MAYOR OF SCRANTON HAS PLAN TO END COAL STRIKE

New Proposal Is Presented to President Harding

PEACE PLANS TAKE SHAPE

Formation of Harding's Arbitration Commission Nears Completion—610,000 Miners Now on Strike

WASHINGTON, July 22.—Another effort to bring about a conference settlement of the national coal controversy was suggested today by Mayor John F. Durkin, of Scranton, one of the five mayors of anthracite cities in Pennsylvania who have tendered their services to the administration in the interests of conciliation.

Immediately after presentation to President Harding of his plan for settlement of the strike in the anthracite fields, Mr. Durkin wired John L. Lewis, president of the United Mine Workers, with whom he previously had discussed the possibility of peace, inviting the union leader to meet with the five mayors in Scranton or New York, the first of the week.

Mr. Durkin would not disclose the plan of settlement which the mayors laid before Mr. Harding, but declared that while their interest lay mainly in the anthracite problem, should the bituminous problem be inseparably linked with the hard coal, both problems would be discussed at the proposed conference.

Formation of the President's arbitration commission was understood to be nearing completion and it was thought the announcement of its personnel would be made before the expiration of the ten days or two weeks during which it has been indicated the administration will await the results of the invitation to operators to resume production.

610,000 Miners on Strike
Approximately 610,000 coal miners are on strike in the nation's bituminous and anthracite coal fields and 185,000 still are at work, the department of labor announced tonight upon the completion of a survey of the coal mining industry.

The survey shows that no miners are on strike in Alabama and Virginia but the full working strength of the miners has been set idle by the strike in the bituminous fields of Iowa, Illinois, Indiana and Ohio, and in the anthracite fields of Pennsylvania.

The effect of the strike as revealed by the survey is set forth by the department in a table which by states gives the approximate number of men employed in the mines when the general suspension of work was declared and the number now on strike, as follows:

States	Employed before strike	On strike
Alabama	30,000	none
Arkansas	2,000	4,000
Colorado	15,000	4,000
Illinois	30,000	30,000
Indiana	30,000	30,000
Iowa	15,000	15,000
Kansas	13,000	12,000
Kentucky	40,000	5,000
Massachusetts	7,000	5,000
Michigan	3,000	2,000
Missouri	12,000	11,000
Montana	5,000	5,000
New Mexico	4,500	1,000
Ohio	50,000	50,000
Pennsylvania	10,000	9,000
Pennsylvania (bit.)	175,000	155,000
Pennsylvania (ant.)	155,000	155,000
Tennessee	12,000	4,000
Texas	4,500	2,000
Utah	1,000	2,000
Virginia	12,000	none
Washington	5,000	2,000
West Virginia	30,000	40,000
Wyoming	8,000	7,000
Totals	725,000	610,000

Among these miners now listed as "at work" are included, it was said, about 10,000 pump men and firemen who have remained to keep the mines in operation in condition and prevent flooding of mines.

SIX DEAD TOLL OF WRECK

FIVE OF ONE FAMILY DIE WHEN TRAINS CRASH TOGETHER

SPRINGFIELD, Mo., July 22.—Six persons are dead, including five members of one family—father, mother, two daughters and a son—as a result of the failure of Engineer C. H. King, of Monett, Mo., to slow down for a siding near Logan, southwest of here.

The train, carrying 100 passengers, crashed into the side of a passenger train.

The wreckage was found this morning.

The bodies of the five family members were found in the wreckage.

The bodies of the other two persons were found in the wreckage.

Has New Device for Photographing Heavens

Prof. Geo. H. Peters

Here is shown Professor George H. Peters, of the United States naval observatory at Washington, D. C., photographing astral bodies by use of the only electrically driven clock photographic telescope in the world. This device, eliminating the use of the pendulum and replacing it mechanically, is used to keep the particular star desired in the same position on the photographic plate, and it is done by moving the telescope at the same speed as the planet moves in relation to the earth.

at 3:05 this morning. Its engine, St. Louis and San Francisco Meteor No. 9, one of the fastest trains on the line, crashed head-on into another fast St. Louis, San Francisco passenger train, which was waiting on the siding. Ring's fireman, A. W. Gelker, jumped to safety while the engine was traveling at a rate of 35 miles an hour. Engineer Ring remained until the emergency brakes were applied the last time before the crash. He was crushed to death.

The dead: Engineer C. H. Ring, Monett, Mo., 35 years old, Stoughton, Mo. Mrs. Andrew Hammer, 32. Vera Hammer, 12; Clara Hammer, 10; Don Hammer, 2.

CAUGHT IN THE ROUNDS

(Continued from Page Five)

ter Lloyd Maxwell, of Irving grange; vocal selection, by the Goshen grange; reading, by Miss Mary Guley, of the Eugene Bible university; and an address by Walter M. Pierce on "The Farmer and His Problem."

Former Eugene People Arrive—Mrs. A. J. Ettinger and her daughter, Mrs. Duncan Harris, formerly Miss Alberta Ettinger, arrived from Boise, Idaho, last night and will be here for some time. They were accompanied by Mrs. Harris' husband, who is in the navy and stationed at Puget sound.

Moss Street Contract Coming Up—The contract for the paving of Moss street will probably be let at the meeting of the city council Monday night, according to Alta King reporter. The contract to pave Alder street between Ninth avenue east and the mill race will be among the other projects to come up.

