SCHUMANN WILL GO EAST

EUGENIAN TO ATTEND MOOSE SESSION
Carl Schumann, member of the Eugene lodge of the Loyal Order of Moose, will attend the annual session of the order to be held at Mooseheart, Illinois, the week of June 25, according to officials of the local lodge. Mr. Schumann has all expenses paid on the trip being one of a group of 50 contributors to the Mooseheart extension fund who were selected by the national officers for the event.

The women of the local Mooseheart legion discussed the possibility of sending a delegate to the Mooseheart session but no action has been taken.

EARLIEST GRADUATES OF UNIVERSITY MEET HERE

First Annual Reunion of Real Old-Timers Held

BASS ELECTED CHAIRMAN

Members of Classes 40 Years Back Come from Many Parts of Country to Be Present

The first large gathering of the old-time alumni of the University of Oregon held in recent years convened yesterday in morning and afternoon sessions in the alumni hall at the university building. Fifty alumni and former students of Oregon whose graduation and attendance dates ranged from 1876 to 1890 were present. In the morning session Daniel Waldo Bass, proprietor of the Frye hotel in Seattle, was elected permanent chairman and it was decided to hold the meetings every year if possible.

Elta Armitage Henderson, '90, of Hico, Ore., Dr. J. W. Bean, '80, of Ventura, Cal., and Daniel Waldo Bass, of Seattle, represented the farthest points of the compass touched by the gathering.

The afternoon session was devoted to reminiscences of the days at Oregon when vine-clad Villard and stately Deady were the only buildings and compared to the enrollment of the present day there was but a handful of students on the campus.

Dean Straub checked when Dean John Straub, who is now 70 years old and who has been in the continuous service of the university for 28 years, rose to speak, the entire body of alumni rose to their feet and cheered the stately old man. Dean Straub addressed them as his boys and girls and called them all by their first names. The dean is the only member of the faculty whose service dated back to the time of all the old students present.

The gathering of the old-time students of Oregon witnessed the meeting of Walter Eakin, '84, of Astoria and Dan W. Bass, '85, of Seattle, who had not seen each other for 38 years. The appreciation of the service of Dean Straub and the faculty was expressed in the address of Robert Johnson, '87, of Portland. "To them we make acknowledgement of a debt that never can be discharged," he said, "and to say to them that it was no mark of disrespect, but rather one of affection, when we spoke of them among ourselves in our student days." Johnny Straub, Tommy Condon, Buck Hawthorne and Ma Spiller.

Many in Attendance

Alumni and ex-students who attended the meeting are: W. L. Boise, '80; C. S. Bowles, '82; Robert C. Johnson, '87; Owen Osburn, '80; L. J. Davis, '89; Margaret McClung Westerbe, '89; Eugene C. MISTAKE TO LEAVE ROADS UNROLLED SAYS BARNARD

TELLS OF OBSERVATIONS

Several Cities Visited and Parks Inspected — Improvements in Local Parks Suggested

County Judge C. P. Barnard, while on a week-end trip as far south as Ashland, made a side trip over a portion of the new Roseburg-Coos Bay highway and said he found that the grade is fine but that the surface was put on without rolling, and he declared that he was more than ever convinced that it is a mistake to build this kind of roads.

SUGAR DEMAND IS LESS

HIGH PRICE SLOWS UP BUYING IN LOCAL MARKET

Purchasers Are Only Ordering for Present Needs and Evidently Waiting Drop, Is Report

That the advance in the price of sugar has resulted in a slackening of demand in the local market is indicated by the opinion expressed by local wholesale and retail dealers that the volume this year is not up to the peak of last year during the canning season. A present figure fluctuating around \$10.75 per 100-pound sack is a marked advance from the prevailing quotations of about \$7.50 per 100 pounds during the heavy sugar demand of last year.

Although local dealers report that the lessened demand for sugar has not reached the proportions of a buying strike they state that buyers are conservative in their purchasing and that orders are being held down to strict necessities with indications that a policy of watchful waiting is being pursued in the local market. The present price seems to hold steady in spite of the lack of heavy purchasing in the local market, they report.

