F. M. KIZER, PIONEER, DIES

CITIZEN OF HARRISBURG SECTION PASSES AWAY (Special to the Register)—F. M. Kizer, honored pioneer and public citizen of this section, passed away early Saturday morning following a lingering illness at his home east of town. Mr. Kizer had passed his 85th birthday the Monday before his death. His death occurred on the farm on which he had lived continuously since he was a lad of 15 years. Francis Marion Kizer was born in Cedar county, Iowa, on June 11, 1838. He crossed the plains with his parents, Mr. and Mrs. Nicholas Kizer, and the family home was taken up on the farm east of town. Here it was that Mr. Kizer was united in marriage 64 years ago this coming Fourth of July to Miss Mary Wigle, the knot being tied by the late Rev. Luther White. Their golden wedding was celebrated in 1909 and it would have been possible for this same minister to have repeated the ceremony of 59 years previous. Mrs. Kizer remained her husband's life-long companion until her death in January, 1922, she also being 85 years of age.

MRS. McCANN PASSES ON

WIFE OF HARRISBURG MERCHANT CALLED BY DEATH (Special to the Register)—After many months of suffering from tuberculosis, Mrs. N. A. The remains were taken on to Salem Monday morning on the Oregon Electric where Mrs. McCann will be laid to rest in the cemetery there beside the remains of her only son, W. A. Freeze, a world war veteran, who died of wounds received in France. Mrs. McCann was born in Coffee county, Tennessee, on New Year's day, 1885. Tennessee remained her home until after 1909 when she was married to N. A. McCann. They came to Oregon, taking up their home in Salem where they remained until 1913 when they removed to McCoy, Ore., to conduct a store there. They came to Harrisburg two years ago and have since been in business here. Mrs. McCann was a member of the Presbyterian church for many years. Mrs. McCann leaves her husband to mourn her loss.

DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE PORTLAND, Ore., June 19.—Trend of the butter trade is steady to a fraction easier. Extension of tubs is 41c a pound. While this may indicate that the market is off fully 1c, the fact remains that only a very limited supply of even No. 1 tubs has been moved beyond that price. Potatoes not moving any two weeks. Market is overlanded badly with off-grade and No. 2 stock. There is such an abundance of such offerings along the Pacific slope that it may have an adverse effect upon the price available for the better class offerings. In the meantime there is no surplus of No. 1 butter here that does not receive prompt attention. Ice cream manufacturers continue to take on liberal stocks of sweet or unsalted butter in anticipation of liberal fourth of July needs. Market for butterfat is showing a real strong tone.

COLORED EGGS IN BEST CALL

While the entire local egg market appears to show a keen request for all offerings, mixed colors are in best demand with buying prices generally at 23c. 23 1-2c dozen; henery whites at 25c @ 26c.

ALL POULTRY SHOWS DEMAND

All poultry is today showing a good demand here. Heavy stuff continues to be best call, but even light stuff is moving well. Aside from chickens, arrivals and prices are considered nominal.

VEAL DEMAND AGAIN KEEN

Demand for country-killed calves continues to reflect keenness, although a better supply is showing. Bulk of the sales of top quality are around 14c, although a fraction more or less has been obtained. Hogs not moving any two weeks. Most sales 11c for tops.

STRAWBERRY PRICES BROKEN

Strawberry prices ruled between \$1.00 @ \$1.50 per crate on the East Side Farmers' market, with the better class stuff at \$1.25 @ \$1.50. On front street shipping sales were at \$1.75 for best offerings. Raspberries sold at \$3.50 on the Farmers' market.

CURRENT PRICES ARE DOWN

With increased supplies, currents sold 20c higher than \$2.00 per crate on the East Side Farmers' market for the day, and demand was slow. Indications point to a further sharp cut in values within the next few days.

MAY FIGHT DISMISSAL

COMMISSIONER HALLOCK COMMENTS ON PIERCE'S ACTION Resents Summary Discharge from Game Body and Says Action is Silly Blaine Hallock of Baker, one of the four game commissioners recently dismissed by Governor Pierce, is not disposed to submit quietly to his discharge, without knowing something of the reasons back of it. While at the state meeting of chamber of commerce delegates here he said that he regards the alleged basis for the hasty action taken by Governor Pierce as silly. Mr. Hallock said he had no intention at present of fighting his dismissal, but might decide to do so later. "I naturally resent the summary manner of our dismissal," he said. "None of us was accorded the common courtesy of knowing why we were discharged. "The governor assigns as reason for his action a lack of harmony and also political manipulation. During the three years I have been a member of the board, I have been absolute harmony. When he talks about lack of harmony, the governor is like one who tosses a pebble into a quiet pool and then resents the fact that the surface of the water is disturbed and waves are created. "The charge of political manipulation is equally groundless. We never discussed the politics of anyone and nobody cared. "Mr. Hallock is himself a Democrat. He intimated that the appointment of F. Roy Davis of Medford to the commission recently by the governor was like the casting of a rock in a still lake and that the resulting disturbance was caused by the governor's own act. Mr. Hallock is concerned lest Captain Harshbarger and other efficient members of the personnel of the commission be replaced. He regards it as vital that these men be retained so that the work of the commission may be continued on the present satisfactory basis.

Distilled That word means purity, cleanliness, uniformity. Distilled water is the purest water. That's why you should use SUNOCO THE DISTILLED OIL in your motor. Distillation removes the impurities that prevent perfect lubrication. It makes every drop of Sunoco like every other drop. That's why Sunoco will not break down as motor oils compounded of light oil and heavy "cylinder stock" do. Sunoco gives much better lubrication because it's pure— More power because it gives better compression— You use less oil— And your car lasts longer— Made in six types—one is best for your motor.
