

SHARP REACTION IS NOTED IN NEW YORK STOCK LIST

NEW YORK, Sept. 21.—(AP)—Indicating a heavily over-bought speculative position, the stock market turned sharply reactionary again today under heavy selling for both accounts. Pools made desperate efforts to turn the course of prices upward, lifting more than the recent industrial leaders frustrated their plans.

While many traders attributed yesterday's late selling to the financial troubles of a large London operator, the action of today's market led most observers to attribute the cause to conditions within the market itself. Investment trust buying, except in a few issues, apparently had ceased for the time being, and it looked as though some of the older trusts and trading corporations were liquidating part of their securities in order to show good trading profits.

The closing was heavy. Total sales approximated 1,800,000 shares. The closing sales on the exchange today:

EGG PRICES SHIFT HERE SATURDAY

NO. 1 BUYING AND WHOLESALE BOTH UP

Higher prices on both buying prices on number one eggs and on wholesale quotations on top grades of eggs featured changes in the local market Saturday.

In the buying list extras and standards continued unchanged at 43c and 39c respectively, but firsts are up to 36c, first mediums up to 34c. Local demand on the number one grades is given as reason for the advance although it follows a similar one in Portland. Pullet eggs are quoted lower at 24c, buying prices.

Wholesale prices boosted extras to 44c, and standards to 43c. Mediums continue unchanged at 37c but they are expected to advance, too.

The local egg market has been showing up strong this week, receipts holding their own in comparison to the week previous. Receipts of large eggs are falling off but supplies of pullet eggs are greatly increasing.

The only change in poultry quotations Saturday was an advance of two cents on old roosters which are up to 12c.

Live hogs are a trifle lower at 10 1/2c. Poultry, Hogs Change. Ewes are down 2 1/2c to 65c.

SATURDAY GOOD DAY AT MARKET

Unusually heavy trade was reported from all grocers at the Producers' Public Market Saturday.

Retail prices generally remained unchanged, greater amounts of grapes and abundant supplies of tomatoes, melons of all kinds, and corn were especially noticeable.

The new crop of spinach is coming in now and is of excellent quality. It retails at 10c a pound. Stalls 86 and 87 had some fine displays of it Saturday.

White cauliflower is at its best now, selling from 8 to 10c a head. Fine large heads were selling Saturday at 8c a pound. The quality is the best of the season. C. J. Cook at stall 79 has cauliflower as a specialty. Saturday 75 large heads were brought in and sold immediately and 40 more were rushed in.

Turnips are having a fine season this year. John Moore reported he sold 111 bunches Saturday. Growers have been lucky this year with their late summer turnips in that the worms have not bothered. The fall varieties will not be on for another month.

The yellow turnips were in for the first time Saturday at stall 37, selling at 3c a pound.

The Blue Worden grapes are in and also the Campbell's early varieties, a blue grape. Prices remain at 30 and 35c a basket. Stalls 88, 80 and 85 had one display of grapes Saturday.

The aim of making the city beautiful. The Federation members voiced their opinion that harmony between the council and park board be continued.

The meeting was the first of the year for the City Federation which takes an active interest in civic matters. More than 30 clubs, including membership of more than 3000 women, are represented in the Federation. Mrs. George P. Winchell is president of the group.

At the Friday meeting discussion was held as to whether or not the Federation be reorganized into a city unit. The plan was not favored and the Federation will continue as a city unit organization.

Mrs. Edwin L. Knapp gave a report on the International house on the campus and said several items of furnishing were needed, especially study tables. The clubs and church groups of the city are assisting in furnishing the house.

An executive meeting of the Federation is called for the coming Monday afternoon, September 23, at 2 o'clock in the chamber of commerce rooms at which time further plans for the year will come up.

UNIVERSITY WORK IS RECOGNIZED BY DEPT. OF INTERIOR

That the work of the University of Oregon in summer school and extension division, done under the direction of President Arnold Bennett, has been nationally recognized, is attested by its place in the latest bulletin on higher education issued by the bureau of interior of the United States.

President Hall's plan for expansion of the summer session at the University of Oregon is particularly mentioned. President Hall points out that to expand during the fourth quarter, that is, during the summer months, the capacity of the institution one third over its present use, the bulletin states.

The new personnel bureau at the university, which is expected to develop into a placement service as well as an aid to students while in the institution, is also referred to in the bulletin. The survey speaks of a movement in which the university is a leader when it states: "College graduates are therefore now beginning to study the world in which their graduates will live in order to prepare them better to earn their livelihood in that world, and to adjust themselves happily and usefully from the personal and social standpoint."

The survey also mentions the change tax plan whereby Oregon State institutions and it takes up many other phases of higher education.

School Principals In Springfield To Be Given Welcome

SPRINGFIELD, Sept. 21.—(Special)—Official welcome to the school principals of Springfield will take place Monday night at a special session of the school board. It was announced Saturday morning by W. G. Hughes, secretary of the board.

