FIRST NATIONAL BANK CAPITAL IS INCREASED

Comptroller of Currency Wires Permission

SURPLUS REMAINS SAME

Books Changed at Local Institution Yesterday; Certificate Is in Mails

Capitalization of the stock of the First National bank in Eugene was increased from \$100,000 to \$200,000 yesterday. It was announced through A. A. Rogers, cashier, and O. A. Houghtum, assistant cashier.

Permission to increase the capital stock was requested by the bank some time ago, the officers said. The permit was wired yesterday from the office of the comptroller of the currency at Washington, D. C.

Certificate of the increase was mailed at the same time from the comptroller's office and should be here in about a week's time.

The First National bank has a surplus of \$200,000 which will remain the same. Increase of the capital stock doubles the protection to the depositor and is a manifestation of the growth of the bank and the territory through which it operates.

"It also helps the bank to serve the community better," said Mr. Houghtum. The resources of the bank have grown, he said, while the contributing district has a bright outlook and financial conditions are in good shape.

The bank officials and employees will celebrate the 42nd anniversary of the founding of the institution, December 19, when an open house will be declared. L. S. McCreedy has charge of the plans for entertainment of patrons and friends that day.

G. F. SKIPWORTH SPEAKER

REGENT WILL DISCUSS QUESTION FOR UNIVERSITY

United Christian Drive for \$1600 With Twenty Student-Business Men Teams Starts Dec. 3

Judge G. F. Skipworth of Eugene and a member of the board of regents of the university will speak on the world court question at the Y. M. C. A. bungalow at 7:30 o'clock. It was announced by the Y. M. C. A. called net at a meeting held yesterday noon.

The meeting this evening is open to any one interested in the subject. It is under the direction of Bert Kendall, president of the Y. M. C. A., and Gladys DuBois of the Y. W. C. A.

Russell DeLong, at the University of Chicago, who is visiting the universities on the coast in the interest of the student fellowship for Christian service movement was a speaker at the luncheon yesterday noon. He briefly outlined the purposes of his tour of the coast, and in particular that of the group he was traveling for. "The purpose of the movement is to make Christian principles a practical part of every student's life rather than a theory," he declared. It has no organization or officers and is purely a student affair.

Forty workers with 21 business men of Eugene who are working on the United Christian drive for \$1600 will meet at 6:15 p. m. "Y" hut this evening. The drive is under the supervision of R. A. McCully. It will be composed of 20 teams of business men and students and will initiate a two-day campaign for funds Thursday.

AUTO DRIVER DRENCHED

MACHINE RECOVERED FROM MILL RACE YESTERDAY

Following what he thought was a short cut to the highway from Eleventh avenue east an unknown auto drove off the end of Kincaid street into the mill race at an early hour yesterday. The automobile was found later some distance from the place and a search containing personal belongings, was picked up by police near High street and Sixth avenue east.

Rockhill and Bevan, auto towers, recovered the machine and the man who requested the services left for Portland without giving his name, simply saying that he would return in a day or two. The car bore a Utah license plate. From what can be learned there were two in the car. The driver said he was a stranger and had reached the danger point before he knew it. Both occupants of the auto cried their teeth and went into the water, getting out without trouble.

OREGON CAMPUS SHOWN

HALF PAGE OF MAGAZINE GIVES EUGENE VIEWS

Scenes of the Oregon campus occupy a half page of the retrospective section of the November issue of the Wiley Bulletin of New York. The views are of the Pioneer statue, Johnson hall and the entrance to Commerce hall.

The Wiley Bulletin is published by John Wiley and Sons, Inc., a scientific publisher, and is distributed to college professors and users of business books.

In the section with the pictures of the Oregon campus are also those from Syracuse university, Louisiana State university, Ohio State college, and the Massachusetts Agricultural college. The section also included pictures of the outstanding faculty men of the institutions throughout the country.

EAGLE PIONEERS MEET

WILLIAM HULERY IS ELECTED TO MEMBERSHIP

Eagle Pioneers, meeting at the club rooms in the First Methodist Episcopal church last night, elected one new member and laid plans for a candy sale in the public market next Saturday morning.

