

COUNTY TO SECURE GLENADA LAND FOR ROAD; BIDS DELAYED

The county court passed a resolution Wednesday afternoon declaring the necessity for securing rights of way for a section of the Roosevelt highway from Glenada south 1.2 miles. Work obtaining the grants needed for the route will start immediately, County Judge C. E. Bernard said.

Bids for construction on the project cannot be let before the September meeting of the state highway commission, J. S. Sawyer, division engineer, told members of the county court.

The federal bureau of public roads, which is interested financially in the road construction, must submit a report showing the plan of the proposed road and a detailed account of the cost to the department of agriculture at Washington, D. C., Mr. Sawyer said. It will take some time for the account to be drawn up and passed upon by authorities at Washington.

Mr. Sawyer said, Bids will probably be opened and contracts let at the September meeting, it was said.

County Commissioner Clinton Hurd said that the county anticipates little difficulty in making settlement with the property owners. All of the tracts needed are small and represent a small part of the property of the owners, he said.

County officials regard the Glenada work as important to the building of the Roosevelt highway at that point is looked upon as a forerunner to putting the road clear through the county.

\$4500 Residence Will Rise Here

A residence will be built by George F. G. Johnson at an estimated cost of \$4500, and a garage at a cost of \$2000, it was indicated by building permits issued by City Building Inspector R. W. Rundlett to the contractor, Hargreaves and Lindsay. The residence will be built between Fourteenth and Fifteenth avenues east on Villard street.

Permit for the remodeling of partitions at 37 Broadway west at a cost of \$350 was issued to W. C. Mathison. The building is owned by the First National bank.

A. H. Zimmer was issued a permit for repairs to a residence at 202 Blair street, \$85, estimated cost of the work.

A permit was also issued to Basil Williams for remodeling a dwelling at 1135 Twenty-second avenue east at a cost of \$450. Lloyd Hecathorn is the contractor.

Ward Bussear Dies At Local Hospital

Ward Bussear, 43, of 1460 Lawrence street, died at the Eugene hospital Tuesday night. Bussear was a miner employed by the Black Butte Mining company near Cottage Grove. He was born in Garden, Mont., January 11, 1890.

Survivors include his widow, Mrs. Lucile Bussear; three daughters, Irlia, Frances and Mary; one son, Billy; and his mother, Mrs. Frank Bussear, and brother, Arthur, both of Post Falls, Idaho.

Funeral arrangements will be made later from Branstetter chapel.

HE IS READY TO TACKLE ANY JOB NOW WITH VIGOR

"I am now ten pounds heavier, strong and well, and ready to tackle any job that comes along with more vigor than I have had in twenty years," said Sargon and Sargon Soft Mass Pills got all the credit.

W. S. HILLARD

"You can ask just anybody in my neighborhood how sick I've been. I suffered with stomach trouble so badly I could hardly eat anything and I became terribly rundown. I was so nervous that I never got a good night's rest and so weak I couldn't get up a flight of stairs without gasping for breath. I was always taking some medicine for biliousness.

"In fact, I tried just any medicine I thought might help me, but nothing gave me any relief until I started Sargon. Now, every sign of stomach trouble is gone and I feel like a new man entirely. I eat anything I want. I'm never nervous and I've gained ten pounds. The pills ended my biliousness, too, without the slightest bad effects. I'm full of energy all the time and honestly believe that Sargon is the greatest medicine ever put on the market."

The above statement was recently made by William R. Hillard, 1014 1/2 Seventh Avenue, Seattle.

Sargon may be obtained in Eugene at Tiffany-Davis Drug company.

GRAF ZEPPELIN READY FOR FLIGHT

Here is a view of the huge German zeppelin which was scheduled to leave on the first lap of the round-the-world flight Wednesday night. The top picture shows the big ship over the skyscrapers of New York. Below is a close-up of the radio room of the dirigible with Frank E. Nicholson, who broadcast the story of the zeppelin's flight to America.