W. E. Buel is principal of the Springfield high school, John Woods, Brattain grammar school, and Lawrence Moffitt, Lincoln grammar school.

E. J. Beals, chairman of the board will preside. The session will take place in the high school.

"Reporters" Crash Into Girl's Party

"Disguised" as reporters for the high school paper, five senior boys, Clark Fay, John Harris, Joe Simpson, Eddie Stoffer and La Grande Hinton, crashed the gate at the party of the Girl's League of the Eugene High school at the gymnasium Friday evening.

After being introduced by Mrs. Ethelva Elkins, dean of girls, the boys were allowed to continue the newswriting.

NEW FOREST FIRE FOUND NEAR LORANE

A new forest fire was discovered Saturday three miles west of Lorane in western Lane county, according to Carl V. Oglesby, supervising warden of the Western Lane Fire Patrol association. It is believed to be of incendiary origin. A small crew was sent to the fire.

Other than the one fire the situation in the county was mastered Saturday. Showers which have fallen from time to time in all parts of the county and the cold nights are aiding the fire fighters.

"We don't expect much trouble from now on," Mr. Oglesby said. The main body of fire fighters have been withdrawn from the fires now warden in various sections reported. Only a few men are being kept on each fire to keep it from a new outbreak.

The Sluauk forest had a few men on the Big Elk, Triangle lake and Smith river fires, and the other fires in the county are being guarded.

The Sluauk forest considered the fire hazard passed enough Saturday to give out fire permits.

TURNIPS ARE LOWER

Lower prices on green peas and turnips featured the local vegetable price Saturday. The crop of late peas is in in generous supplies with result prices are down to 6c, buying prices. Turnips are quoted at 40c a dozen bunches, buying price. While the fall crop is not in yet, the late turnips are coming in well and are of excellent quality.

Hubbard squash is quoted a bit lower at 1 1/2c a pound.

In the local fruits the only change is noted in the price of peaches which are listed from 1.50 to 1.75 a box. But few peaches from local orchards are coming in now. Very few plums are in now as their season is going fast.

The Blue Wordens are in to add variation to the supplies of local grapes on the market.

RAIN THREATENS HERE SATURDAY

A slight rainfall was welcomed in Eugene Saturday morning to clear the atmosphere, and cloudy skies prevailed most of the day.

While rain is wanted to end forest fires and to aid crops generally, prune men are hoping it will not rain as their crop is just now being harvested. The prunes are late and a rain would bring havoc to the crop in this section.

The rain was the first since August 31 when .06 of an inch fell. On August 24, .021 of an inch fell and on July 25, .04, showing the summer to be a very dry one.

The minimum for Saturday was 38 and the maximum 70 for Friday.

OREGON STUDENT'S CAR HIT ON HIGHWAY

A University of Oregon student, Faulkner Short, driving from Portland back to school, had his car damaged in a collision with another car near McMinnville.

Mr. Short was coming south on the highway when a car swung from behind a truck as he was almost abreast of it. The woman driver of the car, who according to the report made after the accident, was just learning to drive, tried to swing back and in doing so hit the truck and bounced against Mr. Short's car, its is said.

Two other cars, one driven by Jack Dowsett, a student at the University of Oregon medical school in Portland, were forced to take hurried measures to avoid mixing with the others.

TOP GRADE EGGS ADVANCE IN PRICE

PORTLAND, Sept. 21.—(AP)—Top grade eggs prices were advanced 2c today by the Pacific Cooperative Producers, while the pullet product declined 2c. Fresh extras to retailers went to 44 and to wholesalers 42c. Pullet eggs were dropped to 24c retail. Other grade prices remained unchanged. The price of butter was unchanged.

The Portland news service bureau of the United States department of agriculture issued the following bulletin on the fruit and vegetable market:

Demand continued good for fancy pears, and shows a sharp increase for oranges.

The market is barely steady for Gravenstein apples, probably in anticipation of early arrivals of Jonathans, which are somewhat cheaper. Track supplies of Yaxima potatoes seem larger than the Portland trade can assimilate, and weak undertone is noted today.

Onions from both Yakima and Salem are a trifle cheaper.

California grapes continue to move in light volume, and usual at this time of year, and track supplies are increasing.

Demand continues good for good

CHICAGO GRAIN

CHICAGO, Sept. 21.—(AP)—Wheat prices today dropped to the lowest level since July 13 last. Enlargement of estimates of the world's available supply, together with reports of light rain in Argentina, and of cheaper offerings from there was largely responsible. Opening 7-8 to 3-4c down, wheat afterward kept near the initial range. Corn, oats and provisions were also weaker, with corn starting 3-8 to 1 5-8 off, and recovering but little.

Wheat closed unsettled 5-8 to 1 1-4c under yesterday's finish. Corn closed 7-8 to 1 3-4c down, oats 1-8 @ 1-4c to 3-8c off and provisions varying from 2c decline to a rise of 2c.
