Shifts at Mill Change

(Register Lane County Special)
SPRINGFIELD, Ore., April 28.—The first shift at the Booth-Kelly mill here will start at 7 a. m. starting next Monday morning, instead of 6:10. They will finish work at 3:30 in the afternoon. The second shift will start at 3:30 and quit at 11:45. These changes were made possible by the dropping of the "grave yard" shift.

Fire Kills Chickens

(Register Lane County Special)
SPRINGFIELD, Ore., April 28.—Fire starting about 9:30 night before last completely destroyed the chicken house and about 250 chickens at the Oglesby residence back of the Booth-Kelly mill here. Several persons noticed the fire, but thought the mill men were burning refuse lumber and paid no attention to it.

AUTO PARK IS POPULAR

(Register Lane County Special)
SPRINGFIELD, Ore., April 28.—Four parties are now camped at the auto park near the river here, and it is predicted that in the near future a score or more will use the attractive spot to stop over for a night or to make it their base for hunting and fishing excursions up the McKenzie or Willamette rivers. The camp itself is very cozy and convenient, with running water and all necessary equipment to provide comfort to the travelers.

A real gold mining prospector, with his burro and pack, is now camped here waiting for the McKenzie pass to open. P. R. Kimball has roamed all over the west in quest of mining prospects, and at present has extensive holdings in Nevada, Idaho, California and other states. He is one of the typical "forty-niners" left in the West and states that he follows the trail because he "loves nature and the great outdoors better than anything else in the world." He says that he will devote his life to this mode of gaining a livelihood.

J. E. Hartle and family have come all the way from Lyons, Kansas, in a specially built truck, on which is mounted a complete house. Mr. Hartle is looking for a small ranch in Lane county, and already has a few in prospect. He was engaged in the garage business in Lyons, Kan., but states that he likes the outdoors much better. He has found employment in the Booth-Kelly mill here. The other two parties on the grounds have been here for several days while awaiting houses to live in.

PAVERS INSPECT STREET

(Register Lane County Special)
SPRINGFIELD, Ore., April 28.—Members of the contracting firm of Poree and Curran were in the city several times this week figuring on the cost to fix the street paving on Main and other streets here. Although the city council has not made any recommendations or appropriations for this work, it is the hope of the contractors that they can secure the contract and do the repaving while they are in the vicinity. They are present moving machinery to the sections of the road between Eugene and Goshen where they have a paving contract.

Figures were not made public, and it is not known whether the work will be done in the near future or not.

SPRINGFIELD NEWS NOTES

(Register Lane County Special)
SPRINGFIELD, Ore., April 28.—Pat Chaffee, of Dexter, was a visitor here today. He came in for his usual load of supplies.

C. H. Taylor, a resident of Thurston, was in town today to buy merchandise and other supplies.

P. M. Laird came in from Pleasant Hill for groceries and feed this afternoon.

John Curry, of Leaburg, was a Springfield visitor this afternoon. He was accompanied by his family.

P. A. Clingan, of Morrison and Clingan, reports that many farmers are obtaining good results from the use of "land plaster," a gypsum composition, on their fields. A considerable amount of this product has been sold, is the report.

Stanley Baugh, from Donna, came in with his family this afternoon and returned with a supply of provisions and feed.

W. B. Dodd, who lives near Norton, was in to buy supplies for his garden this afternoon. Prospects for good crops are excellent up his way, he reports.

It required two engines to move the freight train from Springfield to Eugene today. A great deal of lumber is being shipped from here and other valley points.

Because the weather looked very much like rain, not as many farmers as usual came to town today. All are busy in their fields.

Howard Freeland, who this week, together with Mr. Henderson, sold the Springfield News, will remain with the paper for a while at least. Mr. Henderson is unsettled as to his plans for the future.

Boys Hurt in Flume Mishap

(Register Lane County Special)
PLEASANT HILL, Ore., April 28.—Last week while Morton Bristow and Mr. Wade were working at Pongra at the end of the Inter flume, they were riding a load of 2000 feet of lumber from the pond to the tramway. When the load was 40 feet in the air the clutch gave way and the load fell. Each of the boys received injuries to their feet that will put them on crutches for several weeks. It is only a miracle that the boys escaped with their lives.

CRESWELL NEWS NOTES (Register Lane County Special)
CRESWELL, Ore., April 28.—Alva Groushock gave a party to her little friends on Saturday afternoon which was in honor of her birthday. Birthday cake and other good things made the children happy.

The banquet committee for the Elder Girls conference to be held here May 4th and 5th met at the home of Mrs. Cora Olson on Friday evening to make arrangements for

the entertainment of the girls. It is expected there will be from 50 to 60 delegates from away which with the local attendance should make a meeting of a hundred girls.

Mr. Ryan's team ran away Saturday afternoon twice, causing excitement and damage to a considerable extent. Mr. Ryan had driven to the depot to leave a can of milk when the team started west up Oregon avenue, struck a buggy belonging to John Lloyd and shattered it as it was standing in front of Art Olson's store and broke the large plate glass window of the store. The team ran as far as the church where it was stopped. For a second runaway trip, it went to wards Eugene on the Pacific highway, but was recovered by Mr. Ryan.

The grange met Saturday afternoon and had an interesting meeting. The ladies made a gratifying report of dinner served at the J. O. O. F. convention. A general discussion for the good of the order started ideas for work and service that will undoubtedly reap good for the society.

C. H. Cleaver came up from Eugene Saturday afternoon and assisted the high school young people who put on the play "The Mishaps" (Continued on Page 2, Section 2.)
