourself on the Cloverdale road.

There are some interesting people doing some interesting things in that district which is one of the most beautiful in Oregon. For instance there's the transformation E. E. Simpson has made in the tract known for years simply as "Gravel Bar Joe's Place."

It was called by this name because it lay along the left bank of the Coast Fork where the flood waters from time to time had swept it leaving large deposits of sure enough gravel and the original owner was pitifully unsuccessful in raising much of anything on it. Finally he gave up.

The land lay idle quite a while and then the news got about that Mr. Simpson who has a successful farm farther down the river had taken hold of it. We found Mr. Simpson busy harvesting one of his heaviest red clover crops ever cut in this part of Oregon on that place. Scarcely a thin spot or a weed in it.

Before planting last fall, Mr. Simpson bought a small amount of superphosphate and made a few mystic passes with it. Now the legend of the gravel bar is a thing of the past.

Mr. Simpson gave up grain farming on large acreage in North Dakota a number of years ago and moved to Oregon, figuring that in this country one could invest in smaller acreage, do less work and earn just as much. He had one 15-acre tract of potatoes last year which yielded 373 bushels. He finds clover profitable not only in itself but as a preparatory crop.

**Thompson Place Visited**

Or you might be interested in what F. H. Thompson is doing with 13½ acres just off the Pacific highway.

## TENSION IS FELT IN BELGRADE, AS SLAYER IS TAKEN

BELGRADE, Jugo Slavia, June 21.—(AP)—Punica Ratchitch, Montenegrin deputy who shot and killed two deputies and wounded four in the Jugi-Slav parliament yesterday, lost none of his nerve when arraigned before a magistrate today on the charge of murder.

"I am ready to be taken out immediately and shot without trial," he exclaimed. "I have fulfilled my task."

When Ratchitch previously had tried to see the minister of interior, Fatrer Korosetch, the latter said:

"I receive no murderers. Surrender to the gendarmes in my ante room."

Ratchitch was asked why he carried a revolver in parliament and replied:

"Oh, everybody in the Balkans carries a small arsenal in his belt, why not I?"

All Jugo Slavia is mourning the victims of yesterday's tragedy. The newspapers have appeared in black borders. Many stores, theaters, moving picture houses and cafes are closed; tram cars and trains have ceased to run temporarily.

The peasants, among whom the dead and wounded men were held in high esteem, are in a state of dangerout agitation; there are mutterings and high tension.

Thus far only the democratic members of the cabinet have resigned, but it is believed that those remaining cannot long continue in office in the present highly wrought state of public mind.

The government is taking the utmost precautions to prevent out-

## HOOVER APPROVES CAMPAIGN CHIEFS

WASHINGTON, June 21.—(AP)—Secretary of the Interior Work today was formally approved as chairman of the republican national committee by a sub-committee named by the Kansas City convention to confer with Secretary Hoover on campaign plans. Other officers named in a slate made public before the convention also were approved. After a meeting lasting an hour and a half, the executive committee announced the selection of the following officers in addition to Chairman Work:

Vice-Chairman Ralph E. Williams of Oregon; Mrs. Alvin T. Hert of Kentucky; Daniel E. Pomeroy, New Jersey.

Franklin W. Fort, New Jersey, secretary.

Joseph R. Nutt, Ohio, treasurer.

## *2 Logging Cars Roll Off Grade*

KLAMATH FALLS, June 21.—(AP)—In a logging train accident which missed fatal consequences only by the smile of fortune, five cars laden with logs, plunged off the grade of the O. C. and E. railroad, 13 miles east of Klamath Falls and ripped up a section of steel last night.

Two car loads of logs overturned, the other three remained upright. Fortunately no member of the train crew happened to be on the cars that left the track.

Cause of the accident was said to be a spreading rail. Traffic was resumed over the railroad today.

## HOUSTON DRESSES IN GAYEST ATTIRE

HOUSTON, June 21.—(AP)—Houston today started putting on its best dress for the democratic political convention, just five days away.

Early arrivals found gaily decked buildings with bunting, with the Stars and Stripes and Lone Star flag of Texas while windows and stone front displayed Houston's convention flag, two steers looking wonderingly at the passers-by and saying, "Me, too."

