Elmer Anderson Prominent at O. A. C.
(Register Lane County Special)
CRESWELL, Ore., June 12.—Elmer Anderson, son of Mr. and Mrs. F. E. Anderson, is a graduate of O. A. C. this year having made a specialty and won prominence in the agricultural course. He is also prominent in college circles having been president of the college Y. M. C. A. and also president of the local Christian Endeavor society at Corvallis. June 5th was his great day for he not only received his diploma that day but also was married to Miss Bertha Hukel of Corvallis. They went to the mountains for their honeymoon and their going was attended with all the enthusiasm which college friends can render. Mr. Anderson was a member of one of the prominent college fraternities.

he thought Creswell and vicinity an ideal place for the installation of a milk condenser and that the in-

WORN OUT AFTER SHE COOKED A MEAL
Took Lydia E. Pinkham's Vegetable Compound—Read the Result

Cincinnati, Ohio.—"I suffered for a long time with nervous troubles and irregularities before I took Lydia E. Pinkham's Vegetable Compound. My back pained all the time and I was unfit for housework. I was worn out if I cooked a meal, and was unable to do my washing. My girl friends and my sister told me if I would take your Vegetable Compound and Liver Pills I would be relieved. After taking the first bottle I felt better, and neglected it awhile, but found I could not do my work until I was stronger. So I took the Vegetable Compound again and now I am the mother of a 19 months old boy. He is fat and healthy and I am sure I could never have carried him if it had not been for your Vegetable Compound. I recommend your medicine to all women although I am young to be advising some one older."—Mrs. **CECILEY PERROVY**, 318 W. Liberty St., Cincinnati, Ohio.

Lydia E. Pinkham's Vegetable Compound contains no harmful drugs and can be taken in safety by any woman.

DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE
PORTLAND, Ore., June 12.—Butter market is inclined to show an easier tone here with less willingness on the part of the South to make purchases at the prices being asked. For so-called standard grades the highest price now available for shipment in the curb market appears to be around 23 1/2¢ a pound practically no centralized sales are now moving to the curb but the storage movement shows a liberal gain.
Production appears to have reached the floor point and the output is just about holding its own at this time.
In the meantime the fight for butter continues brisk in leading dairy sections with as high a price now being paid by central-plant at country points as they are for Portland delivery. Naturally this fact cost them considerably more than they are today able to secure for their curb butter.
BIRD TRADE IS GENERALLY HELD
Market for eggs generally showed a steady to firm tone for the week's opening. There was a fair supply available, but a good Southern demand continues and full prices are being received.
GOOD CALVES RATHER SCARCE
Market showed a scarcity of top quality calves at the week's opening, although trade has not been undersupplied on ordinary stock. This is reasonable. City killing report a heavy demand for beef of quality, but poor the stuff is selling very low.
STRAWBERRY TRADE SUPPLIED
Quite liberal supplies of strawberries were shown for the week's opening on the Farmers' market, with sales at \$1.25-\$1.50 per crate. The fruit shown was generally from the 1.50 to 1.65 with a sprinkling of business at \$1.75. Dealers asked \$1.75-\$1.85 for Wilsons at the start.
NEW POTATOES SELL AT A LOSS
Because of the liberal supplies, new potatoes are selling here around 2 1/2¢ a pound while their actual cost is better than a cent a pound. Old stock of quality is scarce with bidding around 75¢-90¢ a cwt. in a limited way.
