WOMEN ASK FOR BETTER CONDITIONS AT JAIL

Detention Room For Female Prisoners Desired

COURT IS INTERVIEWED

Department for Juvenile Offenders to Keep Them Away from Criminals Advocated

A detention room for women and a room for juvenile offenders in the county jail are urged by the Eugene Federation of Women's organizations. A committee from the organization interviewed the county court yesterday and presented the question from the viewpoint of the members of the organization, which represents about 1500 women of the city from many different walks of life. Immediate steps to improve conditions at the jail were urged by the members of the committee, and the members of the court agreed to investigate the plan. Under the present arrangements accommodations for prisoners are deemed by the women as being decidedly inadequate.

"The women of the federation feel very strongly on the matter of exposing juveniles to the influence of older and hardened criminals," said one member of the committee. "These rooms, so urgently needed, could be obtained by a rearrangement of the space in the jail. Such changes would necessitate very little expense and would still leave room for a jailer."

The federation has also recommended the improvement of the existing sanitary arrangements in the jail and the committee took that matter up with the court.

At the present time there is a single dark cell in one corner of the main part of the jail by a wall, and there are no rooms that could be used exclusively for boys. Sheriff Stickle and his family occupy three living rooms in the building.

MOTHERS ARE HONORED

EUGENE OBSERVES DAY OF LOVE AND TRIBUTE

Many Far From Home Will Send Greetings to Her to Whom They Owe So Much in Life

Honor to the best mother in the world—your mother. This spirit of the annual mothers' day prevails in Eugene today and many are the remembrances of love and thoughtfulness that have been arranged by men and women of this city to do honor to their mothers on the day set apart as a period of tribute to motherhood throughout the nation. Carnations—white for mother who has passed beyond and red for her who is living—will be worn today as a badge indicating that many have not forgotten the debt they owe their mothers.

Telegrams and telephone messages will go out today to many distant points as a greeting to mothers from their children who are unable to spend this annual day of tribute with them. Flowers and gifts as little remembrances of appreciation of the love of a mother are also being sent by those who though far away from home desire to express their unstinted love for their mother, the best in all the world.

National days are many, but none have taken such a hold on men and women as the second Sunday in May which a few years ago was designated as mothers' day, as a day of appreciation of the vast measure of love lavished upon children by their mothers. The spirit of the day has an universal appeal to all men and women and each year the observance of Mothers' day shows an increase in the many who do honor on this day of national tribute.

Special programs have been arranged for all the Eugene churches and the University of Oregon has also prepared a program of appreciation of the mother who will spend the week-end here as the guests of their sons and daughters. But above all will be those little parties at home where children blessed with a lively love for the observance of Mothers' day show an increase in the many who do honor on this day of national tribute.

BANK CLEARINGS HEAVY

OVER HALF MILLION DOLLARS IS RECORD OF WEEK

Last week was one of the biggest weeks in the history of the Eugene clearing house, according to the figures given out yesterday by the secretary. The total clearings amounted to more than half a million dollars, which is about twice as much as the clearings during the corresponding week last year. The clearings each day of the week were as follows:

Monday	\$ 64,196.02
Tuesday	85,327.02
Wednesday	96,907.73
Thursday	66,328.34
Friday	112,120.22
Saturday	104,807.87
Total	\$528,427.46

W. R. WALLACE SLATED

LOCAL BUSINESS MAN MAY BE COUNCIL MEMBER

Appointment to Fill Vacancy on City Board Will Be Made at Meeting Monday Night

Although there has been no official announcement as to who is slated as city councilman to fill the vacancy as the result of the resignation of O. N. Kaldor, rumor, strong and authentic, has it that W. R. Wallace will be the nominee at the meeting of the city council tomorrow night at which time it has been announced that the new member of the board is to be named. Mr. Wallace is a resident of the fourth ward which Mr. Kaldor has represented on the city council for the past few years. L. E. Simmons, elected as councillor from the district in the November election, has the power of selection of the successor to Mr. Kaldor, according to custom of the board.

Although Mr. Simmons recently announced that the candidate would not be made known until the meeting of the council, it is understood that Mr. Wallace has been selected and that his name will be presented for action at the board meeting tomorrow night.

Mr. Wallace has been in the cigar and tobacco business in Eugene for the past 12 years and has taken an active interest in civic affairs but has never held a city office. He is prominently known among many of the sportsmen of the state who come to Lake county each year for hunting and fishing and he has been instrumental in supporting many measures that have been taken by the state fish and game commission for the protection of the wild life of the state.

