Many Go to Oakridge (Register Lane County Special) SPRINGFIELD, Ore., July 21.—The summer heat is driving many people up the Willamette for Sunday week-end trips, states George Godfrey, Southern Pacific agent. Most of the travelers are loaded down with fishing tackle and camping outfit, he says, and all express satisfaction over again having a daily train to and from the Oakridge country.

Mack Haines on Vacation (Register Lane County Special) SPRINGFIELD, Ore., July 21.—Mack Haines, of the Springfield Mill and Grain company, is leaving today for Bend, Oregon, on a vacation of two weeks. He and his family will also go to Crater lake, Klamath Falls and other points before returning. The trip is being made by motor.

BOOTH-KELLY DAM OUT MILL WILL BE SHUT DOWN UNTIL FIRST OF WEEK (Register Lane County Special) SPRINGFIELD, Ore., July 21.—The big dam of the Booth-Kelly Lumber company here was almost completely emptied last night, due to a washout near the spillway. A hole about 20 feet long was opened up in some way, and the water rushed out, tearing out one side of the fill.

A large crew of men and several teams are now working to repair the damage, but the dam will not be ready for use before Tuesday or possibly Wednesday, it is announced. The mill will start as soon as the dam is ready. New timbers will have to be put in in place, and considerable dirt will be used before the hole is closed. A large intake pipe, 22 inches in diameter, had to be cut by an acetone torch in order for the work to proceed. No logs can be dumped in the pond until the water is in, and many loaded cars are being held on the sidings.

3 FINED AT SPRINGFIELD TWO PAY \$10 EACH ON SPEED CHARGE IN CITY (Register Lane County Special) SPRINGFIELD, Ore., July 21.—Two speeders were assessed \$10 each at the Springfield court this week by Judge J. W. Coffin, and another traffic law violator paid a fine of two dollars for parking too near a hydrant.

Those fined were Fred Johnson, speeding; C. McKinney, speeding; J. Wilbur, too close to hydrant.

GRAIN TO BE CARED FOR SPRINGFIELD COMPANY WILL STORE 120,000 BUSHELS (Register Lane County Special) SPRINGFIELD, Ore., July 21.—Abundance of wheat means prosperity for farmers, says G. G. Bushman, Mill Head.

(Register Lane County Special) SPRINGFIELD, Ore., July 21.—Preparations to handle the largest grain crop this valley has known in years are now under way at the plants of the Springfield Mill and Grain company, announces G. G. Bushman, president. Considerable remodeling and repairing of the grain elevator is now being done in order to better handle the crop. Wheat bins are now being cleaned, sprayed and where possible enlarged. The bins will have a capacity of more than 120,000 bushels of wheat, most of which the company expects ultimately to buy.

"Due to present indications for low prices for grain, we have arranged to store wheat in our bins for the farmers. This can be held and sold when the price advances. The warehouses will be bonded both by the state and county, and will furnish free insurance. This will be a great help to the farmer, since he can hold his grain in a secure place until he can get a fairer price for it," said Mr. Bushman.

Farmers bringing their grain to the warehouse will be given negotiable receipts, which, since the

grain is adequately insured, will be as good as cash. In addition to preparing the warehouse for the large crop of grain, the company is also getting ready to handle considerable export business, it is announced. Flour made at the local plant will go to all parts of the world, it is stated, and much of it will be shipped to China and the Orient. "An abundance of grain means a great deal of export business," it is pointed out, "and export business brings money into this country, which makes for a general prosperity for all."

The Springfield Mill and Grain company has been under the management of the Bushman family for the past four years, and has grown steadily in that time, it is stated.

MRS. HINCKEY NERVOUS WRECK Tells How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Memphis, Tenn.—"Two years ago I was completely run-down and my mind was so bad I was a wreck. I could not sleep a room without resting. I could not do my work except a little at a time, and the doctor's medicine did not help me. One day some one gave me a little book on my porch, and in it I read several testimonials of women who had been like myself. I went right out and got me a bottle of Lydia E. Pinkham's Vegetable Compound, and before I had taken the whole of that bottle I knew it was helping me. I took six bottles, and in about three months I took two more. Now I am in perfect health. I do all of my own work and could do more. I can truly say that I know Lydia E. Pinkham's Vegetable Compound gave me my health."

Mrs. O. J. HINCKEY, 316 Union Ave., Memphis, Tenn.
