36 LITTLE ONES TO ATTEND REX MOVIE SHOW

"Penrod and Sam" Will Be Presented at Local Playhouse Next Friday and Saturday

Thirty-six boys and girls of Eugene will be the guests of the Rex theater at the film presentation of "Penrod and Sam" at the local playhouse next Friday and Saturday.

The lucky ones were winners in the contest to fit together a cut-out picture appearing in the Morning Register of last Sunday.

The following are the winners: Marian Powell, 563 Lawrence street.

Clara A. Bradley, 192 Jefferson street.

Bruce Buchler, Motor Route B, Ennet Gate, 450 Fifth avenue west.

John Monroe, 2650 Garden street.

Theodore Soder, P. O. Box 355, Eugene.

Gail Elliott, 546 Oak street.

Dorothy Soder, Box 355, Eugene.

Arnold Nelson, 456 Blair street.

George Dutton, 1561 Ferry street.

Beverly Marlatt, 755 Seventeenth avenue east.

Fred Wheeler, 1532 Willamette street.

Robert Allen, 2229 Birch lane.

Lloyd Caldwell, 651 Eleventh avenue west.

Shirley Richards, 621 Eleventh avenue west.

Edmund Carlton, 1237 Ferry street.

Bernice Whitaker, 360 Monroe street.

Kenneth Caldwell, 651 Eleventh avenue west.

Margaret Spicer, 171 Thirteenth avenue east.

Charlotte Green, 471 Thirteenth avenue east.

Robert Spicer, 171 Thirteenth avenue west.

Stephen Crocker, 432 Eleventh avenue west.

Glen Rutherford, Gladys Simons, 1506 Orchard street.

Janet Thatcher, 1922 University street.

Sylvia Lasater, 626 Pearl street.

Ivan McClew, 780 Washington street.

Gertrude Haugan, Motor "B", Edna Wagenman, 829 Charnelton street.

Ronald Abrams, Springfield, Gladys Turner, 975 Seventh avenue west.

Jack Taylor, 1840 Agate street, Jewel Tanner, 975 Seventh avenue west.

Inez Jenny, 441 Sixteenth avenue east.

W. W. Bristow, Jr., 341 Adams street.

Roma Gross, 638 Charnelton street.

GRADING SYSTEM FAILS

INDIVIDUAL IS UNIT NOW SAYS ST. PAUL MAN

Speaker at Summer School Session Outlines New Plans for Handling Grades

"Our school grade system is breaking down just as fast as it can without falling in a heap," said Dr. J. J. Johnson, of the bureau of educational research, St. Paul, Minnesota, speaking before the summer session assembly on Tuesday.

The present tendency in education, said Dr. Johnson, is away from mass room instruction and more toward individual instruction for pupils.

"Various societies," said the speaker, "have begun interesting experiments in trying a new method of laying out for children certain definite material for each grade, that the children have to cover." Dr. Johnson went on to explain that by this method the child learns step by step, takes an examination when he has completed what was laid out for him to do, and thus failures and retardation are avoided.

"The difficulty in modern education is that we try to teach all children alike," said Dr. Johnson. Landmarks in this gradual trend toward individual instruction and the consideration of each child on an individual basis, are the new books being written on scientific methods of instruction. Among these books Dr. Johnson mentioned Thorndyke's Psychology of Arithmetic and the Teachers' Word Book. The first book points out the fallacy in the average text book in arithmetic which presents problems in the order that have no relation to life or the facts of life.

The second book divides all the most commonly used words into division of hundreds, with the most common in the first hundred and the least common in the last hundred. The book also attempts to prove that there are certain words that are easily learned and others that are difficult. By the use of the book a teacher can know what words a child will be able to learn in a certain grade.

ROAD BOARD IS COMING

STATE HIGHWAY COMMISSION TO VIEW ROUTE

Proposed Improvement North of Florence Will Be Investigated Within Next Two Weeks

Inspection of the section of the Roosevelt highway north from Florence will be made by the Oregon state highway commission within the next two weeks, is the report of Judge C. P. Barnard of the Lane county court, who returned last night after attending the meeting of the state commission at Portland.

State funds to match the Lane county appropriation were asked for by members of the Lane county court at the highway session, according to Judge Barnard, and although no action was taken, the state board promised that the project would be thoroughly investigated, and prospects seem good for the additional state appropriation to complete the road to the judge's state.

