WORK ON CHURCH STARTS

NEW BUILDING TO RISE IN SPRINGFIELD SOON Home of Christian Church to Cost \$10,000—Will Occupy Site of Old Edifice

(Register Lane County Special) SPRINGFIELD, Ore., Aug. 20.—Work on the construction of new church home for the First Christian church of this city will be started this week, it was decided at the regular church meeting held yesterday morning. The building committee reported at this time, and definite plans for the work were laid out at a meeting of this group this evening.

The new edifice, which will probably be of stucco finish, will cost approximately 10,000, it was decided. The new home will be one of the finest churches in this part of Oregon when completed, is the opinion of a bit of lumber of the congregation. The building will occupy the site of the old one, on A and Fourth, which burned down August 26, of last year. Morrison's home has been used as a temporary meeting place since then, and all members have been working hard to complete arrangements for the new church home.

Members of the building committee, who will have charge of the construction are S. G. Moehler, W. J. Lepley and M. J. McKlin.

WANTS TO HELP OTHER WOMEN

Grateful for Health Restored by Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I am willing to write to any girl or woman who is suffering from the troubles I had before I took Lydia E. Pinkham's Vegetable Compound. My back always ached, so I could not go about my household work, and I had other troubles from weakness. I was this way for years, then my sister-in-law took the Vegetable Compound and recommended it to me. In the time I have been taking it, it has done wonders for me. I keep a bottle and am able to do lots of work besides."—Mrs. HELEN SEVICK, 2711 Thomas St., Chicago, Ill.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weakness should take Lydia E. Pinkham's Vegetable Compound. Not only is it the worth of this splendid medicine shown by such cases as this, but for nearly fifty years this same sort of experience has been reported by thousands of women.

Mrs. Sevick is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

Kenicia highway about a mile east of Springfield yesterday morning about nine o'clock.

A traveler who was passing discovered the blaze while it was small, but the school well was dry and before he could bring water from the nearest farm house the fire was beyond control. The Springfield fire department responded but since the building is of wooden construction, it was burning briskly by the time it arrived. The organ and a few desks were the only property saved.

The building was constructed several years ago at a cost of about \$1000 but it is estimated that it will take at least \$3000 to rebuild it now. Insurance amounting to \$1600 was carried, according to Mrs. Phillip Saul, clerk.

About 40 pupils in that neighborhood attend the school, and construction work on a new building will start soon. It was decided at a meeting of the directors of the school held today—F. E. McEhee, Phillip Saul and A. E. Harper.

DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE PORTLAND, Ore., Aug. 20.—Demand for eggs is so much greater than supply that storage eggs have been forced on the market. Eggs at the 1c advance made in fresh stock at the opening of business Monday, the trade took everything in sight. Fresh sets sold at 30c per dozen with storage sets of the same quality going to 25c. Fancy piled colors storage eggs sold for 35c.

The butter market is in good condition. The production is dwindling a little, but quality is improving, so market conditions are about equal. Consumption is about normal. Generally speaking the butter market shows improvement.

SUGAR DOWN ANOTHER DIME Wholesale price of sugar took another 10c decline Monday morning, following a wire received by local wholesalers from California refiners.

DEMAND FOR SPRING DUCKS Demand continued brisk for spring ducks, with the result that 10c per lb. has been secured for some. Chicken and dressed meat market are about normal.

CANTALOUPE PRICES ARE OFF Owing to heavy shipments from the Wasco, Cal., district, cantaloupe prices showed a little weakness Monday. Standards sold generally around \$3.50, except on extra fancy Turlock, which went in a limited way for \$3.75. Yakima Rocky Ford and Burrell Gems are quoted at \$4.

TOMATOES CONTINUE SCARCE Tomato supply was again scarce, resulting in continued high prices. Two dollars were generally asked with some going as high as \$2.25 on extra fancy stock, packed properly. Much of the stock arriving could not be sold to growers' trade without repacking. Growers seem to be careless about grading, and produce is not in liberal way at present, but about next week they will be scarce. It is almost an annual occurrence for the trade to begin looking for Crawford peaches about the time they are gone.

PEACH MOVEMENT VERY SLOW For some peculiar reason the trade does not seem to be taking hold of peaches. It can hardly be a matter of price. Crawford are in liberal way at present, but about next week they will be scarce. It is almost an annual occurrence for the trade to begin looking for Crawford peaches about the time they are gone.