AWARDS ARE MADE AT COURT OF HONOR

Twenty-eight first class scouts received merit badges, one second class scout was awarded the first class pin and three tenderloins were received into the ranks of second class scouts at a court of honor held Saturday night at the Boy Scout camp on Blue river, according to C. R. Clark, executive.

On the examining committee of the court of honor were Dr. Will E. Moxley, chairman, Robert Merrill, N. F. Macduff, Roy Booth, and C. R. Clark. Those receiving second class badges were Robert Hammond, Arthur Myrmo and Edward Lafferty. The first class award went to Robert McNutt.

Merit badges were awarded to the following first class scouts: John H. Iversen, personal health; Carol Auld, swimming; Harold McDowell, pioneering; first aid; personal health; Bruce Campbell, personal health; public health, and first aid; George Peterson, pioneering, life saving, athletics; Seldon Hillard, pioneering, athletics; Edward Lafferty, swimming; leather work; Arthur Myrmo, leather work, personal health; Stephen Mogens, leather work; Winfield Gredley, personal health; Robert Marzani, personal health; leather work; Robert Hammond, personal health; John Tiffany, personal health; Dan Stafford, woodwork, pioneering; Dan Lansberry, first aid, athletics and personal health; Melvin Carter, personal health; Linton Wood, leather, personal health; Arlington Anderson, leather, personal health; Barton Norling, personal health; Bruce Currie, personal health; Larry Melchione, swimming, life saving; Wilfred Stephens, leather, personal health; Royal Schuler, swimming; Charles Miller, swimming; Donald Gordon, personal health; Rolla Browning, personal health, swimming; Emil Myrmo, personal health.

3 Slightly Hurt in Automobile Crash

Three persons sustained minor injuries and an automobile was badly damaged as the result of a collision at 5 o'clock Wednesday morning.

W. L. Sturdevant received a gash over the left eye and a cut on the chin. R. G. Conner was bruised about the head and sustained a sprained neck. Theodore Sturdevant received a cut on the head and a gash on the car most seriously damaged, a big sedan. All reside at Lorane.

The car, driven by Theodore Sturdevant, collided with a machine operated by C. A. Main of Noti. The Sturdevant car was reported badly wrecked and smashed. The report said that the impact threw W. L. Sturdevant from the car.

Movies Are Taken Of Family Here

A trip to Oregon to visit relatives and take pictures of relatives and friends was taken by C. O. Gosard, of St. Paul, Minn., who, with Mrs. Gosard and their seven children, have left for Portland and Cannon beach after visiting in this vicinity.

Mr. Gosard and his family visited at the home of his parents, Mr. and Mrs. O. O. Gosard, of Corvallis, and his sisters, Mrs. William Peter-

DISEASE REPORT IN; TOURISTS ADVISED

One new case of measles, one of whoopingcough, and one of mumps are reported for Lane county in the bulletin on communicable diseases issued by the Oregon state department of health for the week ending Aug. 3.

The state at large had the following new cases reported: typhoid, 5; diphtheria, 8; measles, 22; influenza, 1; whoopingcough, 1; smallpox, 8; mumps, 22; pneumonia, 2; chickenpox, 2; mumps, 10; infantile paralysis, 1; epidemic meningitis, 1; septic sore throat, 3; tick fever, 1; erysipelas, 1.

Recommendations for automobile tourists are made in a bulletin issued by Frederick D. Stricker, M. D., collaborating epidemiologist for the state board of health in cooperation with the United States public health service. He says in part:

"Many tourist camps are so located that they may have water from a public supply. That is fortunate. Others develop their own supplies from such sources as wells and springs. In doing this, there arises the possibility of unsafe water unless the development work is done in accord with accepted sanitary principles. If the tourist camp has been inspected by a governmental agency and approved or certified, the safety of the water supply can be assumed; but if it has not, we should know the outward signs of a properly developed supply for which to look.

"Open springs are generally unsafe, because they are so readily accessible to contaminating insects. The best type of small water supply is a driven or drilled well, which is cased from the top of the ground to the water bearing strata, or at least to the first layer of solid rock. To the top of the casing the pump may be attached; and about the casing and under the pump there may be built a water-tight sloping platform. If, in your travels, you are not sure of the quality of the drinking water, boil it before using. After boiling, it will probably have a flat taste. This may be remedied by pouring the water from one vessel into another a number of times, which procedure permits the water to aerate itself.

