John Bushman in Wreck
(Register Lane County Special)
SPRINGFIELD, Ore., Oct. 15.—John Bushman, of this city, while returning from a week-end visit to Portland, was in a collision in which his and four other machines were damaged. Jack Marr, a student at Oregon Agricultural college at Corvallis, was driving home when his engine died near Jefferson, about 15 miles from Salem. His lights went out, and car crashed into him from both sides. The road is unlighted at this point, and rain added to the darkness. Bushman was unable to stop his car, and it turned over, breaking a wheel. The student paid all damages, said Bushman.

DAILY MARKET REPORT

OREGON JOURNAL MARKET SERVICE
PORTLAND, Ore., Oct. 15.—There is more conservatism in the fresh egg trade for the week's opening than for some time past, due to the runaway prices that have been forced in some of the markets.

A lot of advance of 3¢ a dozen in the Seattle price put that market up to 58¢ a dozen, a price not believed justified in the slightest degree by supply and demand. It begins to look as if the cold storage and manipulative interests in fresh eggs have completely lost their sense of proportion. The market is fast approaching the brink of disaster, and while apparently it is very good on the surface, still it would not take much more advance to completely stop all traffic in fresh goods.

BUTTER TREND HOLDS STEADY
Trend in the butter market is fully steady for the week's opening. No change in the situation was shown locally as compared with last week's final. The war in butterfat remains active.

CALIFORNIA ONIONS ARRIVING
Carlond of California onions, the first of a promised liberal supply, came forth on the steamer from the South for the week's opening. The stock consisted of Australian Browns and cost around \$2.15 per cent landed here.

APPLE PRICES RULE VERY LOW
Very low prices are shown in the market for apples. First of the season's Yellow Newtowns came forth, but they are too green to use. Ortolys are arriving and selling very slowly around \$1.15 for "C" grade.

POTATO TREND REMAINS SLOW
Very slow trend continues in the market for potatoes here. No new orders for carloads were reported over Sunday because of underbidding by Idaho. Local

bids for small lots around \$1.25 cental for fancy Burbanks.

HEAVY SPRINGS AGAIN LOWER

You Must Have Bread

EVERY diet requires good bread—bread such as BETSY ROSS—to provide a well rounded meal. This is the conclusion of several medical specialists on diet and health. These students of the body's needs specify bread—and more bread.

For instance, in a recently published book "The American Home Diet," Professor E. V. McCallum of Johns Hopkins University specifies bread in some form in practically all of the "satisfactory" menus he provides.

These specialists recognize the high percentages of carbohydrates, proteins, iron, calcium, phosphorus and other mineral salts—all essential to proper health—found in bread.

When you select BETSY ROSS, you can be sure of a high percentage of these essential foods. Serve Welsh Rarebit on toasted BETSY ROSS for luncheon and late suppers. But, because "There's a difference in bread" be sure you ask for it by name. Don't say "bread"—say BETSY ROSS.
