CROP CONDITIONS GOOD

WEEKLY REPORT OF WEATHER BUREAU IS ISSUED

Small Acreage of Wheat Remains to Be Harvested—Fruit Picking Is at Height

Summary of crop and weather conditions in all parts of the state for the week ending September 5 is given in the weekly bulletin of the weather bureau as follows:

The week was generally warm, some temperatures of 100 degrees having occurred in the fore part, but toward the close some rather cool nights were experienced. A few small areas were visited by light rain, and there was some fog along the coast. During the fore part of the week forest fires were dangerous and some threatened to give serious trouble, but increasing humidity checked the spread of these fires toward the close of the week.

Cereals: A small acreage of wheat remains to be harvested; threshing has progressed satisfactorily. Some winter wheat has been sown, but the soil has been too dry for plowing and seeding. Except in some of the coast counties corn is doing well. In the warmer districts it is ripening, and in the southern counties some has been cut.

Fruits: Picking of peaches is at height, and picking of late pears is well under way. Picking of prunes for fresh shipment is complete in Umatilla county, the crop having been unusually large. Picking of prunes for drying will begin in the Willamette valley about September 19. Apples are maturing well. Cranberry picking has begun, with very good yields.

Meadows, Pastures and Ranges: Cutting of the third crop of alfalfa is complete in some of the warmer districts, and the fourth crop is making a good start. Clover seed is being harvested. Pastures in some central and eastern counties and along the coast have shown some improvement, but in most sections unirrigated pastures are very dry. Feed in the mountains is holding out well.

Livestock: Cows are giving less milk and cattle are losing flesh in many localities, and considerable feeding is being done. Stock on the higher ranges are still doing well.

Miscellaneous: Picking of hops is under way, with results variable but generally good where the crop was well cared for. Potatoes are maturing well except in a few places where damaged by blight, mosaic and bugs. There is some complaint of tomato blight, but in most sections tomatoes are ripening well. Melons are plentiful.

HERRIN MASSACRE PLOT OF REDS, IS CLAIM MADE

86 LITHUANIAN BOLSHEVISTS LED ASSASSINS

Articles Made Public Charges Design of Moscow Communists to Gain Control of Union Labor

NEW YORK, Sept. 11.—Eighty-six Lithuanian bolshevists led the Herrin massacre of non-union miners, the United Mine Workers of America charges in making public today the third of a series of articles exposing an alleged plot by "Moscow communists to gain control of organized labor in the United States and Canada, stage a revolution and overthrow the existing governments."

The mob leaders—67 of them—were members at Herrin of the bolshevist Lithuanian branch of the communist party of America, according to the miners' article. Nineteen other members of the same party were imported as agents to foment the attack on the strip mine of the Southern Illinois Coal company, which culminated in the violent death of 23 men in June last year.

"This revolting inexcusable crime was fomented, promoted and caused solely by communists," says the writer. "It was a carefully planned affair, schemed with all the diabolical cruelty and disregard for law that characterizes the communist movement."

William Z. Foster, promoter of the "one big union" idea in America, is alleged to have been the dominating figure in events preceding the massacre.

QUAKE ORIGIN DESCRIBED

NOT RESULT OF VOLCANIC ACTION, SAYS NAKAMURA

(By The Associated Press)

OSAKA, Sept. 8.—The earthquake shocks which a week ago today wrought such havoc in Japan were not of volcanic origin but were caused by violent dropping of two portions of the earth's surface, according to an official communique issued here which quotes Dr. Tatsutaro Nakamura, professor of the imperial Tokio university and a seismological authority.

The seismologist holds that the first and heaviest shocks arose from a violent disturbance of the level of the earth's crust in the district ranging from Ito, noted hot springs resort, between Oshima and Alami to somewhere near the Miura, peninsula. This disturbance originated in the sea bottom near Ito. The second disturbance is supposed to have originated very near the naval base at Yokosuka and to have affected that district. Two other specialists in seismology endorse these views, the communique declares. It continues with the statement that, despite rumors to the contrary, there has been no damage to Oshima, the "picture island," nor any other of the "seven islands" group, nor has there been any new volcanic activity.

HARDING WAS OPPOSED TO LEAGUE OF NATIONS

LATE PRESIDENT IN LETTER MADE KNOWN HIS STAND

Wrote that "We Must First Quietly Divorce International Court from League Proposition"

NEW YORK, Sept. 11.—A letter written by President Harding was made public tonight by John A. Stewart, head of the Sulgrave institution, who said he wanted to show that the late President Harding has been opposed to the Wilson league of nations and held that the league was one thing and a friendly association of nations was quite different.

"President Harding was irrevocably against the league of nations as at present constituted, and said so," Mr. Stewart said.

The letter written on April 19, 1923, to Mr. Stewart follows:

"I have before me your letter of April 16. I appreciate the thoughtfulness of your suggestion and I readily agree that there is great merit in it if the enterprise is entered upon at this opportune time. I do not think the present moment to be a fortunate one in which to intensify agitation. We must first succeed in quietly divorcing the international court from the league of nations proposition. I thought I did that when I addressed my request to congress but it appears that a good many extremists have so persistently urged that this is the beginning of a fellowship in the league that the whole situation has been greatly embarrassed.

