Legion to Meet Friday
 (Register Lane County Special)
 A meeting of the Springfield American Legion is scheduled for Friday evening, according to Oswald M. Olson, commander. Important business in connection with the convention to be held at Seaside early next month will be discussed at this time, and other matters are also to be brought up. It is announced. A full attendance for the meeting is desired, states the commander.

Springfield News Plant to Move
 (Register Lane County Special)
 The new quarters of the Springfield News, which will be in the Odd Fellows' building on Main street, are now being put in shape and the plant will move in the near future, says Floyd Westerfield, manager. The present quarters of the News will be occupied by the new Simmons garage. An efficient arrangement of the shop is planned, and when the move is completed, the local printing plant

will be one of the most modern and efficient plants of its size in Oregon. H. Elmer Macey, formerly of the Eugene Daily Guard, is editor of the paper, which is reported to be growing and gaining prestige rapidly.

Springfield Millers Week
 (Register Lane County Special)
 The week of the millers, which is a harvest much heavier than usual, the crew at the Springfield Mill and Grain company plant here has been working until late at night for the past week in an effort to meet demands made upon them. The wheat is of a very high quality this year, as well as being unusually abundant, says G. G. Johnson, manager of the mill, and a great deal of activity is looked for during the coming season.

BUSINESS OUTLOOK GOOD

ASSURANCE OF CUTOFF WORK REVIVES SPRINGFIELD

Many Property Owners Looking Up Back Assessments—Expansion Era Already Starting
 (Register Lane County Special)
 SPRINGFIELD, Ore., Aug. 16.—Since the decision of the Springfield millers to proceed at once, business in Springfield is reviving with a rush, according to J. W. Coffin, city recorder, who states that several persons daily come into his office to look up back assessments on property, and it is rumored that considerable speculation on houses, lots and business property is about to take place. Every house in town is occupied at present, according to local realtors, and there is a brisk demand for saleable property of any kind.

The E. C. Simmons company of Eugene, Lane county Ford distributors, are soon to install a complete garage and automobile repair shop in the heart of the city, a new restaurant has been opened, and other business ventures are expected to soon fill every vacant store building in the town.

Depee Has Large Tract
 The Southern Pacific company owns a large tract of land, ample enough for large repair shops and storage tracks, near the depot there and it is the opinion of local citizens that the shops will be built as soon as work is started on the cutoff. Many are holding property, expecting values to double in a few years.

The new mill of the Western Lumber company at Westfir, near Oakridge, and numerous smaller mills that have started up lately near Springfield, have helped to improve conditions here, and a substantial era of prosperity is now looked for.

BOND ISSUE IS DEFERRED

SPECIAL MEETING HELD BY SPRINGFIELD COUNCIL

(Register Lane County Special)
 SPRINGFIELD, Ore., Aug. 16.—Decision on the city bond issue of Springfield was deferred until September 10, at which time W. G. Hughes, city treasurer, will make a complete report, it was decided at a special meeting of the city council held August 14. A Portland bond dealer was present to explain the issue, and Attorney Immel also spoke on the advisability of the move at this time. Mr. Hughes was instructed to investigate the matter thoroughly and report on it at the next meeting.

At the council meeting held August 13 E. C. Simmons was granted permission to cut the sidewalk for his new garage that will occupy the space where the Springfield News plant is. The American Legion was granted a permit to hold a dance August 25 on Fourth street between A and B streets, and it was decided to instruct the Mountain States Power company to install a fire hydrant on Fourth street.

The city recorder, J. W. Coffin, was also instructed at this time to prepare an ordinance similar to the one now in effect in Eugene in regard to junk dealers and peddlers, and to present it at the next meeting. The recorder was also instructed to make a change in the ordinance number 201, section 2, regarding street signs.

Mayor E. C. Eggiman presided over the meeting. In attendance were H. E. Meghner, W. N. Lons and M. J. McElm, members of the council, and J. W. Coffin, city recorder. Councilman L. J. Lepley was absent.

DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE

PORTLAND, Ore., Aug. 16.—Thursday's advance in the price of butter here on Puget Sound was not the result of any real shortage of offerings as compared with the demand, but due to the efforts of storage operators to withdraw some of the short-hold stuff. The advance was 12 cents a pound for both butter and butterfat, placing best prints at 47c and butterfat at 46c per pound for No. 1, Portland delivery.

Cube market is uniformly firm with central airfreights extremely scarce, at 43c and no-called state extras at 41c per pound.

The advance in the price of butter was somewhat of a surprise to the general trade and was not in sight until a late hour Wednesday to become effective Thursday morning.

A meeting of cream shippers and creamery interests will be held in the Oregon building here next Wednesday, when an effort will be made to secure better cream so that the price of butterfat can be elevated here.

EGG SITUATION IS STRONGER

Market for eggs is stronger generally with most dealers quoting the 1c rise named by some of the smaller operators yesterday. Buying prices generally are unchanged, but some are paying an additional cent premium.

CANTALOUPE PRICES HIGHER

Cantaloupe prices have again been boosted here with an extreme of 34c for California stock, which is likewise an extreme for the mixed-naked offerings from the Dulles. Good cantaloupes are really scarce, but the market has much "junk."

PEACH PRICES ARE STRONGER

Generally stronger prices are shown throughout the peach trade and especially for large sizes and for quality. Occasional sales of selected lots are shown as high as \$1.25, but the general top remains at \$1.25. It is impossible to get the top for dry-rot stock.

TOMATO OFFERINGS ARE SHORT

Very short supply of tomatoes was shown locally for the day. Efforts to get additional stocks from California have thus far failed. Offerings from the Dulles are more limited and there is not as yet sufficient home-grown to affect the trade. Top price generally \$1.75, with occasional real selection as high as \$2.00.

CORN SUPPLIES ARE MOVING

There is too great a supply of green and yellow corn at this time and much of the crop is likely to be wasted. Consumers are being asked to look for corn, considering the wholesale price. Growers have sold to wholesalers as low as 25¢ a sack, although the general price remains listed as high as \$1 for green and \$1.35 for yellow.

PORTLAND, Ore., Aug. 16.

The following are wholesale prices to retailers except where otherwise noted:

"Cresca" Imported Delicacies

Again we demonstrate the fact that we always have in mind the desires of our customers. For people who like choice foods and something different, we offer the famous Cresca line of imported foods. From all quarters of the globe come the products which the Cresca company offers. Purity and high quality is assured by this name—and that is what we want you to have in all lines of goods. Throughout this entire food department store this same thought of quality and purity is kept in mind, always.

"More Than a Little Better"

Is what people say of these delicacies. Here are some of the things offered for your choosing. Genuine Russian caviar, French mustard and olive oil, French boneless sardines, Japanese crab, caper sauce, mushrooms, puree of liver, truffled, and Filets of anchovies. Try some of the "giant" size Queen olives (stuffed or green) when you want something extra nice. Guava jelly, orange marmalade, genuine Smyrna figs, stuffed figs and dates, and crystallized stem ginger. For your salad use imported string beans. We also have Anchovy paste, Antipasto and baby Artichoke hearts.

Can Peaches Next Week

Peaches from some of the best orchards will be coming in next week—Crawfords, Elbertas and Charlottes. Let us know how many you want for canning and we will have them for you. We already have some home-grown peaches for table use, also Maynard and Damson plums—and egg plums that are delicious.

Eat More Summer Vegetables

During this hot weather try eating more cooling vegetables. They are rich in food value and take less time in the hot kitchen. Use our bakery and delicatessen to save you work and worry. Summer squash, pumpkins, field-grown tomatoes, pickling cucumbers and roasting ears are some of the especially good things here.