NEW BRIDGE TO BE BUILT

PILE STRUCTURE TO REPLACE COVERED SPAN

Old One Has Long Been Menace to Traffic Being Out of Line With Highway

A new bridge will be built across Bushnell slough on the Eugene-Corbush highway at once, according to announcement yesterday by the county commissioners.

The old bridge, a covered affair, has long outlived its usefulness and been a menace to traffic for a good many years. It is not in line with the highway, having been built the shortest way possible across the slough and before the sides of the cover were torn off a number of years ago persons in a vehicle approaching from either side could not possibly see another vehicle coming in the opposite direction.

The new bridge will be built on piles and will be open, according to the commissioners. A 60-foot fill will be put in to save a lot of money on the cost of the structure.

ROAD TO BE IMPROVED

ENGINEER SAYS LONDON SPRINGS WORK UNNECESSARY

Shame to Work This Section Which Is Now Best in County, Declares Morse

P. M. Morse, county engineer, who yesterday went over the Cottage Grove-London Springs road to ascertain which sections are to be rebuilt this summer under the improvement program of the county commissioners, said upon his return that the road is in better shape now than any road in the county outside the newly-built macadam highways, and it is even better than some of these as there has been no maintenance work done on them this year as has been the custom of other county roads, he said.

"This road will be 'improved' this year and next year it will not be in as good shape as it is now," said the engineer.

He declared that there are numerous roads in the western and eastern sections of the county that are in much worse condition than the Cottage Grove road but none of them are being improved.

The engineer said that Ed Tuller, former road patrolman for that district, had kept this particular road in fine shape for many years and it is still better than most other roads in the county.

Engineer Morse came back here by way of the Delight valley where Patrolman John Wright is building 1.3 miles of market road. The engineer said that Wright is doing a first-class job. The road, while crooked, will be much better than it formerly was and all of it will be above high water mark, a change in the route where it extended near the river having been effected.

Going out yesterday morning the engineer went by way of the Eugene-Lorane highway. Ralph Lynch, the contractor on a short section of new road near Gillette corner, had returned to his work, having been confined to a hospital in Eugene suffering from pneumonia. While he was away from his work the men employed by him, all of them farmers living in the locality and neighbors of his, kept the work going and excellent progress was made.

RIGHT OF WAY IS SOUGHT

HIGHWAY COMMISSION SUES

E. E. HALE AND WIFE

H. Hutton Begins Court Action Against Mrs. Lottie Rugh, Seeking to Recover \$100

E. E. Hale and wife, who own a small tract of land just north of Cottage Grove, where the new Pacific highway is being built, are being sued by the state highway commission to condemn the right-of-way through the land. When the county court made arrangements for right-of-way through other tracts they were under the impression that the Hale tract was a part of another under different ownership. The appraisers assessed the damages through the tract at \$100, but the owners refuse to accept the price, asking for more. Proceedings against Hale and wife were instituted yesterday.

H. Hutton yesterday instituted suit in circuit court against Mrs. Lottie Rugh, seeking a judgment in the sum of \$100, which he alleges he let the defendant have to use to his benefit. He seeks interest on that sum at the rate of six per cent per annum from March 6, 1922, which is the date he alleges that he gave the money to the defendant. Gordon S. Wells is attorney for the plaintiff. A motion for a non-suit in a previous action filed by Hutton against the Sam Rugh company, seeking to recover the \$100, was filed by his attorney.

COLLECT BUNDLES MAY 16

CLOTHING FOR NEAR EAST RELIEF TO BE GATHERED

May Be Left at Different Churches and Grangers' Warehouse or Will Be Called For

Bundles of clothing for the destitute people of the near east may be taken to the Presbyterian, Christian, Congregational or Baptist churches, the parish houses of the Catholic or Episcopal churches or the Eugene Grangers' warehouse on Pearl street May 16, the day set aside for collecting the bundles according to announcement of the committee in charge.

The following garments are those most needed by the near east relief: Coats, dresses, sweaters, all garments for children and infants, mittens, stockings, shoes (low heels, broad toes and tied in) blankets, any good pieces of material which can be made up into clothing, needles, thread, balls of yarn for mending, and any durable clothing can be used by an almost destitute people.

