Last Army Goods Sale!

ARMY STORE WILL MOVE

LEASE IS TAKEN ON NINTH AVENUE LOCATION

Leasing of the store on Ninth avenue east now occupied by the People's Cash store by the Surplus Army Goods store has been announced with the completion last night of details of the transfer. R. S. Barrett, floor manager of the Schaefer brothers' department store, has become associated with George E. Love, proprietor of the Surplus Army Goods store, and plans are under way for the opening of a modern department store when the new firm takes over the quarters of the Peoples' store on May 21.

A lease for a term of years has been taken by the new firm of Love and Barrett on the Ninth avenue location and the fixtures have been purchased from the Peoples' cash store which is now closing out the present stock. An entire new stock of wearing apparel and furnishings will be provided for the new establishment, according to members of the firm. The interior of the store will be extensively renovated in preparation for the opening which is expected to take place about the latter part of the month, is the announcement.

The Surplus Army Goods store was established in this city at the Hampton building on Sixth avenue west and Willamette street in December, 1920, and the following June the store was moved to its present quarters on Willamette street between Sixth and Seventh avenues. A constantly increasing business since the store was opened has resulted in the plan to obtain larger selling facilities in the business district, according to Mr. Love. In addition to the general merchandise to be handled by the concern, a special department devoted to army goods will be maintained.—From the Morning Register, May 1.

Starting Monday morning at 9 o'clock this sale marks the beginning of the end of the Army Goods Sales in our present quarters. We want you to know we appreciate your patronage in the past. By your loyal support you have helped us to grow into better and bigger things. You, by spending your money with us, have made it possible for us to branch out into a bigger and better store. We will soon move to East Ninth street, where the remaining stock of this store will become a part of a large department store, owned and operated by Love and Barrett.

Large shipments of Army Goods for the new store will arrive by opening time. We hope to reduce the present stock materially in the few days of this sale. The remarkable reductions we are making should bring you to this store early and often. Look at the opening specials for Monday. They are worth-while savers.
