

Manville Brothers Move to New Location

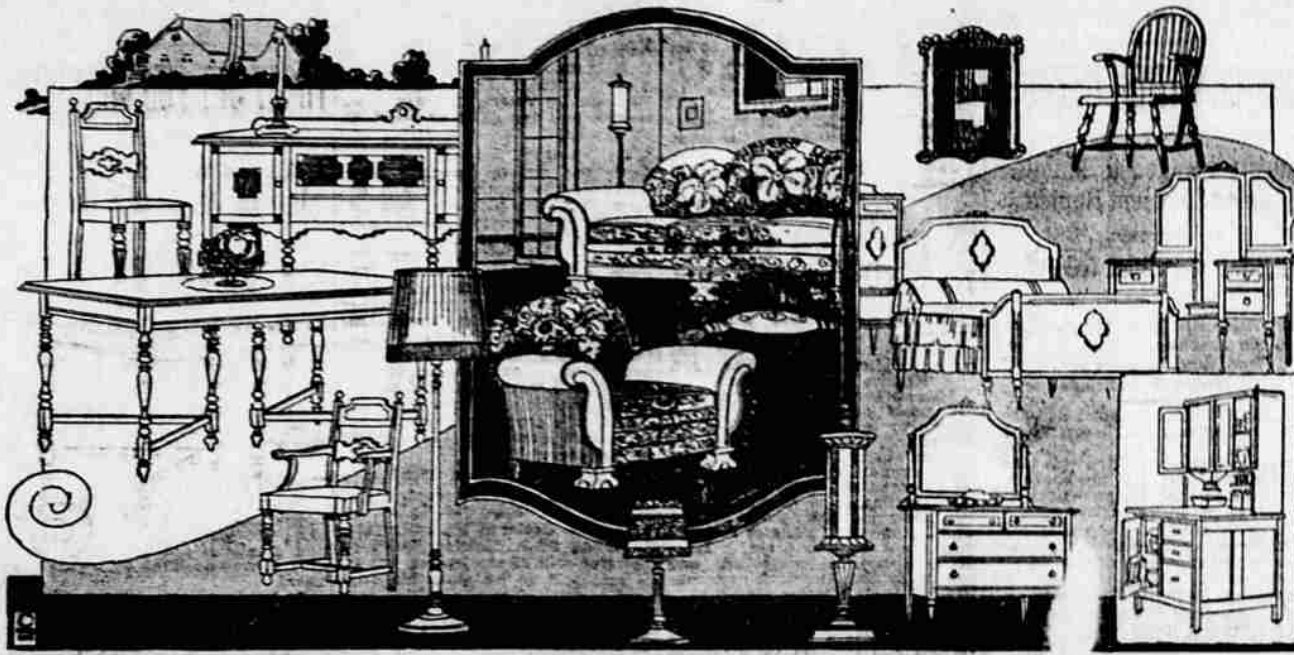

"A POPULAR PRICE STORE" for the People

Good, durable, substantial Furniture of the right quality, with the "frills" and high prices left off, will be the policy of this store. It is our ambition to serve you well; to give the very best qualities obtainable in the medium priced lines, and to give full value with every purchase. We plan to cater to those who feel that they cannot afford to pay for the unnecessary "frill."

We want you to think of this store as "A POPULAR PRICE STORE" and at the same time remember that we will not sell anything that is "too cheap to be good."

Our lines will be substantially the same as those we have carried in the past with the exception of course of new SPECIAL lines that will be added from time to time.

For the past year or two we have realized that owing to the growth of our business it was necessary that we should have larger and more adequate quarters. Today our entire force is engaged in the task of moving the stock to this room, just one door west. In our new location we will have ample floor space and a nice light room for the display of our Furniture and Home Furnishings. With twice the floor space to work with we can conveniently and attractively display the very goods you wish to buy. Our display windows are large, and will accommodate the displays necessary to make in a store of this kind. The store is so arranged that you will find it a convenient place to shop, and we take pleasure in inviting you in on our opening day, whether you wish to buy or not.

OPEN FOR BUSINESS MONDAY

Monday morning, April 30, we will open for business in our new home. We will be delighted to have a visit from you on this day. We want you to see the splendid lines we carry, and please note the very reasonable prices. At this time we are going to ask you to give us an opportunity to figure on any furnishings you may require now or later. Service, quality and price will be our foundation.

WE MAINTAIN AN EXCHANGE DEPT.

Our Exchange Department is a department for the convenience of our patrons. If you have a piece of Furniture in your home that is in good condition, and you have no further need for it, use our Exchange Department.

We exchange new furniture for the used.

In this department one can always find splendid bargains in practically everything in the Home Furnishings line, including Stoves and Ranges.

If you find it necessary to leave the city and wish to dispose of your entire furnishings we will be glad to make you an offer.

When in the store visit this department. You may find there just the item you have in mind and at the price you can afford to pay. You will find only goods of value. We do not handle the other kind.

THIRD SHIFT Laid OFF

BOOTH-KELLY LUMBER CO. TO USE MEN ELSEWHERE

Some Will Be Sent to New Plant as Well. Others Absorbed by Springfield Units

(Register Lane County Special)

SPRINGFIELD, Ore., April 27.—The third shift, commonly known as the "graveyard shift" of the Booth-Kelly Lumber company here will be laid off tonight, it was announced this afternoon.

