### GRANGE MEETING IS LIVELY

(Register Lane County Special)

IRVING, Ore., Aug. 21.—Irving Grange held a meeting Friday evening which was very much alive, which goes to show that the members are neither dead nor sleeping.

There was a good talk by S. C. Hardman, who is one of the Lane county fair board, urging the grange members each to do his part toward putting on an exhibit next year at the fair. But the members all expressed their regret on account of the failure in vegetable growing this year, which was caused by drought, of being unable to make an exhibit this year.

The grange voted to begin a contest between the men and women of the grange for new members, the contest to close the first meeting in December. The losing side in the contest is to furnish the entertainment and banquet for the winning side. So everybody get to work or you will have to work later.

**Grange to Give Entertainment**

The grange will give a big free entertainment in the near future, for which you may look for an announcement later. There also will be a good speaker who will speak on the income tax.