The new member was William Hulery. W. E. Walter of the Y. M. C. A. gave a talk on the Pioneer score card. Mr. Walter and his

NUMEROUS PIECES OF WAR BOOTY ARE COMING

Rifles, Machine Gun and Other Articles Named

CANNON HEADS LONG LIST

Hundred Dollars Sent by J. S. Maglady to Pay Freight. More Than Meets Charges

Besides the 88 mm. German cannon which will be shipped to Eugene, rifles, machine guns and a large number of other small pieces captured from the Germans during the war will be sent here, according to a letter received yesterday by W. C. Page, commander of the American Legion post, from Adjutant-General George A. White.

J. S. Maglady, state senator, a short time ago, sent his personal check for \$100 to the adjutant general with which to pay the freight on the cannon and as the freight charges will be but \$38, a large number of additional items have been ordered for Eugene.

The list furnished by the adjutant general follows:

Eight plain bayonets; eight saw-tooth bayonets; five infantry canteens; five medical canteens; two 150 mm. cartridge cases; five steel helmets; one Uhlan lance; one German Mauser rifle; magazine, 1888; two German carbine rifles; 1888 Mauser magazine; one German Mauser rifle; single shot, 1871; one German Mauser repeating rifle; 1871 1884; one Austrian Mauser magazine rifle; 1895; one German machine gun 1908; 1915; miscellaneous rifles; five enfield men's carbets; one grenade thrower.

No Time Named

The adjutant general says in his letter that there is no way of telling just when these trophies will be received from the government as they will have to come by ship to Astoria and thence by rail to Eugene.

American Legion officials said yesterday that plans are underway to obtain a room somewhere to exhibit these small articles and that they will form a nucleus for a permanent trophy museum to be added to the city collection. The matter will be taken up with the city officials.

The legion committee named to handle these trophies consists of Ben Harris, Pat Koepke and Cecil Wallace.

STREET CLOCK PAINTED

BRISTOW JOshed ABOUT THE CHOICE OF COLORING

It hadn't been for the green that was painted on the new street clock in front of the Luckey jewelry store, some of the likes at the city store, some of the likes at the city store, some of the likes at the city store, some of the likes at the city store.

Painters yesterday put on a coat of green on the red lead filler given the clock when it was first installed. They say there will be another coat of green and on top of that they will put all of the gold spots of 24 carat pure gold leaf.

Mr. Bristow said he had been joshed about the color of the modern street sign and clock and that many people had asked if it was operated by electricity. He explained that the clock is driven by a 125-pound lead weight and that Eugene people are assured of all-day setting the correct time from the clock.

ROCK WORK IS FAST

GOOD HEADWAY MADE ON LORANE HIGHWAY

An average of more than 100 yards of rock a day was turned out at the county rock crushing plant and spread on the Lorane highway during the past month, said P. M. Morse, county engineer, yesterday.

This is an excellent record, said the engineer, considering the fact that there was considerable rain a good part of the time.

Work is progressing as rapidly as possible and the rain has not hindered the speed of the crushing plant or the work of spreading to any great extent, according to the engineer.

NIMROD TO BE REOPENED

HOTEL ON MCKENZIE UNDER NEW MANAGEMENT

The Nimrod hotel will be reopened to the public Saturday night under new management, according to announcement here yesterday. Billy Price, who successfully managed the place a number of years ago, will again have charge.

Mr. Price announces that he will be ready for the general public as well as private parties and that when parties are to be made up to telephone him in advance to make reservations.

DOCTORS WILL ELECT

OFFICERS TO BE CHOSEN AT THURSDAY MEETING

Physicians who are members of the Central Willamette Medical society will elect officers at the meeting to be held in Corvallis Thursday evening, it was learned yesterday.

Dr. William B. Neal has been president during the last year. The Corvallis meeting will also be "ladies' night" and medical societies of Polk, Marion and Yamhill counties are to be guests. The banquet will be held in the Benton hotel.

LEAGUE TEA IS TODAY

FRESHMEN TO ENTERTAIN AT 4 O'CLOCK

The weekly Women's league tea which is held at the Y. M. C. A. hut at the university will be something different according to plans of the committee in charge of the affair.

This afternoon at 4 until 6 o'clock the league will be entertained by the freshmen members of the organization by a complete musical program. All girls in the university are invited to attend the social hour.
