SCHOOL CARNIVAL TREAT

HIGH STUDENTS STAGE MERRY MELANGE OF FUN

HAINSBURG, Ore., Feb. 17.—(Special to the Register).—The high school carnival on which the local high school students had been working for the past six weeks, was held Friday evening at the school building, and the results showed that the students' time and efforts were well repaid.

Friday afternoon at 4 o'clock a parade of the students left the school building and wound its way down through the business district so that the general public might be reminded for the last time of the carnival. Everybody was out to see this parade which was really representative of nearly the whole carnival that evening. The babies of the baby show were transported in the parade in carts, there being two negro babies and four whites. Boys of the high school fixed up as negroes constituted a band and led the parade, and then there were quite a few other negroes, and numerous clowns, and boys fixed up to represent Germany, and of course there were many other curiously presented costumes.

At 5 o'clock the vaudeville under Miss Genevieve Morgan, was opened in the high school building, and into this room the crowd flocked in the haste to get a seat—but all did not get one; one no considerable did not get them. The assembly was packed and in certain places the crowd was standing double deck, especially in the back of the room. About a half dozen different numbers were rendered here, the show lasting something over half an hour. A number of dancing was given and the assembly room was again filled.
