men's wear
"One of Eugene's best stores"

Quality

—One of our old customers drove up recently in his Cadillac and, upon being quoted the price for one of our suits, said: "You are high." Our Mr. Robertson, who was showing him, answered, "I notice you are using cord tires on your car; why not buy fabric tires, at half the price?" The customer responded, "Well, there's all the difference in the world in the inside quality."

"So there is in our suits," was the ready answer of Mr. Robertson.

—And today he's wearing another Green Merrell suit and satisfied.

The doughnuts from the Model Kitchen are famous all over the city. The recipe is the same as is used by one of the greatest chefs in the country. They are extra large size, either plain or rolled in powdered sugar, and sell at 20c and 25c per dozen. The many kinds of pastries shown each day in our sanitary glass cases certainly do sell, and it would be surprising if they did not—made of fresh eggs, pure sweet table butter, and handled with the utmost skill, they are marvels of light, moist wholesome goodness.