Girl Exhibits Fine Paintings—Lula Leppert, aged 18, yesterday exhibited a number of her fine oil paintings in the office of the Morning Register. Miss Leppert never took a lesson in her life but shows native artistic talent in these paintings. Miss Leppert is a daughter of Samuel Leppert, residing on Blair boulevard.

Ben Russell in New Orleans—Jerry Atkinson, steward at the Elks club, yesterday received a card from Ben Russell, past exalted ruler of the local lodge, who was a delegate to the supreme lodge at Atlanta, Ga. He was in New Orleans at the time he wrote. He said the convention was fine and the parade was great.

Leave for Kitson Springs—Miss Mary Morris, head of the short-term department of the Eugene business college, has left for Kitson springs where she will spend her vacation of two weeks. Tecla Egnos, stenographer in the office of the Mountain States Power company, accompanied Miss Morris.

Mr. and Mrs. Huntley Will Go to The Dalles—Mr. and Mrs. M. B. Huntley will go to The Dalles Monday in their car to attend the annual convention of the American Legion. Both are delegates to the convention. They drove to Shannon yesterday to take Mr. Huntley's mother to stay there while they are gone.

Organist Appears in Church Service—Through the courtesy of the Rex theater, Charles W. Hawley, eminent organist, will preside as guest soloist at the morning services at the Central Presbyterian church today. No announcement of the program to be rendered by Mr. Hawley has been made, since his ability to accept the invitation was not known until late.

Kiwanis to Be Caravan Host—The main feature of the meeting of the Kiwanis club Monday noon will be the talk by A. M. Farmer, who is to be in Eugene in the interest of the proposed children's home. On Monday, July 30, the Kiwanis club will be the host to the Evans caravan. The club is to be the host and the caravan is to furnish the amusement.

Two Residences to Be Built—Permits were issued yesterday for the erection of a cottage at 1491 Moss street by O. P. Burris at a cost of \$600 and one was issued to W. E. Rapert for the erection of a bungalow at 1071 Eleventh avenue west at a cost of \$1000. A permit was issued for the erection of an addition to a residence at 1949 Alameda street by John Holland at a cost of \$150.

Sisters Meet After 16 Years—After a separation of 16 years, two sisters, Mrs. John Grant, of this city, and Mrs. Margaret Herrick, of Minneapolis, Minn., again met in Eugene Friday when Mrs. Herrick arrived from the East. They will spend the rest of the summer in Oregon visiting here and with another sister at Roseburg, and then will leave for California to spend the winter. Mrs. Herrick is a teacher in the Minneapolis schools.

BUY FROM YOUR NEIGHBORHOOD GROCER ALWAYS

What Personal Service Means

The term "personal service" has been used and overused. There was a time when nearly every store was a house of personal service, according to their advertising.

Your Neighborhood Grocer typifies the very term. You cannot enter his store but you know who he is. You know the proprietor and you are aware that should anything, however small, be wrong with your purchases at his counter he, as the owner of the store, will smile with you and make the necessary adjustment.

Errors occur in any business, but errors in your Neighborhood Store are likely to be less. You are at least guaranteed a pleasant settlement. Call on your grocer today—he is listed below.

where he has extensive wheat lands. Mr. and Mrs. Wallis left immediately for a three-months' trip through Canada and the Canadian national parks and Yellowstone national park.

DIED

DAVIS—In Eugene, Sunday, July 23, 1922, at the Eugene hospital, Katherine, 15-year-old daughter of Rev. and Mrs. H. W. Davis. Rev. Davis, former pastor of the First Baptist church of Eugene, after assurance that his daughter was recovering from an illness, left for California, but turned back on receiving word of her death. Remains are at the Veatch chapel. Funeral arrangements will be made later.

M'CORMICK ABROAD TO REST

SAYS HE HAS NO INTENTION OF SEEING MRS. COCHRAN

PARIS July 22.—Harold F. McCormick on his arrival here today from New York told the Associated Press he was in Europe for business and a rest and that he had no intention of seeing Mrs. Alexander Smith, Cochran, (Mrs. Ganna Walska) whose engagement to the American harpist magnate has been persistently reported and denied.

Mr. McCormick said he had received no news of Mrs. Walska and that he did not know whether he would go to Switzerland while in Europe. Reports were published recently that Mr. McCormick and the singer expected to meet at Carlsbad in August.

Mrs. Walska's preliminary decree of divorce from Mr. Cochran is expected to become legal August 10, as the 60 day interval provided in the provisional decree granted by a French court will expire on that date.

Call for Bids
The Board of School Directors of School District No. 4, Lane County, Oregon, will receive sealed bids up to 7:30 p. m., July 26, 1922, for the construction of two play sheds. Specifications may be received at the Clerk's office in the City Hall. The Board reserves the right to reject any or all bids.

O. H. JONES, Clerk.

Eyeglasses That Reflect Your Individuality

Men or women who are careful of their personal appearance are not satisfied with just any kind of glasses. They insist on having glasses made to meet their individual requirements.

Nothing you wear is more conspicuous than your glasses and whether or not you "look well in glasses" depends wholly on the style of mounting and shape of lenses. Only glasses that are made to order can satisfy discriminating people.

Because of our shop on the premises we are prepared to fit you with that kind of glasses. And it costs you nothing extra.
