WEALTHY AIRMEN OF CALIFORNIA IN AIRPLANE CRACK-UP

WESTWOOD, Cal., Aug. 24.—(AP)—Fletcher L. Walker, Jr., 25, member of one of the wealthiest and most prominent families in California, was instantly killed and his brother Kenneth, 23, seriously injured late yesterday when their privately owned plane crashed near the Westwood airport, Lassen county.

The plane, a government licensed ship, was flying at an altitude of 100 feet, spectators said, when it nosed earthward and, with the motor running at full speed, crashed at the edge of the airport with terrific force.

The accident was witnessed by two employes of the Red River Lumber company, of which Fletcher Walker, Sr., father of the youths, is vice-president. They arrived at the scene a few minutes after the crash and extricated the brothers from the wreckage. Fletcher was dead, his head and chest crushed by the heavy motor, and Kenneth was unconscious. The younger brother was taken to a Westwood hospital where it was found he had suffered a fractured skull and possible internal injuries which may cause death.

An inquest will be held today in an attempt to determine the cause of the accident. Both boys were experienced flyers, each having had more than 150 hours in the air.

The brothers recently returned from Africa where they gathered rare ornithological specimens for Stanford university of which they were graduates.

Their uncles are Clinton and Willis Walker, multi-millionaire lumbermen of San Francisco.

CANNERY DOING RECORD BUSINESS

The Eugene Fruit Growers' association cannery is one of two of the larger 20 canneries between here and Longview which are running continuously, according to J. O. Holt, manager, after a visit and inspection of the section between here and the Washington city. Most of the canneries are waiting for the pear season.

The local plant is putting out some 6000 cases of canned goods a week, at an estimated value of $100,000 weekly. Beans, beets, and blackberries are the main items at the local cannery which is running for one of its longest periods.

Plums will be coming in within a week or 10 days. The beans and beets will be over about the middle of September and the plant will then be in the pear and prune season in full swing, Mr. Holt says.

The payroll for the local plant lists 700 names at present.

SENATOR TYSON, WORLD WAR VET, DIES IN HOSPITAL

PHILADELPHIA, Aug. 24.—(AP)—United States Senator Lawrence D. Tyson, democrat of Tennessee, recipient of the distinguished service medal for "exceptionally meritorious and distinguished service" during the world war, died early today in the Manresa Manor sanitarium, Stafford, near here, at the age of 68 years.

Death followed a relapse suffered late yesterday.

At his bedside when the end came were his wife and a daughter, Mrs. Kenneth Gilpin. The senator was a veteran of the World and Spanish American wars and his five years in the senate were characterized by his interest in soldier legislation.

Senator Tyson was brought to Jefferson hospital in this city July 29. He came here from his home in Knoxville, Tenn., accompanied by Mrs. Tyson. At the time it was stated he was suffering from a nervous breakdown.

Shortly after he was removed to Dr. George F. Phelp's private sanitarium, Dr. Francis X. Dercum, eminent neurologist and one of the late President Wilson's physicians, was summoned in consultation.

Still the gallant warrior who won the distinguished service award for the offensives in the engagements of Ypres-Lys and the Somme, Senator Tyson fought desperately for life against the odds of a weakened heart and a state of exhaustion.