This shift works from 11:30 p. m. to 6:30 a. m. and employs about 90 men.

Most of these men will be employed at Wedding in construction work on the new mill there, and then will be given other positions when the plant there starts about June 1, it is announced.

Several of the men, however, will be kept in Springfield to work on the other shifts.

The reason given by the management was that it is impossible to keep the night force at work in the planing mill, and since the

BACK AGED TERRIBLY

Mrs. Robinson Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Amarillo, Tex.—"My back was my greatest trouble. It would ache so that it would almost kill me, and I would have cramps and suffer in this way about three years; then a lady friend suggested that I try Lydia E. Pinkham's Vegetable Compound. I have had better health since, keep house and am able to do my work. I recommend the Vegetable Compound to my friends as it has certainly given me great relief."

—Mrs. C. B. ROBINSON, 608 N. Lincoln St., Amarillo, Texas.

The Vegetable Compound is a splendid medicine for women. It relieves the troubles which cause such symptoms as backache, painful times, irregularity, tired and worn-out feelings, and nervousness. This is shown again and again by such letters as Mrs. Robinson writes as well as by one woman telling another. These women know what it did for them. It is surely worth your trial.

Housewives make a great mistake in allowing themselves to become so ill that it is well-nigh impossible for them to attend to their necessary household duties.

Welding plant is to start soon. It was thought best to take this step. The demand for lumber is still heavy, it was stated, and it was believed it would be better to speed the starting of the new mill than to keep the third shift of work.

POLICE COURT IS BUSY

ONE FINED FOR ASSAULT BY SPRINGFIELD JUDGE

(Register Lane County Special)

SPRINGFIELD, Ore., April 27.—M. E. Parr, of this city, engaged in a fight with J. W. Cotton yesterday, as a consequence he was fined \$10 and costs by J. W. Coffin, local police judge, for assault and battery. No causes of the fight were given, and it was not stated who came out ahead in the battle.

Other offenders who were haled before the local court include Norman Manley, fined \$2 for turning between intersections; Frank Wagner, \$2, turning between intersections; and Robert Fleming and Howard Cotton \$2 each for parking too close to hydrants. "We are glad to note that the people of Springfield and vicinity are becoming more observant of the traffic regulations," said J. W. Coffin, police judge, "and traffic on our streets is much safer than formerly." No arrests for speeding were reported.

Licenses granted by the city of Springfield this week include John Williamson, license to sell furs for one year, \$2; Flatiron grocery, license to sell fish one week, \$2.

MUCH LUMBER SHIPPED

50 CARS LEAVE SPRINGFIELD FOR SOUTH AND EAST

(Register Lane County Special)

SPRINGFIELD, Ore., April 27.—Lumber shipments from Springfield are still heavy, according to C. Olson, agent for the Southern Pacific, who stated today that 59 cars of lumber and nine cars of hog fuel have been shipped out during the past week. The carload plant has also been shipping a quantity of prepared material during the week.

About two-thirds of the lumber shipped is for points south, and the balance for eastern points, the agent stated. The car situation is favorable, he reports, with an abundance of box cars available whenever needed. A few more open cars could be used to advantage, but Mr. Olson thinks that there will be plenty of these available in the near future.

DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE

PORTLAND, Ore., April 27.—Market for butter continues the recent weakness in the cash situation, which is quoted on a nominal differential basis as compared with prices. The drop for the day in cubes was from 1-2c to 1-3c.

For state cubes the price generally is no higher than 36 1-2c, while centralizer extras are quoted no higher than 37c a pound.

Output of butter continues to gain, and there is a surplus of cubes generally shown, although some of the leaders profess to believe that the price is about as low as it should be at the moment.

The late drop in the Seattle price has placed that quotation within 1c a pound of the Portland quotation, a price justified by the fact that Portland is more of a producing than consuming market, while Seattle is more of a consuming than producing center. For that reason there should be some advance in the Seattle price at times to cover the cost of importing butter from other sections.

EGG COMPETITION IS FIERCE

Competition for egg supplies in the Willamette valley was never so keen as at this time, according to leaders of the trade. Prices are held very firm. Real extras will bring the price, but there are few offerings sufficiently good to come in this grade.

ATLANTIC COAST SUGAR HERE

Sugar is arriving from the Atlantic Coast and from Central American points in competition with the California refining. This is due to the fact that the California refiners charge a premium over the New York price.

VEAL MARKET SHOWING LOSS

Market for country-killed calves is showing a further loss along the wholesale way with general tops at 15¢ 1-2c a pound. Leading retailers are supplied at the moment. Hogs about steady at the former range.

STRAWBERRIES AGAIN SCARCE

The carload of Los Angeles strawberries during the day went through to the North and did not stop here. Portland-Sacramento stock was scarce at \$4.75 for 20s.

APPLE GROWERS HOLDING BACK

Supplies of apples in the Columbia river section are much more liberal than anticipated, but stocks are being held back by growers who are seeking a further advance in the price. Trade here limited.

PORTLAND, Ore., April 27.—These are prices retailers pay wholesalers except as otherwise noted.