Whether the price of sugar will show any signs of a drop in price in the near future is a matter of doubt among dealers of this city. The present price seems to hold steady in spite of the lack of heavy purchasing in the local market, they report.

WIFE BEAT HIM IS CLAIM

L. C. HELMER SUES NELLIE HELMER FOR DIVORCE

Mrs. Nellie Whetstone Sued by Fidelity Security Corporation on Promissory Note

Claiming that his wife has beaten him and that she has otherwise treated him in a cruel and inhuman manner, L. C. Helmer yesterday filed suit in circuit court against Nellie Helmer for divorce and for the care and custody of their six children, as follows: James, 15; Loren, 6, and Cecil, 3. Helmer alleges that his wife called him vile and indecent names before the children and that she deserted him and the children. They were married at Hood River August 1, 1907. S. M. Calkins appears as attorney for the plaintiff.

The Fidelity Security corporation yesterday filed suit against Mrs. Nellie Whetstone, seeking a judgment in the sum of \$81.50, alleged due as the balance on a promissory note for \$200, together with interest in the sum of \$118, with 10 per cent interest from May 16, 1922, and \$50 attorney fee.

C. H. Johnson yesterday was given a judgment against the Hoyt Lumber and Manufacturing company in the sum of \$118, with 10 per cent interest from May 16, 1922, and \$50 attorney fee.

ROAD WORK TO BE LET

MOHAWK VALLEY CONTRACT WILL BE AWARDED

The contract for the resurfacing of the Hayden bridge and Wendling, a distance of 14 miles, will probably be let today, according to members of the county court. The bids were opened last Friday and the members of the court agreed to leave the matter over until yesterday as Judge Barnard wanted to be out of the city for a few days. When the court met yesterday the members wanted to consider the bids further and postponed letting the contract until today.

The M. Ego Construction company had the lowest bid but the members of the court hesitated to let him have the job as he has two other county contracts and it was thought he might not be able to complete this one before fall, if let to him.

The Ego company's bid was \$34,500, or at the rate of \$2.85 a yard for the 12,000 cubic yards of crushed rock and 50 cents a yard for the 600 cubic yards of earth filler. Other bids were as follows: C. E. Mercer, of Eugene, \$27,500, or at the rate of \$2.10 a yard for the rock and 50 cents a yard for the earth; Theodore Knudsen, \$40,770, or at the rate of \$3.35 a yard for the rock and 75 cents a yard for the earth.

FAIR TO HAVE BUILDING

WESTERN LANE EXHIBIT MAY BE HOUSED

Negotiations are under way between George Melvin Miller of this city and officials of the Western Lane County Fair association for the purchase of a site near Florence for a building to house the annual display. A building at Glenada owned by Captain Charles Fox is to be purchased and will be towed across the river on a barge and placed on the proposed fair site, according to the plans that are being made.

The Glenada building is a story and one-half high and has a dance hall on the second floor. It is expected that a permanent fair building for the annual exhibition will be ready for the fall; if present plans carry.

NEW GRAND JURY CHOSEN

HART BROTHERS EXPECTED TO BE INDICTED AG AIN
First Session Will Be Held This Afternoon When Moonshine Still Case Will Be Taken Up

Judge Skipworth yesterday empaneled a new grand jury and the first session will be held this afternoon when the case of John and Albert Hart, charged with operating a still, will be taken up again. The indictments against these men were quashed a few days ago because of a technical error.

The Hart brothers are accused of operating the still that was captured several weeks ago by Sheriff Stickle and his deputies in the mountains near Hendricks bridge, on the McKenzie river. Mark Broom, also indicted on that charge, has never been arrested.

One or two other cases may come up for consideration by this grand jury before it adjourns. The members selected by Judge Skipworth are from the regular trial jury panel and are G. W. Carson, carpenter, Springfield; William Seavey, farmer, of Springfield; R. F. D. No. 1; J. W. Hockaday, farmer, of Eugene motor route A; Otto Brabham, farmer, of Springfield; M. J. McKinnis, farmer, of Springfield; Richard Hileman, farmer, of Mabel; and J. E. Skelton, farmer, of Lorane.