George R. Van Namee, pre-convention manager for Governor Alfred E. Smith, today opened the Smith headquarters in the same hotel where Senator James A. Reed established his offices several days ago.

Representative Cordell Hill is a guest at the same hotel but has not opened headquarters. The Tennessee congressman strolls about the hotel lobby standing right in the midst of his headquarters.

Senator Reed was the first to advertise on a large scale. A banner on his hotel building announced "Reed headquarters" and another on the inside advised readers to "win with Reed."

Soon after the arrival of the New Yorkers badges bearing a likeness of Governor Smith appeared on coat lapels and placards were displayed on cigar stand counters with the announcement "Governor 'Al' Smith, our choice." There was also a display of Houston's favorite son announcing that Jesse H. Jones is "the man of the hour."

The "standing room only" sign will probably be displayed Sunday for the first time in the coliseum.

Provisions for 480 delegates have been made and will have nothing to do but find their places when they reach the new hall Tuesday for the opening session at noon.

To assist the privileged portion of the audience a large corps of ushers has been ordered to rehearsal.

The arrival of Van Namee, first spokesman for Governor Smith on

(TURN TO PAGE 3)

## *Al Smith's Friends Try To Halt Use of Movie*

NEW YORK, June 21.—(AP)—Friends of Governor Alfred E. Smith today threatened legal action to prevent the use of a news reel of the governor in a film dramatization of two prohibition books by Professor Irving Fisher of Yale. The picture title "Deliverance" was made for Professor Fisher and Robert E. Corridini, research history of the world alliance against alcohol. It is being booked by the Young Men's Christian association for showing in Y. M. C. A.'s and churches throughout the country.

George B. Graves, secretary to the governor, has written all news-reel companies which have taken pictures of Governor Smith warning them against improper use of their films. Counsel has informed him that a picture cannot be used for commerrial purposes without the governor's permission and that among the commercial purposes of "Deliverance" is the advertising of Prof. Fisher's two books.

The governor's friends say the excerpt used by implication, purports to show the governor signing the act repealing the Mullan-Gage state enforcement law and thereby allegedly contributing to evils which other parts of the picture depict. In reality, they say, Governor Smith is signing an income tax reduction bill.

Mr. Corridini said that anything unfair to Governor Smith in the picture would be taken out "if his representative comes to us and shows we are wrong."

"The story," he added, "is not propaganda but a dignified dramatization of an historical event."

He said one scene showing the governor along with the title "The Acknowledged Champion of the Anti-Prohibition Forces," already had been deleted.

## FLYING CLOUD IS WINNER OF BIG MARATHON

**Finishes Full 22 Miles in Lead; Is Greeted by Princess**

GRANTS PASS, June 21.—(AP)—One hundred and sixty-seven hours and fifty-one minutes out of San Francisco, Flying Cloud, Karook entry of the Oregon Cavemen in the Redwood marathon, breasted the tape at the finish line here at 10:30 this morning. He came in strong, finishing at a run through a street lined with thousands of people who had waited since late yesterday for his arrival.

Princess Redwood Empire was waiting with a blanket and as Flying Cloud crossed the line, she kissed him roundly, the first to greet him.

**Has Big Margin**

Flying Cloud is a hero here today for he left his nearest competitor, the aged Zuni, 22 miles to the rear. He was photographed hundreds of times and news reels ground out many feet of film of the finish and the reception given the youthful runner.

Presentation of $5,000 in silver dollars and twenty-dollar gold pieces to the winner, a water bucket being utilized for the purpose of holding the coins, reading of the message brought by Flying Cloud from Mayor Rolph of San Francisco to Mayor George Fox of Grants Pass, the wild greeting of Oregon Cavemen sponsors of Flying Cloud and personal congratulations kept the winner busy for a full half hour after the race before he could be taken to a hotel for rest.

**In Good Condition**

Dr. S. O. Coolidge, head physician for the marathon, stopped Flying Cloud outside the city limits of Grants Pass and pronounced his heart in better condition than when the boy left San Francisco seven days ago. Flying Cloud was all smiles when he came into the city, the vision of the big cash prize and tribal pride kept him always in the lead. He had left Selma, 22 miles from Grants Pass, just as day was breaking. That Flying Cloud had plenty of reserve was shown by his final burst of speed into the city, the last mile being clipped off in five minutes and 12 seconds.

