LANE COUNTY BANKERS HOLD ANNUAL MEETING

Cottage Grove Man Is Elected President

F. C. BRAMWELL SPEAKER

Many Prominent in Affairs of Finance in Oregon Attend Session Here Last Night

Sixty-seven bankers of Lane county attended the annual meeting of the Lane County Bankers' association, held at the Eugene hotel last night, when officers for 1926 were elected.

The banquet which featured the meeting, was attended by several important figures in the banking business of Oregon and included Leslie Rogers, president of the First National bank in Klamath Falls; Frank C. Bramwell, superintendent of banks in Oregon, and Bank Examiners Leo Shapiro, C. C. Linden, R. H. Coppock and J. M. McClain.

Mr. Bramwell was the principal speaker of the evening.

Officers Are Named

Officers elected were as follows: president, N. E. Glass of the Bank of Cottage Grove; vice-president, David Auld, vice-president of the United States National bank of Eugene; secretary, Royal H. Collins, of the Bank of Commerce of Eugene.

Oluf A. Houglum is the retiring president, and Mr. Glass was vice-president during the last year. C. R. Cleaver is the retiring secretary.

Report of the work of the agricultural committee of the Oregon State Bankers' association was given by A. A. Rogers, who said that among other things, the most important phase of the work for next year would be the selection of boys and girls on the farms who will be helped in the study of cost accounting. Books for these courses will be furnished through the extension service of the Oregon Agricultural college, he said. This work will begin after January 1.

Mr. Glass, the new president gave a report on the work of the educational committee and said that 22 speakers had appeared in 22 different places to tell about banking and savings accounts. These talks were made for the most part, to high school students. At the annual meeting of the state association, Mr. Glass added, Lane county stood third in the state in this work, being headed only by Multnomah and Umatilla counties, where there were more bankers and speakers available and a wider territory in which to work.

He said in conclusion that the program for 1926 was similar to that conducted during the last year. Mr. Houglum will be in charge of the work in the Eugene district, consisting of 13 high schools, while Mr. Glass will have nine others in adjacent territory.

Music for the banquet was supplied by Edgar Dugan and a brother.

Prune Bread Served

Special attention was called to the prune bread served on the table. This bread was made of Lane county prunes by the Misses Agnes Gent and Evelyn Houck, members of the St. Mary's academy cooking club.

"Bank Supervision" was the topic discussed by Mr. Bramwell, as the concluding feature of the evening.

Oregon occupies an enviable position in banking realms, the speaker said, in comparison with conditions elsewhere in the United States. Banks are in better condition and there have been fewer failures than in all the other states of the country with one exception. Mr. Bramwell did not say which state led Oregon.

Less money was involved in failures than in any other state in the union, he said.

Mr. Bramwell told the Lane county bankers that his policy had always and would continue to be one of discouragement in the establishment of new banks in a community where there was already sufficient facilities. He would rather have fewer, and better banks.

"This policy will continue as long as I am in office," he said. Any person or group applying for a charter must show good reason why one should be granted.

Younger Men Given Advice

The bank superintendent also gave some advice to the younger men present, and who will become the bankers of tomorrow. He pointed out that the bank examiner is the banker's best friend in every case where the official plays the game squarely.

At the conclusion of the meeting the committee in charge of arrangements was given a vote of thanks with the expression that the meeting had been the best one held here in a long time. This committee consisted of Frank A. McAlister, W. T. Gordon and Harold Beytein.

Those on the nominating committee who presented the list of officers for 1926 were: B. B. Brundage, Lloyd Martin, Darwin Bristow, and Frank McAlister.

Mr. Glass in closing the session said he would appoint committees to attend to arrangements for the next meeting to be held in January, at a later date.

EARLY DAY BARN BURNS

STRUCTURE BUILT IN YEAR 1858 DESTROYED

Trash Fire on Robinett Place at Pleasant Hill Results Disastrously

The large barn on T. D. Robinette's place at Pleasant Hill, said to be about the oldest in Lane county, having been built in 1858, was destroyed by fire early yesterday evening. Over 30 tons of hay besides machinery and other effects owned by Mr. Robinett were destroyed, but all stock was taken out safely.

It is believed that the blaze originated from a trash fire that had been burning nearby during the day. Neighbors attracted by the flames devoted their attention to saving the residence and other buildings.

It is estimated that the loss was between $2000 and $3000. Some insurance was carried.

The barn was built by Abel Bristow, early pioneer farmer of Lane county and father of W. L. Bristow of Pleasant Hill. It was a very substantial structure notwithstanding its age.

HOW IS THIS FOR A LOW PRICE ON
Women's Kid Gloves, Pair, $1.19

—Just 100 pairs of really good kid gloves in the following shades, blacks, whites, some tans and grays. The sizes are limited so come early.
