

THANKSGIVING

The girls of the I. A. H. class of the Fairmount Presbyterian Sunday school were hosts to an informal dinner held at the church, Friday night, at 8 o'clock, honoring their former teacher, Mrs. George James who has been visiting her parents over the Thanksgiving holidays.

The table was prettily decorated in pink and green and class colors. Small crepe paper Cecil Brunner roses were placed at each guest's place.

Mrs. J. H. Zahring, teacher of the class acted as toastmaster. Girls who were members of Mrs. James' class gave short talks on how glad they were to have her back again, only to see her leave too soon again. Songs were sung by all.

embroiders, tin pans, and various toy instruments.

The proceeds from this party will be used to buy Camp Fire supplies.

Protheons, a club recently organized and composed of business and professional women, entertained last Tuesday evening at the First Congregational church, with Rev. and Mrs. Fred J. Clark. The social rooms of the church were bright and in holiday attire with evergreens, fall fruits, cornstalks, and shaded lights while glowing crepe paper added to a delightful air of cheer and warm hospitality.

Miss M. Ethel Taylor led games for the junior girls, and C. H. Clarke for the boys, while Mr. Fall and Miss Gladys Bristol had charge of games for the high school groups of boys and girls, and Mrs. C. A. E. Whitton planned the fun for grownups.

Mrs. Agnes Jones was in charge of the refreshments which were served. Interesting and novel was the sketch of an early day Thanksgiving led by Mrs. Clark, which was a shadow picturization of early days in America.

The boys and girls took Thanksgiving contributions which helped to make Thanksgiving cheer for the needy.

toosoon salt, 1 cup stock, 1 cup shrimp, 1 tablespoon lemon juice, 1 cup boiled rice.

Slice onions thin and fry a little in the butter. Stir in coconut, curry powder, salt and stock, simmer for half an hour. Add shrimp, cooked and lemon juice. Place rice in serving dish and pour over it the above mixture, very hot.

Spiced Bread Pudding
Soak 1/2 cupful fine stale bread crumbs in 3 cupfuls hot milk five minutes to soften. Add 2 beaten eggs and 1 cupful of molasses. Add 1/2 teaspoon each of cinnamon and salt, 2 teaspoonfuls ginger, 1/2 teaspoon allspice, 1/2 teaspoon ground cloves, and 1-3 cupful melted butter. Stir until well mixed, pour into a greased baking dish and bake in a moderate oven about an hour.

Molded Rice With Sauces
Rice prepared and served in molded forms offers a broad opportunity for an attractive and healthful dish, as it can be served with a variety of sauces. A fig or date sauce is equally palatable for the purpose, as is apricot sauce, or a lemon or orange sauce will also be found quite pleasing. Rice croquettes are also most satisfying.

Many Cape Coats Are Seen at the Ritz
From present indications, the cape coat will probably be a very important coat style for spring.

Quite a number of the cape coats were seen at the Ritz in New York during the luncheon hour the other day, says the Dry Goods Economist. A double-breasted cape coat with a wide collar and a short cape bordered with horizontal stitching to match. It had no fur trimming, but a silver fox was carried to successfully complete the costume.

It was quite apparent in this gathering that women this season have selected coats that are not only smart but comfortable too. Probably annoyed with the winter coat that blows about with the slightest gust of wind, many smart patrons were noted wearing cloth coats that buttoned on the throat to the very bottom of the neckline. They looked very smart.

Tendency to Equality
While England has had a number of women in its parliament, yet English women have not equality with men, as the women of the western hemisphere have.

English men vote at the age of 21, women at the age of 30. The women in Parliament have nearly all had to be opposed and have valiantly fought against it. A new movement among women is leading to results which may not be realized by women—equality in responsibility. So far we have been the protected and supported sex. How will we like it to be held financially responsible, equally with men? Equality of rights and opportunities are being regarded as responsibilities, and some women are calmly facing the idea.

Home Making by Hand
Machines have been invented for every conceivable use in industry. They help in the production of wealth through saving time and labor. They are used in the factories and mills of the world.

Dairymaids in England soon legend
LONDON—England's picturesque dairymaids whose pink cheeks and fair complexion are generations been at once the envy of their city sisters and the inspiration for countless artists and poets, may soon be a legend. Dress Trimmings Real Index of Value
Fancy, Over-Ornamented Dress Is Usually the Cheap One and the High Priced One Generally Plain.

The fancy, over-ornamented dress is usually the cheap one, and the high priced one is plain with a good and stylish look about it. The ornamentation on a garment must look as though it belonged to the garment, and that something added, "without rhyme or reason."

Trimnings made of the dress goods are always appropriate and certain to harmonize. These may be pipings, folds, bindings, cordings, shirtings, twikings, pleatings, pockets, bows, buttonholes, buttons, ruffles and reversed hems.

If the right colors are selected, simple embroidery adds a richness to a garment. One may use for this chain stitch, blanket stitch, outline stitch, herringbone or latch stitch, daisy stitch, couplings, French knots, and smocking.

To give distinction to an otherwise very plain dress, one may add hand made flowers, berry clusters, or leaves. The lappel flower is a popular ornament.

Braid is always effective to give a tailored appearance to the street dress. Kid leather in bright, cold and red colors, is an innovation among trimmings. It is used as inserts on cuffs and collars and the what you will talk about, although there is no such thing as waist line any more.