When the first prize money was presented to Flying Cloud, he picked a gold piece from the bucket, put it between his teeth and then nodded his approval. It was probably the most money he had ever had in his hands at one time. Last year he took his second prize and bought a new automobile.

### Baseball Results

NEW YORK, June 21.—(AP)—Babe Ruth hit his 26th home run of the season in the first inning of the second Yankee-Athletic game here today. Rube Walberg was pitching and Combs was on base.

**COMMITTEEMAN DIES**

HELENA, Mont., June 21.—(AP)—Dr. C. M. Lanstrum, republican national committeeman from Montana, died suddenly in his office here last night. He was 58 years of age and came to Montana in 1895.

ROYALTY FIGURES IN DIVORCE

His affections for Madame Lepescu not only cost Prince Carol of Rumania his throne but they led to a divorce suit filed by Princess Helena, mother of Rumania's "boy king." The princess started action in Bucharest. Above, she is shown with the young King Michael. Below are Prince Carol and Madame Lepescu.

BUCHAREST, Rumania, June 21.—(AP)—The Bucharest courts have granted a divorce to Princess Helena from Prince Carol, former crown prince of Rumania.

## JIMMY DEMERS TO GO TO BOSTON FOR OLYMPIC TRYOUTS

Eugene business men and friends backing him with nearly the whole $600 needed, Jimmy DeMers, national interscholastic champion javelin thrower and student at the Eugene high school, gets his chance to go to Boston to try out for the Olympic games.

The sum raised by subscription is practically completed and will be by Friday, reports R. S. Bryson, chairman of the committee of representatives from the six Eugene service clubs looking after the fund to send the boy east. "There's no question but what he will go," says Mr. Bryson.

Reports have not been completed on the Kiwanis-Lions benefit ball game Wednesday.

DeMers will leave Friday when the entire amount is expected to be raised.

Success at the Boston tryouts means the trip to Amsterdam, Holland, to compete in the Olympic contests with the world's best athletes.

At present DeMers' longest unofficial throw is 225 feet which is better than the world's record of 218 feet six inches. He holds an official record of 218 feet six inches.

In an exhibition on Hayward field Wednesday he threw the javelin 215 feet two inches with a heavy wind. He won the national interscholastic record for javelin in the Chicago meet last year.

## PRISON POPULATION HIGHEST ON RECORD

SALEM, June 21.—(AP)—Today, the longest day of the year, the population of the state penitentiary reached the highest mark in the history of the prison. The registry showed 705 prisoners.

The situation is the reverse of the usual experience, which is that population decreases in the summer.

Superintendent Henry Meyers said that practically all inmates are employed and that housing is taken care of by the additional dormitory recently made from the old kitchen.

**TRUCK DRIVER KILLED**

LA GRANDE, June 21.—(AP)—Bill Hammack, about 45, was almost instantly killed about 5 o'clock this morning when the truck in which he was hauling logs, slipped from the road near Lostine, Ore., and overturned. When found he was dead, his body crushed beneath the timbers. His home was at Enterprise.

## *Justice is Injured in Car Crash*

SALEM, June 21.—(AP)—Justice T. A. McBride, of the Oregon supreme court is confined to his home for a few days with a splintered rib, cut on the head and gruises as a result of an automobile accident on the Pacific highway near Amity Wednesday afternoon. Mrs. McBride was not injured.

The McBrides were returning from Walla Walla where they had attended commencement exercises at Whitman college when their machine was crowded into the ditch by a passing car. The McBride vehicle was overturned but was driven to Salem by another driver, the McBrides making the trip in the machine.

## SALEM BASEBALL BACKERS TO QUIT

SALEM, June 21.—(AP)—At a meeting of Salem baseball officials last night it was decided to disband the Salem Senators club for the rest of the season as far as business organization is concerned. The remaining games on the Willamette valley league schedule will be forfeited. Lack of support by the fans was given as the reason.

