BACK ACHED TERRIBLY

Mrs. Robinson Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Amarillo, Tex.—"My back was my greatest trouble. It would ache so that it would almost kill me and I would have cramps. I suffered in this way about three years; then a lady friend suggested that I try Lydia E. Pinkham's Vegetable Compound. I have had better health since, keep house and am able to do my work. I recommend the Vegetable Compound to my friends as it has certainly given me great relief."—Mrs. C. B. ROBINSON, 608 N. Lincoln St., Amarillo, Texas.

The Vegetable Compound is a splendid medicine for women. It relieves the troubles which cause such symptoms as backache, painful times, irregularity, tired and worn-out feelings and nervousness. This is shown again and again by such letters as Mrs. Robinson writes as well as by one woman telling another. These women know what it did for them. It is surely worth your trial.

Housewives make a great mistake in allowing themselves to become so ill that it is well-nigh impossible for them to attend to their necessary household duties.
