(Register Lane County Special) PLEASANT HILL, Ore., April 5.—The regular meeting of the Pleasant Hill Community club will be held at the Community hall Saturday, April 7. Piano Committee to Report The piano finance committee will give a detailed report and has requested that all those who have promised or desire to will be prepared to buy their piano stock Saturday night so the payments on the piano can be kept up during the summer months. Because of the weather Monday no executive meeting was held but the piano stock certificates will be ready for the May meeting.

Bilious Attacks Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.