"Of all the camp facilities, the tourist will probably appreciate nothing more than a clean, safe, and sanitary method of sewage disposal. Flush toilets connected to a sewerage system of a city provide the best arrangement of all; but, if this is impossible, they may with satisfaction be connected to a septic tank. Chemical closets are acceptable if given the necessary care and attention.

"A well-planned tourist camp will have suitable containers for receiving garbage; attendant service for removing and cleaning the garbage cans; and the necessary means for its disposal, such as an incinerator or nearby burial ground. Careful attention should be given to the source of the milk supply, particularly if there are children. The water swimming place should be selected with care also, in order to avoid the use of rivers carrying sewage from communities located upstream from the camp.

LABORERS WANTED FOR LEABURG WORK

Work is available for an unlimited number of men at the Leaburg dam project, according to word received by F. L. Armitage, superintendent of the United States employment bureau, from city engineers.

The engineers were reported as saying that they would take as many men as could be secured.

Labor conditions generally in Lane county are good now. Mr. Armitage said. Skilled loggers and general farm and road construction hands are in demand, he said.

DERBY PLANNED FOR LANE COUNTY FAIR

Plans for the Eugene derby to be held Thursday August 9, at the Lane county fair received a boost Tuesday when F. L. Beard made available a fund of \$25 as a "starter" for the purse.

For the purse, the winner of the derby will receive \$100. The event is being held at the fair grounds, according to Mrs. Mabel Chadwick, secretary of the fair board.

It was Mr. Beard's suggestion, Mrs. Chadwick said, that the derby be re-established at the fair. The Lane county fair has not been featured by a derby for many years. Horses from all parts of Oregon are expected to enter the event, Mrs. Chadwick said.

30 Girls Present At Cooking Class

About 30 girls attended the evening demonstration sponsored by the method of 4-H clubs in the chamber of commerce building Wednesday afternoon, according to Arnold D. Collier, county club leader.

The subjects of canning vegetables were in discussion at the meeting, and first-hand experience in canning was given those who attended the class.

GOOD-BYE ITCHING SKIN

Stinging, itching and tremendously efficient, invisible Zemo brings quick relief when bites, rash, sunburn, and other summer afflictions cause itching and discomfort. It cools and soothes. It draws out local infection. It soothes a sun burn when it creeps up the skin. Never clean, suppress Zemo always on hand. Use in face. It is safe, pleasant, 35c, 60c and \$1.00.

ECKERSON THRILLS CROWD WITH FEATS AT PICNIC TUESDAY

SPRINGFIELD, Aug. 7.—(Special)—A crowd of more than 400 Springfield people gathered at the airport Tuesday evening for the picnic of Major Eckerson and Mrs. Eckerson. Major Eckerson stunted over the field for the crowd, going through the many air feats the people are awestruck of Major Eckerson whenever he takes the air. Last night the stunts were even better than before, upside down flying, barrel rolls, immolations and tricks the major has invented himself.

During the evening Mrs. Harry Stewart and Miss Irene Manley gave the two free airplane rides. Many others took rides during the evening. A crowd of over 75 gathered for the picnic earlier in the evening. Two long tables were ready for the people who brought their supper. Jack Henderson, president of the Lions club, presided at the picnic. Dr. W. C. Robban, chairman of the aviation committee, and Major Eckerson were speakers.

The new Springfield symphony orchestra made their first public appearance at the airport last night and were given much praise. Fred Lenthart is director and Fred Lank is manager. Members of the orchestra are Fred Bull, Frank Spicer, Tommy Landies, Joe Ward Young, Miss Evelyn Bull, Mrs. Evelyn Simpson, Miss Irene Manley, Eldred Glasgow.

Major G. H. Eckerson left after the picnic for Los Angeles where he will get his new Arrow sports plane. He will be used for the Eckerson flying service air school. He will return the last of the week. The aviation school is to begin soon. Many students have already enrolled.

