All Women Should Wear Corsets, Says Dr. Lorenz

Prevent Spinal Troubles, as Well as Bracing Vital Organs, Surgeon Declares

Dr. Adolf Lorenz appeared as an advocate of corsets for women during his Health Department clinic yesterday.

"Every woman should wear a corset," said the famous surgeon. "Possibly the young girl should be excepted. The corset not only braces vital organs that need bracing, but is a preventive of spinal troubles.

"I do not say that women should squeeze their waists as once they did. I am referring to corsets of today, designed on common sense lines. The important thing is that the corset should in every instance be a perfect fit.

"I frequently prescribe corsets modeled after casts made of the patients under my observation. I agree with Health Commissioner Copeland in his observation that a corset gives to a woman the sense of being completely dressed and thus contributes to her peace of mind, which is beneficial."—From New York Tribune January 26, 1922.

Warner's

Rust-Proof
Corsets

Possess every Corset requirement for Health and Comfort.

It is because a Warner's meets every requirement that we sell so many of these popular Corsets. We know this because we sell them over and over again to the same customers. It is probably because Warner's is such an all-round corset. It is fashionable in its lines, giving any type figure those trim contours that are just right under tailored clothes; it is the soul of comfort, women tell us—and we think that is because it is so well made and the boning is so skillfully placed. It is certainly the most economical corset you can buy, because it is guaranteed not to rust, break or tear.

LARGE'S 865 Willamette Street

Patrick, Bernice Reynolds, Tott Clearwater. After the drill the Eugene and Corvallis members danced until midnight.

Ex-Service Man is Here from Yachats—Edward C. Stevens, ex-service man of Yachats, was in the city yesterday on business in connection with his bonus. Yachats is on the coast in the southern end of Lincoln county.

Weather Hot in Illinois—Mrs. Harris Carr, of this city, has just received a letter from friends in Illinois that the weather is extremely hot back there and everybody sleeps on their lawns. The letter states also that there is a pest of locusts there and the insects are devouring everything in sight.

Teacher Arrives from Big Creek—Miss Inez Wells, of Portland, who has taught the school at Big Creek, in the western end of Lane county during the past term, has arrived in Eugene to attend the teachers' examination this week, and when she finishes she will go to her home.

Strip of Right-of-Way Obtained—The members of the county court were at the H. Chezem farm on upper Spencer creek yesterday to confer with Mr. Chezem regarding a small strip of land necessary for the new Lorane highway and which Mr. Chezem has refused to let go of prior to this time. Satisfactory arrangements were made and it was agreed that he should be paid \$25 for the land.

New Addition to Be Built to School House—A new addition will at once be built to the school house at Fall Creek, according to Mr. and Mrs. J. H. Kissinger, of that place, who were in the city yesterday. The present building is far too small and it is impossible for one teacher to handle all the pupils successfully, they said. The people at a recent election authorized the directors to borrow \$1500 to build the addition. Mrs. Kissinger is clerk of the district.

Professor Lindsay Coming—Professor E. E. Lindsay, of the University of Iowa, is coming to the campus session of the University of Oregon summer term, taking the place of Earl R. DeGloss, of the regular university faculty, who is going to teach in the University of Wisconsin summer term. Professor Lindsay has been a member of the faculty of the department of education at Iowa, and has had experience in public school work and as

"Hello! Is this Dr. Gick's office? Well, those glasses are simply wonderful. My eyes no longer feel that they are being twisted and pulled out of my head, and I don't have that nauseated feeling any more. If anyone wants my recommendation, have them phone me."

Dr. Royal J. Gick
Optometrist
908 Willamette

a city superintendent. He has written extensively for the educational journals on the subject of educational tests and measurements, and school administration.