"I am hoping in the very near future to make a further public statement which will tend to clarify the atmosphere. The first time we are having a personal interview I will be glad to discuss the matter with you in greater detail."

EAST IS FETED BY WEST

PORTLAND, ME., BREAKS BREAD WITH PORTLAND, ORE.

PORTLAND, Ore., Sept. 11.—At a banquet table here tonight 118 citizens of Portland, Maine, sat with their hosts of Portland, Oregon, and exchanged felicitations while discussing the menu, which was composed wholly of Oregon food products. The dinner brought to its climax the first day's stay of the visitors here. Tomorrow they will continue their inspection of Portland industries and scenic attractions, leaving in the evening for San Francisco, the next scheduled stop of their coast to coast trip.

At tonight's banquet Governor Walter M. Pierce and Mayor George L. Baker were the chief speakers for the Portland, Oregon, hosts, while James G. Gulnac, president, and P. W. Blake, manager, of the Maine state chamber of commerce, and Henry Merrill responded for the visitors.

A message of greeting to the touring Maine folks was received by wire here today from Governor Percival P. Baxter of that state.

GYM LIST IS NEAR READY

Y. M. PROGRAM FOR FALL AND WINTER PREPARED

Schedules for the classes to be held at the gymnasium of the Eugene Y. M. C. A., during the autumn months will be prepared this week, according to E. E. Holdeman, physical director of the association. The promotion of a series of indoor baseball games for the Sunday school league is one of the events that is being worked out.

The gym classes will be divided again this year on a similar basis as the program of last year. The classification is: Preps, age 10 and 11 years; junior B, 12 and 13 years; junior A, age 14 to 15 years; intermediate class, age 16 to 18 years; and senior class all over 18 years.

It is expected that the swimming pool which has been closed for repairs will be ready for use by next Monday, according to Mr. Holdeman.

Roosevelt Warns Farmers

SYRACUSE, N. Y., Sept. 11.—Theodore Roosevelt, assistant secretary of the navy, speaking today at the New York state fair as the guest of the state federation of county farm and home bureaus, declared combination and cooperation is the hope of the American farmer, and warned against "fanatics and self-seeking politicians peddling false doctrines such as government price fixing and unsound loans."

Lutheran Missionaries Safe

NEW YORK, Sept. 11.—All the 20 missionaries of the National Lutheran council who were in the affected districts of Japan's disaster are safe, the council was informed in a cablegram today.

CAUGHT IN THE ROUNDS

(Continued from page five)

of Springfield, was filed in the office of the county clerk yesterday by Earl C. Simmons and Lawrence E. Simmons. They also filed the certificate of the name, E. C. Simmons company of Eugene, local Ford dealers.

• • •

Portland Realtor Here—Webster L. Kincaid, Portland realtor, was a business visitor in Eugene yesterday registered at the Osburn hotel.

DOCTORS WANTED TO OPERATE

Mrs. Quillon Tells How Lydia E. Pinkham's Vegetable Compound Saved Her from an Operation

Muskegon, Michigan.—"After doctoring for eight or nine years with different physicians without any relief at all, they said at last that medicine would not reach my case and I should have an operation. I had heard of Lydia E. Pinkham's Vegetable Compound and often saw it advertised in different papers where some women had suffered just as I did and got well and strong again by taking the Vegetable Compound. I decided to see what it would do for me, and before I had finished the fourth bottle I was much better, the weakness stopped and the severe pains in my sides left me. I am now much stronger and do my own work and work in the factory besides. I am still taking the Vegetable Compound and give it all the praise."—Mrs. NELLIE QUILLON, 17 Morris St., Muskegon, Mich.

Women should heed such warning symptoms as bearing-down pains and weakness, for they indicate some female trouble, and a persistent and faithful use of Lydia E. Pinkham's Vegetable Compound will seldom fail to help.

Bring your furniture "Up to date"

STYLES in furniture change with the times, just as do styles in dress. That is why many ingenious housewives rely on Fuller Enamels and Decoret Varnish Stains to bring their furniture up to date.

For refinishing the surface in imitation of natural wood such as Dark Oak, Rosewood and Walnut, use Decoret Varnish Stains. The newest colors when painted furniture is in vogue will be found in Fuller's Art Decorative Enamel. Then there is Silkenwhite Gloss or Semi-Gloss Enamel, which produces an intense white or olden ivory finish for the woodwork of the room.

Whether you are refinishing a piece of furniture, the floor, the stair treads,—whether you like a natural wood finish or an enameled or varnished surface—you will find a Fuller product adapted to your needs.

Fuller Paints and Varnishes have been manufactured for 74 years, of the highest grade materials, by scientific formulas. Ask for them, *by name*, at the local dealer's. Or write our Service Department for advice. Our "Home Service" booklet is FREE. Whatever your painting need, W. P. Fuller & Co. makes a paint for the purpose.
