K. K. KUBLI IS CANDIDATE FOR SENATE, IS REPORT

Legislator Confers With Friends In This City

STATEMENT IS PENDING

Portland Man Neither Confirms Nor Denies Rumor, But Others Are Confident of Action

That K. K. Kubli, of Portland, speaker of the house at the last legislature, will enter the Republican primaries as a candidate for United States senator from Oregon, is the statement of political friends of the state legislator in this city, who conferred with Mr. Kubli here last night. Although the rumor that he was to enter the lists, his friends state that there is no doubt that an official announcement of his candidacy will be made within the next 10 days.

Mr. Kubli, who is here to spend Sunday on a pleasant hunt, was the motive for a lengthy conference here last night with local men who have taken a prominent part in recent political activities in this city. Although no detailed report on the discussion was vouchsafed by those present at the session, it is understood that a definite decision on the part of the state legislator to enter the primaries was reached during the meeting.

Candidacy Is Certain

The statements of those who conferred with Mr. Kubli were strong to the effect that the Portland man would be a candidate for the senate at the May primary. No further details as to what are the issues that will be involved in the primary campaign were given out by those who were included in the long conference over the political prospects.

Although rumors have been more or less prevalent concerning the possibility that Kubli would be among those present on the May ballot, there has been no direct statement from the legislator as to his intentions concerning his political plans.

The reports of his friends here who seem to be in close and intimate touch with the plans of the proposed candidate are factors that bear all the marks of accuracy and indicate that there will soon be a direct statement coming from Kubli and that confirming the rumors of his intention to compete for the senate nomination.

Three Now In Race

At present there are three avowed candidates for the senatorial primary, Charles N. McNary, who has held the office for a six-year term; George L. Baker, mayor of Portland, and C. N. McArthur, former member of congress, who last week broke in among the possibilities with a vigorous attack on the Ken Klux Klan.

K. K. Kubli is a graduate of the University of Oregon, with the class of 1883, and was prominent during his undergraduate days on the local campus. For three years he was captain of the baseball team and was actively interested in other university affairs, according to the word of several of his classmates in this city.

STATEHOOD DESIRED BY SOUTHEASTERN ALASKA

JUNEAU TO VOTE NOVEMBER 6 ON DIVISION

Plan Suggested by President Harding in Seattle Speech Being Carried Out

JUNEAU, Alaska, Oct. 20.—A special election to pass on the question of dividing the territory of Alaska, of which the late President Harding suggested the southern portion might well be admitted soon as a state, was today called by the Juneau city council for November 6.

The city of Ketchikan asked all cities in Southeastern Alaska to have an election on the question that day. Commercial bodies in Ketchikan, Wrangell, Petersburg and Juneau, all in Southeastern Alaska, have gone on record in favor of division.

If the vote November 6 is in favor of division, advocates of the change propose to hold a convention here November 15, to consider ways and means of presenting the matter to congress.

Early formation of a state of the union from Southeastern Alaska, was suggested by the late President Harding in Seattle July 27, in the first set speech he made after his return to the states from a tour of the North. The speech was delivered to a throng in the stadium at the University of Washington, when Mr. Harding was already in the grasp of the illness that ended fatally six days later in San Francisco.

Mr. Harding suggested that the territory be divided into two parts and that one of them be forthwith admitted to the union.

"Alaska is destined for ultimate statehood," he said. "In a very few years we can well set off the part of the territory that is the connecting southeastern part as a state. It would be the greatest single impetus we could give to the right kind of development."

FARMERS DO ROAD WORK

GRAVELLING BETWEEN FERRY AND COBURG BRIDGE

The farmers living on the road between Peavine's ferry and the Coburg bridge on the north side of the McKenzie river are making excellent progress with their road improvement, according to a report from that section yesterday.

The farmers are donating the gravel and their labor and have the road about three-fourths finished. The distance is a mile and three-quarters. The gravel is obtained from the McKenzie river nearby and 40 yards are being hauled daily. It is expected that a total of about 800 yards of the gravel will be hauled.

An excellent road for all-year travel will be the result the farmers say.

WATCH REPORTED STOLEN

MAN ENTERS HOME OF ALBERT PERFECT HERE

Report of the entering of the home of Albert Perfect and the stealing of a gold watch and chain was made last night to the police. Mr. Perfect reports that on returning to his home on the highway between Eugene and Springfield, about nine o'clock last night, that he saw a man quickly leave the place on the approach of the owner. A search of the house revealed that the watch was missing, but nothing else seemed to be disturbed.

It is presumed that the man was frightened away on the arrival of the owner, according to the opinion of the police.

PERSHING OFF TO FRANCE

GENERAL SLIPS QUIETLY AWAY FOR JOURNEY

WASHINGTON, Oct. 20.—John J. Pershing, who, a little over six years ago, secretly left Washington for France, again has slipped quietly away from the capital for a sojourn in French soil. His passage over the Atlantic has been unobtrusive. The liner Leviathan, sailing today from New York and it will be three months before he returns again from the land where his leadership helped to write history during the great war. Neither the general's home nor that of his sister, Mrs. D. M. Butler of Nebraska, who accompanied him, appears on the Leviathan's list of passengers; but only in respect to the lack of publicity surrounding his departure does his going today resemble that of 1917. This time he is bound for a holiday. It will be so far as the brother and sister are able to control events in France, just a sight-seeing tour of their own with the public not invited.

SUGAR CONCERN IS CITED

UTAH-IDAHO COMPANY HELD TO BE MONOPOLY

WASHINGTON, Oct. 20.—An order to "cease and desist from conspiring to maintain the monopoly in the beet sugar industry enjoyed by them" was issued today by the federal trade commission against the Utah-Idaho Sugar company, Salt Lake City, Amalgamated Sugar company, Ogden, and E. H. Woolley and A. P. Cooper, Salt Lake City.

The complaint against E. F. Cullen, Rigby, Idaho, was dismissed. In issuing the order, the commission closed a case that has been hanging fire many months during which several hearings were held and inquiries made into the beet sugar industry of the West by commission agents. Specifically the order is directed against any conspiracy among the respondents.

(1) To prevent the establishment of beet sugar enterprises and the building of sugar factories by persons or interests other than said corporation respondents and (2) to obstruct or prevent competitors or prospective competitors from engaging in the purchase of sugar beets and in the manufacture and sale of refined beet sugar.

HALTED ON GOSHEN ROAD

CLAYTON G. HALL BROUGHT IN TO ANSWER CHARGES

Patrolman A. W. Dugan last night at the instance of C. P. Devereaux, of this city, placed under arrest Clayton G. Hall, of San Francisco, who is charged with being an absconding debtor. He is also accused of an attempt to make off with a diamond ring, the property of a Eugene girl. The young man was committed to jail.

According to the officer's story, Hall, who occupied a room in the Devereaux home, made preparations for a hasty exit from the city. Aware of his lodger's intentions, Mr. Devereaux kept tabs on his movements. Finally Hall departed and Mr. Devereaux gave chase in his car, intercepting his quarry, who was walking along the highway toward Goshen. The accused was required to return with his captor and was turned over to the police.

You Never Can Tell

A strapping woman boarded a trolley car in Rye, N. Y., settled into a seat and paid her fare. The car had not traveled more than five blocks when she rose and rang up a cash fare. Whereupon the conductor strode up to her. "Madam," he demanded, "do you know that I must turn in every fare rung up upon that register?"

"Certainly!" the woman replied, throwing open her coat and showing a badge. "Meet the new inspector."—Everybody's Magazine. Warner tunes pianos. Laraway Music House. Phone 1. 7-25-11