Activists Hear Mr. Collins Talk

Recent censorship in China was discussed for the members of the local Active club at their regular luncheon and meeting Wednesday noon at the Osburn hotel by Willie N. Collins, who has been a member of the summer school faculty on the university campus.

Blair T. Alderman, a member of the club, acted as the luncheon program. Fred Burton of the Burton Saw works was a guest for the meeting.

EDWARD HOWE, 70, PASSES AT HOME

Edward Howe, for more than 50 years a resident of Lane county, passed away at his home on motor route 24 Tuesday. Had he lived until Dec. 24 he would have been 71 years of age. He was found dead at his home late Tuesday.

The funeral services are to be held at the Veach chapel on Friday, Aug. 10, at 2 p. m. Rev. Fredrick G. Jennings will officiate at the services and interment will be in the I. O. O. F. cemetery.

Mr. Howe is survived by his wife, Mrs. Lovena Howe; two sons, Lloyd and Vance Howe, both of Eugene; two sisters, Mrs. George Melson of Eugene and Mrs. C. E. Sloan of San Pablo, Calif.; and two grandchildren, Blanche and LaVelle Howe of this city.

He was born in Hillsburgh, Ontario, Canada, Dec. 24, 1858. He came to Eugene when 20 years of age and had been living here ever since.

ROAD CONSTRUCTION IN WEST REVIEWED

Road construction in the western part of the county was reported to be progressing rapidly by P. M. Morse, county surveyor, who returned early Wednesday morning from that section.

Four caterpillar tractors and several teams are working on the Mapleton hill road. A big 30 "cat" and a smaller machine are on the east side of the hill, as a pair of cats are on the western end of the road. This road will be ready to open soon, members of the county surveyor say.

The rock crusher on the Mapleton hill job will be ready the latter part of the week, Mr. Morse said, and work crushing the rock will be started Monday probably, he said. On the west end of the job river gravel will be used for surfacing. The gravel

NEURITIS AND RHEUMATIC Sufferers! This man highly praises Casey's Rheumatic and Neuritis Remedy.

"I wish to let you know a friend got me to try Casey's Rheumatic Remedy. His hands were all swollen up. Can you after using 2 bottles of your remedy that it cured me and I can't speak too highly of it for rheumatism and blood troubles. Will always recommend Casey's Rheumatic Remedy to my friends. With best wishes, I am, sincerely yours, G. B. BERN.

will be taken from the north fork of the Siuslaw river. The Canyon road is open as far as the Sylvester residence, Mr. Morse said. A caterpillar tractor is on the job and the foreman plans to put another on, it was reported.

Work on the upper Maple creek road has been completed, Mr. Morse said.

CAN SELL LAND

Mrs. Nancy J. Brown is allowed to sell property with the status of an unmarried person by order of the county court made Tuesday. The order of the court was brought about by facts stating that John W. Brown left and abandoned his wife, Nancy J. Brown, December 27, 1927, and his present whereabouts are unknown.

TWO MEMBERS OF P. S. C. VISIT HERE

Frank J. Miller and O. O. Bortz, members of the public service commission, Carl Clear, state inspector of buses and trucks; I. H. Sherwood, engineer inspecting water works; and J. T. Beckwith, hearing reporter, visited Eugene Tuesday evening on their way south for several hearings.

Mr. Miller said that the party was on a trip during which public hearings were scheduled. The commissioners were at Waldport Monday, where a hearing was held to determine the adequacy of the water service. At Corvallis Tuesday hearings were conducted on the subjects of underground crossings on two lines of the Southern Pacific.

The group arrived in Eugene Tuesday afternoon and spent the night here. From Eugene they will go to Roseburg, Medford, Lakeview, and Klamath Falls. At Lakeview a hearing will be held at the request of the people there who claim that the water supply is inadequate and the rates excessive. Mr. Miller said.

At Klamath Falls a private hearing plant will be inspected, and at Fort Klamath the telephone service will be investigated.