"Frisco" Edwards, manager, announced that he personally would take over the club for the remainder of the first half of the season and play out the games as originally scheduled. The Senators play Cottage Grove here next Sunday. There is a game to be played at Bend and one at Klamath Falls.

The Salem situation will be discussed Thursday evening, at a meeting of league managers in Eugene. If "Frisco" Edwards continues the management of the Senators, and the games continue as scheduled, there will be no forfeit, according to local officials.

It was believed here that the action of the Salem officials merely means the turning over of the team to Edwards for the remainder of the season, and will have no effect outside of Salem.

The Senators are tied for the league leadership at present, sharing honors with Bend.

**ENGAGEMENT REPORTED**

BERKELEY, Cal., June 21.—(AP)—Dr. C. A. Wills, father of Helen Wills, tennis star, said he knew nothing about his daughter's reported engagement to Hugh Bullock of New York. He added that he probably would know of it if the report were true.

## MEN ISSUE THREAT TO BURN SHIP

**Eight Desperate Stowaways Start Trouble, Says Message**

**Efforts at Communication Fail After Call for Help Is Sent**

COLOMBO, Ceylon, June 21.—(AP)—The Australian Commonwealth liner Jarvis Bay reported by wireless to Colombo this morning that there was mutiny aboard.

Threats had been made to set the vessel afire, the message said. An hour after the message was received a party of marines was sent to Triscomali to embark on the auxiliary steamer Slavol. The Slavol was ordered to go to the Jervis Bay and bring the liner to Colombo. The British cruiser Enterprise yesterday received a wireless message from the Jervis Bay which left Adelaide on June 9 for London, stating that the vessel was having trouble with "eight desperate stowaways."

Efforts after 6 a. m. today to communicate with the Jervis Bay failed. It was feared that the vessel was in the hands of mutineers.

The cruiser Enterprise received this wireless message from the Jervis Bay at 5 a. m. today:

"Mutiny. Threatening to set ship afire. Send immediate assistance."

Prior to the call for help the cruiser at 2 o'clock this morning received the following message:

"Situation serious. Ask control removal eight men under hatches but they dangerous. Mutiny and incendiarism tried. Passengers shaken. Speedily assist me. Due Colombo Monday morning.

## WOMAN FLIER IS BUSY SHOPPING

LONDON, June 21.—(AP)—Miss Amelia Earhart went shopping again today in company with Mrs. Frederick Guest, sponsor of the trans-Atlantic flight of the Friendship while a crowd stood vainly in the front of her hotel in a drizzling rain hoping to catch a glimpse of the young woman who flew the Atlantic. Miss Earhart already had bought a thousand dollars worth of clothes, but needs some more. She has been proceeding with her shopping scientifically, buying necessary frocks first and then doing miscellaneous purchasing.

While Miss Earhart shopped, Wilmer Stults, pilot of the Friendship and Louis Gordon, mechanic, spent several hours at Croydon airdrome where they inspected the British airplanes used in the London-Paris service. Gordon who had never seen a British airplane engine previously, was particularly interested and asked the airway officials and mechanics many questions.

Following on the heels of hundreds of letters, poems have now begun to flock in upon Miss Earhart. One begins:

"Good eye of the air, glorious woman fair," and then goes on in praise of the flier.

## BULLETIN

A man identified as John Gr... was killed when struck by the Cascade Limited, Southern Pacific train No. 18, northbound, about a quarter of a mile south of Natwick junction east of Springfield between 12:30 and 1 p. m. Thursday.

Residence of the man was not known as address on the envelope found on the body was "State Hospital," Salem. The letter was postmarked "Talent, Ore."

Meager details of the accident were obtained late Thursday afternoon, and special agents of the Southern Pacific railroad company with County Coroner Clarence V. Simon went immediately to the scene and are due to arrive shortly with the body.

The man was apparently walking the track, and either hard of hearing or intentionally remaining in the path of the engine, Deputy Coroner Simon reported, so he was struck by the engine for half a mile and the train whistled. No inquest is yet set.

**"Ne'er Take a Wife**

till thou hast a house to put her in," said Poor Richard, the homely philosopher of 150 years ago—and it's still a good maxim to follow. Start on the right track today—read The Guard Real Estate For Sale Ads.