The committee asks that all who can possibly do so take their own bundles to the designated places but for those who cannot do so automobiles will be sent to

GROAT PAYS TWO FINE

HAD NO TRUCK LICENSE AND DRAGS LOGS ACROSS ROAD

Leslie Groat, who lives near Cottage Grove, violated the laws twice at one time, according to his own admission in the Eugene justice court yesterday. He pled guilty to the charge of operating a motor truck without a license and of dragging logs across county road without a permit from the county court. He was fined \$10 on each count by Justice of the Peace Jesse G. Wells. Groat pleaded an excuse for failure to get license for his truck that he was short of money and that he wanted to use the truck only for a few days to drag some logs out of Bonnie Perrine, who lives in the same neighborhood, was fined for driving a motor vehicle without a chauffeur's license.

OIL LAND LEASES READY

REV. D. E. OLSON WILL RECORD PAPERS HERE

Rev. David Eugene Olson, oil promoter, has more than 100 land leases to record at the office of the county clerk, according to announcement from his headquarters. The papers are all drawn up but owing to a misunderstanding as to a certain form to be followed they have been held up for a few days before being recorded.

Rev. Mr. Olson reported yesterday

COLEMAN TO BE SPEAKER

L. L. L. PRESIDENT WILL ADDRESS GRADUATES

Takes Place of President Weir of Pacific University at High School Commencement

President W. G. Weir, of Pacific university, who had promised to deliver the address before the graduating class of the Eugene high school June 1 yesterday sent word to E. F. Carleton, city superintendent of schools, that he has been called east on business and will be unable to come. Norman E. Coleman, of Portland, president of the Loyal Legion of Loggers and Lumbermen, will take his place as speaker.

Mr. Coleman was formerly a member of the faculty of Reed college and is well known among the educators of this country for his scholastic attainments. His work for the past several years as president of the Loyal Legion has kept him in personal contact with the great lumber camps of the West, and his success among them in teaching the fundamental principles of Americanism, as well as work in harmonizing the differences between labor and capital, has given him an experience and education that few men enjoy, says Superintendent Carleton.

WANT HIGHWAY ROLLED

COBURG PEOPLE ASK BETTER JOB ON NEW PROJECT

Twenty or More Interested Citizens Call on County Court and Present Grievances

Twenty or more residents of Coburg and vicinity yesterday asked the county court to have the surface of the new highway being built between Coburg bridge and the Linn county line rolled instead of leaving a rough crushed rock track, as called for in the contract.

A delegation from that section had a long session with the court. The men stated that in their opinion the surface of the highway would be much smoother and last longer if it were rolled and further they told the court that they thought the contractor could do better work than he is doing on the job.

The members of the delegation were promised that the work would be inspected in a few days, but no promise regarding rolling was made. It is the policy of the present commissioners to build highways this year without rolling.

SWIM TEST IS PLANNED

RED CROSS TO CONDUCT DEMONSTRATION HERE

Jack West, representative of the American Red Cross, will be in Eugene next month to hold a life-saving and swimming demonstration at the local organization. Medals and emblems are also to be awarded to the men, women and children that successfully pass the life-saving tests, according to Miss Grace Nelson, secretary of the Linn county chapter of the Red Cross.

"Every swimmer a life-saver" is the slogan of the national organization and an extensive program of encouragement in this line of activity is planned for the coming summer, the local official reports.

Quick Quaker Oats

Cooks to perfection in 3 to 5 minutes

Now Quaker Oats offer two great advantages over any other oats you can buy. First, a matchless flavor. They are flaked from queen grains only, so their flavor has won the world.

And now a quick-cooking style, perfected by our experts. It cooks in 3 to 5 minutes. It is the quickest-cooking oats in the world.

Made of the same queen grains, but the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Your grocer has both styles. If you want Quick Quaker look for "Quick" on the label. You will get the quickest-cooking oats in the world.

Tone and Beauty Only \$3.50 \$25 Down, \$10 Month

Tone and beauty distinguishes the Weir piano. Its beauty lies in case style and finish. Guaranteed 10 long years.

BIBLE CLASS POSTPONED

VACATION SCHOOLS NOT TO BE HELD THIS YEAR

In all probability the vacation Bible classes which have been held here during the summer months will not be organized this year, according to a committee from the local churches who reported that a lack of a sufficient number of leaders to undertake the educational program has led to the postponement of the work for the present summer. The classes last year were organized among the children of the Sunday schools of the Methodist, Baptist, Christian, Congregational and Presbyterian churches.

It is hoped by the committee representing the various churches interested that the work may be held again next year when leaders will be obtained to direct the work.