POLICE OFFICER AND WOMAN KILLED

PITTSBURGH, Pa., Aug. 7.—(Special)—Each shot through the right temple, Belmont Pugh, 38, night lieutenant of police in Wilkingsburg, a suburb, and Miss Lou Stine, 28, were found dead in the woman's apartment early today.

Police were unable to decide if it was a case of double murder or murder and suicide.

The woman was found lying across the bed by detectives summoned by a taxi driver, who saw her through a window. Nearby they found Pugh in full uniform, his revolver clamped in his hand, one cartridge fired. Near the body was an empty shell which police said fitted the empty chamber of the pistol.

Pugh was married and was the father of two children.

Thomas Alway was a guest at the

GARLAND POLLARD IS NOMINATED AS VIRGINIA HEAD

RICHMOND, Va., Aug. 7.—(Special)—Dr. John Garland Pollard, who stumped Virginia for Alfred E. Smith and is generally regarded as among the Virginia democratic leaders, Bishop James Cannon, Jr., of the Methodist Episcopal church south, has asked anti-Smith democrats to repudiate, was swept into the democratic nomination for governor of the old dominion in a political landslide in yesterday's democratic primary.

Dr. Pollard, a professor of the college of William and Mary, had piled up a tremendous majority over his two primary opponents, G. Walter Mapp and Roosevelt Page on the basis of unofficial returns from 1,802 of the state's 1981 precincts. The vote stood Pollard 87,407; Mapp 23,760; Page 2882.

In his campaign against Dr. William Moseley Brown, nominated for governor by anti-Smith democrats and republicans, political leaders believe Dr. Pollard will have his staunch backing of the entire democratic party.

Virginians looked forward today to a campaign far more spirited than the primary with the possibility of many of the issues of the 1928 campaign to be brought to the fore. Bishop Cannon, who organized the anti-Smith democrats last year, has already served notice in a statement from Washington that he regards the Virginia election as an election on the prohibition issue and urged anti-republicans to support Smith and "Raskobism."

Springfield

SPRINGFIELD, Aug. 7.—(Special)—The Springfield C. T. U. has started an old magazine and paper drive. They are asking every one who has old magazines and papers to please gather them and have them ready for the members of the W. C. T. U. who will collect the papers. All the collections must be made by next Wednesday as Mr. Bertsch will take the load over to Eugene where the paper will be sold. Mr. Bertsch, who has been president of the local W. C. T. U. for several years is moving soon to California.

The Springfield Civic club displayed a table of gladioli gathered from local gardens at the Gladioli show held in the Eugene chamber of commerce yesterday. Charles Lusby displayed many varieties of unusual beauty and color. Two baskets from Sam Richmond's garden were shown to Mr. Melvin and Mrs. Gormley had flowers in the Springfield courtesy table. Mrs. Carl Olson and Mrs. C. E. Wheaton had charge of the Civic club display from here. Mrs. Wheaton was also one of the judges for the Eugene flower show.

Thomas Alway was a guest at the

Charles Meyers home from the city, Mich. Mr. Alway is a student in Ann Arbor and is making a study of the west.

Mr. and Mrs. Pratt Holmstrom family left the first of the week for their vacation. They are going to the Willamette river to enjoy the day. They plan on camping for several days along the Willamette. Mr. Pratt and his family will visit near Clatskanie and they will visit near Clatskanie and they will visit near Clatskanie.

Mr. and Mrs. Jess Osburn of Dallas, stopped at the hotel in the International Christian center in Seattle. Mrs. Dallas Osburn is the wife of the late Mr. Osburn, who was killed in the Seattle where they will attend the convention.

Orson Vaughn had his tonsils moved Tuesday morning at the office of a local physician. Dr. Vaughn is taking his vacation now and is in the hospital. He is recovering well. John W. Wenzel, who was injured in the Seattle where they will attend the convention, is recovering well.

The Anderson and Clover shops is having a new coat of paint on the outside. It had to be a color that wouldn't jar to the door to the front of the shop and its coat of many colors that had put on his shop. Mr. Anderson is father Dr. Mortensen. Mr. Anderson is from San Francisco.