The state highway commission on its inspection tour will also look over the contemplated route of the Rainrock road west, which has never been officially located, although the proposed route has been surveyed. It is possible that some action may be taken on this road project following the report of the state board in the near future, according to Judge Barnard.

The contract for the traveling of the Cottage Grove Pacific highway job of .64 mile was granted to H. W. Oliver at a cost of \$3072. This was the only Lane county road contract let at the highway meeting.

By the use of the book a teacher can know what words a child will be able to learn in a certain grade.

CAMP REPORTS PLANNED

AUTO PARKS OF TWO STATES TO BE INSPECTED

Dr. Bertha Stewart of This City Plans Trip of Month to Obtain Data for National Association

To compile a report on the hygienic conditions of the automobile camps of Oregon and Washington for the National Playground association of America, Dr. Bertha Stewart of this city will leave Sunday, accompanied by her husband, Colin V. Stewart, of the University of Oregon, on a tour of the two states and plans are made to visit about 20 camps during the month that is scheduled for the investigation trip.

Detailed reports on the accommodations of all camps and the arrangements that have been made for the keeping of the parks in a sanitary and healthful condition for tourists and others that make use of the camps will be submitted to the National Playground association by Dr. Stewart. The reports for the national association will be compiled in each of the states some time during the present summer, and it is expected that a report on the conditions in practically all automobile camps in the United States will be available for publication early next year. Dr. Stewart expects that her report on the camps of Oregon and Washington will be completed and forwarded to national headquarters of the playground association about September 1.

The Eugene municipal automobile camp will be the first tourist park to be inspected before the start of the trip to other points in Oregon and the trip through Washington.

Pierce Proclaims Potato Grades SALEM, Ore., July 31.—Governor Pierce today issued a proclamation, under an act of the 1923 legislature, to the effect from this date on all potatoes sold or offered for sale in Oregon shall conform to the state and federal grades for potatoes.

REPORT ON FINES MADE

CITY ENRICHED BY \$709.50 DURING PAST MONTH

Fifty Offenders Face Judge King and Contribute to Municipal Treasury, Figures Show

Fines in the Eugene police court during the month of July totaled \$709.50, according to a report compiled by Judge Alta King, city recorder. A total of 59 offenders contributed this amount to the municipal funds, according to the judge. Fifteen licenses were issued during the month, bringing a total revenue of \$148 to the city. Ten milk sale and dairy licenses were issued during the month with a total of \$18 reported as income. Six permits to cut paving for improvement work were granted and this brought \$60 into the city treasury, according to the report of the recorder.

The first 15 days in July were the most productive, as 18 offenders in court paid in fines a total of \$421. The last half of the month, with 32 facing the judge, brought into the municipal coffers only \$288.50. Violators of the motor car laws were the chief offenders the latter part of the month.

HERE ARE THE WORLD'S EIGHT RICHEST MEN

Above: Henry Ford, John D. Rockefeller, Hugo Stinnes & Andrew Mellon. Below: Duke of Westminster, Gaskwar of Baroda, Percy Rockefeller, Baron Matsui

Henry Ford has passed John D. Rockefeller as the world's richest man, the Detroit automobile manufacturer being worth, according to conservative estimates, at least one billion dollars. Rockefeller's wealth is considered a close second. Hugo Stinnes, the great German industrialist, is believed to rank as the third richest man. Andrew H. Mellon, of Pittsburgh, now secretary of the treasury in President Harding's cabinet, is worth at least \$750,000,000. The Duke of Westminster, largest owner of landed estates and other property in England, is believed to be worth \$100,000,000. Baron Matsui is known as the "Rockefeller of Japan." The Gaskwar of Baroda is India's wealthiest potentate, with incalculable wealth. Percy A. Rockefeller is believed to have inherited at least \$180,000,000 from his father, the late William Rockefeller, brother of John D.

Victrola

Look under the lid and on the labels for these Victor trade-marks Victor Talking Machine Company, Camden, N.J.

Eugene's Victrola Service

At exactly the same moment new Victor records are placed on sale in the large music stores of New York-city—so they are at Laraway's—never has our Victor Record stock been so complete, never has our service been so perfect as now.

The new "Flat Tops" in the genuine Victrola are now being demonstrated at Laraway's—the prices at Laraway's are guaranteed to be as low as anywhere in the United States. This is indeed a remarkable service for Eugene.
