

COUNCIL CALENDAR READY FOR MONDAY; BOND SALE TO BE UP

A full program including the opening of bids on the sale of \$200,000 worth of the \$1,500,000 water bonds for the McKenzie river power project at Leaburg, will be taken up by the Eugene city council at its meeting Monday evening, Sept. 9, at 7:30 o'clock at the city hall.

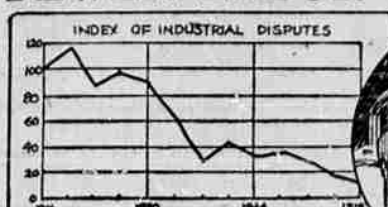

A total of \$400,000 worth of the issue sold in June, and this will be the second call on the issue. The last sale was made as a short-term issue being five-year bonds callable after two years on any interest-bearing date. It is expected that the second sale of bonds will be provided for under similar schedule, although in the calling of bids it is planned to make an optional long or short term arrangement.

Interest is not to exceed six percent on the issue. The condition of the bond market was such that city officials were only able to sell at 95 on a combined bid from a number of bond houses on the \$400,000 sale.

Alley Paving Bids
Bids on alley paving for the alley between West Broadway and Tenth avenue west from Charnelton street to Lincoln street, and the alley between Charnelton and Lincoln from Broadway to Tenth, will be opened at the meeting on Monday evening.

FEWER LABOR DISPUTES

BY ALLARD SMITH,
Vice President, The Union Trust
Company, Cleveland

A NEW spirit in industry is indicated by the fact that the number of labor disputes in 1933 was the lowest in the 12 years that records of them have been kept. The total number of industrial troubles reported last year throughout the entire country was 829, and involved 357,145 employees.

In 1916 the reported number of strikes and other disputes was 4,876. In 1917, the year of the United States' entrance into the war, the number increased by 17 per cent, to 5,705. Since then there has been a gradual and unbroken diminution of industrial disputes, until the figure for 1933 became only 17 per cent of that for 1916.

Nearly 76 per cent of the strikes last year occurred in seven states—New York, Pennsylvania, Massachusetts, New Jersey, Illinois, Ohio and California. New York City led all other cities in the number of strikes, and nearly one-third occurred in eight cities—New York, Boston, Philadelphia, Fall River, Lynn, Chicago, Cleveland and Paterson.

The major causes of disputes were wages, hours and union recognition. Although the building trades in 1933 had only 35 per cent as many men on strike as in 1927, more than four times as many clothing workers and nearly four times as many textile workers went on strike as in the latter year. The two latter industries were swayed by a special set of conditions which did not prevail in industry at large.

The steady diminution in labor troubles seems to indicate that we are nearing the end of a period of transition in industry, during which both employers and employees had to readjust themselves to new conditions caused by the great advance in labor-saving devices and scientific methods. A new conception of the machine as a servant rather than a master of men is forecast among the considerations which promise greater industrial harmony with each succeeding year.

avenue against the property abutting, will be up for its final reading. Any objections will be heard at that time.

Monthly report of the building inspector will be submitted.

Parking Change Up

A proposed change in the time limit on downtown parking of automobiles will be up for discussion. The proposal that the one-hour be changed from one hour to 20 or 30 minutes resulted in a canvass parking limit in the business district of the district by the Eugene police department.

The check made of the various opinions indicated that 125 favored the change from one hour to 30 minutes. Forty-four wished the parking regulations to remain as at present, and 19 asked that 20-minute parking be substituted. A petition has now been filed asking that a one-hour parking zone be fixed on Eighth avenue west.

HIT-RUN DRIVER CONVICTED, JAILED

Archie Richardson, of Dexter, was fined \$50, given 10 days in jail and his driver's license revoked for a year by Justice of the Peace Harold J. Wells, following his conviction of a hit-and-run charge in the justice court Thursday. The jury was out for about three minutes.

Last Saturday night, Richardson was said to have been driving an automobile which struck a man and drove by a tourist and then continued without stopping. The episode took place at Fifteenth avenue east and Hilliard street. He was arrested an hour later fixing two tires which went flat in the accident.

Eugene V. Slattery, deputy district attorney, represented the state and C. A. Wintermeier represented Richardson.

150 CHILDREN IN CHORUS FRIDAY EVE

One hundred and fifty boys and girls will appear in "Rainbow Chorus" Friday evening at the Gospel tent meetings being sponsored by the First Baptist church at Tenth and Lawrence streets. There will be seven choruses, some duets, and eight-year-old Esther Needham will sing a solo. The children have been gathering in the tent each afternoon this week to rehearse.

Miss Amy Lee Stockton and Miss Rita Gould, evangelists, have held children's meetings daily at 8 o'clock. There will be no meetings on Saturday afternoon and evening.

On Sunday morning the church school services will be held in the church. The B. Y. P. U. and evening services will be held in the tent at Tenth and Lawrence streets.

Fall Schedule of Church to Start

The Fairmount Christian church will resume its fall and winter meeting schedule beginning Sunday, Sept. 8. It is announced by pastor, Rev. Errol B. Sloan. Beginning on that date the Sunday evening services will be held at 7:30 p. m. instead of 8 p. m. and Christian Endeavor meetings will be at 8:30 p. m. instead of the summer hour of 7 o'clock.

Plans are being made for rally day, which will be held either the first or the second Sunday in October. The date for this event will be announced later.

Mrs. Otis Arnold Dies at 44 Years

Mrs. Otis Arnold, 617 Sixteenth avenue east, passed away at the Eugene hospital Thursday at the age of 44 years. Mrs. Arnold was born at Farmington, Wash., Jan. 2, 1885, and came to Eugene in 1915. Survivors include her husband; a daughter, Dorothy; a son, Jack; a sister, Mrs. T. J. Leuty, of Oakesdale, Wash.; and two brothers, Fred and Frank, of Eugene.

HELPED AT CHANGE OF LIFE

MRS. CORA CALAHAN
216 E. Ashmun Ave., Grand Rapids, Mich.
"I am going through the Change of Life. At times I would cry for hours. I got tired of going to the doctor so I tried Lydia E. Pinkham's Vegetable Compound. Before I had taken the first bottle I began to get better. I have taken eight bottles now. I feel that it has saved my life, also doctor's bills. I work for a family of six, washing, cooking and do all my own work. People say I look like 25."—Mrs. Cora Calahan.

MRS. F. C. HELMING
622 E. Harrison St., Portland, Ore.
"Lydia E. Pinkham did for me what doctors failed to do. When the Change of Life began I was very poorly. Now at 55 I do all my own work, attend two dances a week and it is hard to make people believe I am over 40. I never see a woman in ill health but I advocate your medicine because I know its value. Every woman should take it, not just for a month or two but until they have passed the critical period."—Mrs. F. C. Helming.

Vision Created This Growth

From the time of the Concord Stages to this day of air transportation . . . we vision a period of the greatest advancement in the history of the West.

Twenty-five years ago C. J. Breier Co. first established itself in the industrial life of the west, and its growth is interwoven with the traditions of the west.

There is something of historical pride in a business that builds as a country develops.

These little spots on this western coast map represent C. J. Breier Stores. We are preparing to put more C. J. Breier stores on the map.
