After Every Meal

WRIGLEY'S

"A bite to eat—a bit of sweet"

After a substantial meal, the children naturally want to top off with a bit of sweet.

Give them WRIGLEY'S, the great American Sweetmeat.

It combines the enjoyment of sweet with many BENEFITS. It cleanses the teeth, removing food particles that lodge in the crevices. It neutralizes the acids of the mouth, soothes the throat, and lastly—

WRIGLEY'S helps the stomach by supplying saliva to aid in digestive work.

Made clean, kept clean, sealed tight in a wax-wrapped package.

PLAN JERSEY JUBILEE

OREGON-WIDE AFFAIR WILL BE HELD IN MAY

More Unique Features and Exceptional Entertainment Stunts Than Ever Promised

The 1923 Oregon Jersey jubilee will be held the last four days of May, according to tentative plans made known here. The annual event, which was started in 1919, has grown in importance each year. More unique features and exceptional entertainment stunts are planned for the coming event than have ever been on the program before.

The plans now outlined provide that the afternoon of May 28 be spent in visiting herds and points of interest in Columbia county, with a visit to a herd of registered Jerseys now beind imported by C. F. Reid, which will be at the Pacific International Livestock show buildings, and in the evening a banquet with business men in Portland. Tuesday, eastern Multnomah and eastern Clackamas county breeders will be visited, with a lunch at Gresham, where boys' and girls' clubs will exhibit their club animals. The night will again be spent at Portland. Western Clackamas will be visited, with luncheon near Aurora, and the evening spent at Salem, where entertainment will be furnished.

The last day of the four will cover other herds in Marion, ending with a big celebration and barbecue at Pickford brothers, the home of the most famous cows in the world.

The jubilee always has drawn large crowds and, according to the secretary of the Oregon club, even greater attendance with more outside visitors, is expected this year. Preparations are being made to care for about 1600 on the last day of the event.

The committee in charge of the event consists of L. G. Smith, of Columbia; J. L. Bowman, Multnomah; R. B. Sealey, Clackamas; and B. J. Neal, Marion. Neal will have general charge of the jaunt.

SECOND RECITAL TONIGHT

E. B. U. STUDENTS APPEAR IN ANOTHER PROGRAM

The program for the second recital given by the Eugene Bible university school of music at the music hall at eight o'clock tonight follows:

Narcissus .... Nevin
Vnelta Stivers
Homing .... Del Riego
Hezzebel Scott
To the Evening Star Wagner-Liszt
Cecile Harding
At Bowl of Roses .... Clarke
Lois Easterbrooks
Menuet .... Borowski
Mary Hibbard
a. Kentucky Babe ....
b. Swing Along .... Cook
E. B. U. male quartet.
Military March .... Schubert
Ruth Stivers, Gwena Stivers and Mary Hibbard.
My Big Bass Viol .... Bohannon
Lorraine Stivers.
Gardan .... MacDowell
Gwenn Stivers
My Heart at Thy Sweet Voice (Samson and Delilah) St. Saens
Jessie Carlsen
A La Bien-Aimee (To My Beloved) .... Schuett
Ruth Stivers
Selection ....
Men's glee club

how to get utmost service from your engine

1 Clean the crank case after every 1,000 miles and when changing from one brand of motor oil to another.

2 Flush crank case with fresh motor oil — never with kerosene or so-called "flushing" oils.

3 Lubricate with the correct grade of Cycol motor oil as shown on the new Cycol Recommendation Chart to the right.

Follow these important rules — use Cycol Motor Oil for better engine performance and lowered maintenance costs.

Cycol is the motor oil from which destructive "sulpho" compounds have been removed. The new Hexeon Process, used only by us, does it. Thus, Cycol does not break down nor thin out rapidly under engine heat—Cycol maintains an unbroken lubricating film—Cycol prevents many motor troubles.

Follow the Cycol Recommendation Chart —revised to include late models

Different brands of motor oils have different "bodies." The safest, surest way to get the best performance from your motor is to use Cycol according to the Cycol Recommendation Chart, which is scientifically accurate. Cycol withstands engine heat and retains its "body." An oil that thins out rapidly may change from a "heavy" oil to a "light" oil after an hour's service—this means faulty lubrication for your motor.

Look on the Cycol Recommendation Chart for the correct grade of oil for your particular engine — if not listed here, ask your dealer for the complete chart, or write us.

ASSOCIATED OIL COMPANY
Executive Offices 79 New Montgomery Street, San Francisco

CYCOL
MOTOR OIL
free from destructive "sulpho" compounds

CYCOL
MOTOR OIL
Recommendation Chart
for passenger cars

This abbreviated chart indicates the correct grade of Cycol for use in engines of several makes of cars. Cycol Lubrication Charts specify the correct grades of Cycol for use in all types of internal combustion engines—cars—tractors—aircraft—marine engines—motor-cycles, etc.

Important Notice

Cycol winter recommendations refer to climates where temperatures average freezing during winter.

DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE

PORTLAND, Ore., March 20.—Considerable strength is showing for eggs at this time, with cold storage operations on a liberal scale. Practically all of the bigger operators are now storing, and this is taking care of every case that comes forward.

Because of the demand for quality offerings, some of the buyers are paying a slight premium over current quotations on hennery stock, but extreme values are being held for so-called current receipts or mixed color standards. The latter is the new term under which former current receipt stock will be listed by the Journal.

Market for resales is somewhat mixed in character. Because of storage operations there is always more or less difficulty in establishing selling prices. A very large per cent of the offerings in the fresh egg trade consist of stock candied from the storage pack. While this stock is as good as can be obtained for immediate use, it is too weak for storage.

BUTTER SITUATION IS STEADY

With a slight decrease in the output, market for butter is generally indicating a full steady tone here with prices unchanged for both prints and cubes.

CHICKEN SCARCITY CONTINUED

Scarcity of chickens continues in the local trade with premiums occasionally showing for fat fowls. The Jewish trade is especially interested in fat hens at this time. Air fowls except geese in demand if of quality.

MEAT SITUATION HOLDS WELL

Both veal and hog demand was held on a steady basis for the day, although in spots there was signs of an undertone of weakness for hogs. Tops in the veal market continued around 16c with best black hogs 12c. The latter is an extreme figure.

BROCCOLI PRICE IS ADVANCED

Still another advance has been forced in the price of broccoli by Roseburg growers with the new quotation $1.45 per crate there. This means that sales here below $2.25 admit of no profit to wholesalers. Beyond that price the public generally cannot purchase.

SMALL APPLES HARDER TO SELL

Considerable very small sized Winesaps and Romes are arriving in the local trade from Yakima. There is a steady call for favorable sized apples but very small fruit is harder to sell.

PORTLAND, Ore., March 20. — These are prices retailers pay wholesalers except as otherwise noted.

Butter—Selling price, box lots: Creamery prices—Prints, extra, 44c lb. for plain wrappers; cubes, extras, 41c; prime firsts, 38@40c; dairy (buying price), 28c per lb.

Butterfat—Portland delivery basis—No. 1 grade, 43@44c lb.; No. 2, 41@42c lb.; No. 1 sode, 44c for "A" grade.

Eggs—Buying price, Front street — current receipts: Western Oregon, 21c per doz.; pullets, 19c per doz.; henneries, 23c per dozen. Selling price—Select, 27c per doz.; candled, 25c per doz.; pullets, 24c per doz.
