### L. E. SIMMONS IS HOME FROM SOUTH

Lawrence E. Simmons, president of the E. C. Simmons Motor company, arrived home Friday evening from Miami, Florida, where he attended the national convention of the Elks lodge as delegate from the Eugene lodge, number 807.

Visits to New York, Washington, D. C., the Ford factory in Detroit, and Chicago were highlights during the three weeks' trip of the local man.

He reports much hot weather going with terrible heat in Nebraska. He went with the special Elks train routed from Portland to Miami. At Miami when one stands out of the sun, it is cool. Mr. Simmons reports, more than 200,000 attended the convention and Miami had plenty of hotel room to take care of all. Conditions in Florida are reported picking up by the visitor.

At Washington, D. C., he saw Lindbergh's plane, "Spirit of St. Louis," installed in the museum there and says it has been put up about 10 feet, directly in front of the entrance.

In Detroit he saw the new plane for Lindbergh at the Ford factory and also the one for Byrd for his South Pole flight. While there Mr. Simmons went up in one of the new Ford planes. He reports the automobile for the year about August 5 and the day he was there saw them making a Ford every 40 seconds. The Ford airplane is almost as large as the automobile factory was three years ago when Mr. Simmons visited there.

"New York? Well, you can say all you want to about the eastern boy. But I was lost when I got there," Mr. Simmons laughed.

In Washington, D. C., he saw Keith Higgins, formerly of Eugene, and Gene Vada, the former football coaching staff at the university. Los Angeles will get the next Elks national convention.

Henry Karpenstein, young Eugene baritone, and Miss Esther Sager, lyric soprano of Free-water, Ore., who will be presented by Theodore Schroeder, Boston voice teacher and guest artist instructor at the University of Oregon school of music, in a concert from Eugene radio station KORE Wednesday, July 25, at 8:00 p. m. They will appear jointly with Mrs. Alex Underwood, pianist, and member of the university piano faculty.

### LOCAL FOLK FIND AIR TRIP THRILL

Kings are just people. Likewise, four newspaper people of Eugene have decided famous Lindbergh, Byrd, Earhart, and many other plane celebrities of the day are no better than they are, following a jaunt Friday in the "Queen of the Skies," sister plane of Lindbergh's "Spirit of St. Louis," which is taking up passengers in conjunction with the active club's international convention here.

For three of the party, Mr. and Mrs. Lois T. Kelling and Marian Lowrey, it was the first trip into the air. Paul Lay, the fourth member of the party, considered himself a pioneer, having made his first trip a mere three weeks ago.

It was a wonderful day for a flight over the city and with all the thrills of the first trip up the local quartet found added interest in spotting all the local buildings and places of interest. Pilot Ray Howard, who is the idol of the Cowells country, proved himself a good host and tried not to give the four too many gups and knaps as he soared up and down and around for 15 minutes.

All day Sunday Mr. Howard will be taking up passengers from the local air port. Many were out Friday to take advantage of the opportunity. In a special flight Friday, George H. Godfrey, publicity director for the university, secured a number of new shots of the university campus.
