

COMPROMISE REACHED OVER SOLDIER AID BILL

MEASURE GIVEN RIGHT OF WAY
AFTER TARIFF DISPOSAL

Democratic Senators Plan Move of
Their Own by Offering Motion to
Give Bonus Precedence

WASHINGTON, June 16.—A compromise between the republican and democratic senators on the tariff bill, which would be given senate right of way after disposal of the tariff bill, was reported today virtually to have been reached.

Negotiations today between the republican factions favoring and opposing displacement of the tariff bill in behalf of the bonus measure were said to have resulted in the compromise which is to be presented next Monday to the republican senators conference and it was said, with every indication of adoption. Democratic senators, however, were reported to be planning a move of their own by offering a motion to give the bonus measure precedence.

Senator Lodge, republican leader, had a large part in today's conference and it was said that the proposed compromise was supported largely because of his efforts. American Legion representatives, it was stated, also were consulted and gave their approval to the arrangement.

Harmony Move Wins Out

The harmony move among the republicans did not reach full force until after informal canvasses of the republican membership had disclosed that a large majority were prepared to stand with President Harding in pressing the tariff bill to a conclusion before proceeding with the bonus measure. The polls were said to show 40 republicans in favor of holding the tariff bill before the senate, nine in favor of its displacement in favor of immediate consideration of the bonus bill and eleven classed as "doubtful."

Chairman McCumber of the finance committee, who has been urging immediate consideration of the bonus measure, was said to have been advised of the polls and efforts were made to convince him that the party judgment was for immediate action on judgment was for immediate action on

to make the bonus measure the senate's unfinished business and with a possible right of priority after the disposal of the tariff measure.

With the movement for a new clause and more rapid progress on the tariff bill, republican leaders said the definite assurance of action on the bonus measure immediately after the tariff bill was expected to allay criticism of action in pressing the tariff bill.

SHRINERS BOARD SHIPS FOR VOYAGE TO HAWAII

NOBLES TO VISIT ISLES HOME OF
POTESTATE MCANDLESS

Stay of Several Days to Be Made at
Honolulu Volcano of Kilauea

Will Be Viewed

SAN FRANCISCO, June 16.—Two steamships filled with Shriners bound for Honolulu on a visit to the home of the new imperial potentate of the order, James H. McCandless, left here at noon today. They are the H. F. Albatross, formerly the Great Pacific, and the Albatross, formerly the Pacific, both being used as a transport in war service, and the Albatross, a shipping board vessel. A few Shriners also were on the Albatross which left later in the day.

All but two members of the imperial divan of the Mystic Shrine, Benjamin W. Rowell, of Boston, and David S. Crossland, of Montgomery, Ala., were in the party, whose trip will be a continuation on a smaller scale of the festivities that have marked Shrine week here.

The bands, patrols and choruses of Albatross and San Francisco, and the patrol of Albatross of Honolulu will contribute to the safety of the trip, which will be marked also by the wedding at sea of Ella Coleman, a member of Albatross, to Miss Helen Hurd, of San Francisco. Music by radio from the mainland is expected to be a feature for the ceremony.

To Visit Volcano

A stay of several days will be made in Honolulu, and the volcano of Kilauea will also be visited. The party will reach San Francisco about July 1. Special trains being taken Shriners last night, and by tomorrow night only one train will be left, that of Albatross of San Diego. It is scheduled to leave tomorrow.

The historical Masonic pageant given last night will be repeated tomorrow night.

A large crowd saw the imperial party off, and the dock was festive with Hawaiian leis hung around the necks of the departing Shriners. Five airplanes and a tug, which carried Mayor Rolph, acted as an escort to the ships as they steamed toward the Golden Gate.

The trouble lasted about six weeks. I began using Cuticura Soap and Ointment and after using one cake of Cuticura Soap and one box of Cuticura Ointment he was completely healed." (Signed) Mrs. Frank Snyder, Box 192, Floodwood, Minn., Aug. 5, 1921.

DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE

PORTLAND, Ore., June 16.—Market for butter continues to reflect strength here with no change indicated or considered likely in prices. Cakes are firmer for state extras, while centralizers appear to have sold all they care to let go of at the moment.

Ride for state cake extras are around 35¢ to 36¢ a pound here and the demand is keen at the higher figures. Therefore no additional sales to that line are confirmed for the day.
