POSTAL REPORT IS MADE

LAST THREE QUARTERS SHOW INCREASE IN RECEIPTS

Slump Dur'ng First Three Months of Year Makes Total Small; December Biggest Month

(Register Lane County Special)

SPRINGFIELD, Ore., Jan. 5.—Although the first quarter of 1925 showed a slump in postal receipts at the Springfield postoffice as compared with 1924, the last three quarters of the year showed a considerable increase over corresponding periods of the preceding year, according to a report compiled by F. B. Hamlin, postmaster. The receipts for 1925 amounted to $8121.04 while in 1924 a total of $8271.79 was taken in.

The figures for last year follow: first quarter, $1684.84; second quarter, $1862.81; third quarter, $1912.91; fourth quarter, $2660.48. The receipts by quarters in 1924 were: first quarter, $1985.52; second quarter, $1847.99; third quarter, $1794.77; fourth quarter, $2633.51.

The decrease from 1924 during the first quarter of last year was probably due to the unsettled condition in the postoffice department when the new rate system was being introduced as the condition was general over the country, said Mr. Hamlin. During the three last quarters of the year, gradual increases were made and prospects for a continued growth in receipts are bright. Since the carrier system was introduced here, box rents have dropped off and this item amounts to about $100 a quarter, the postmaster said.

December was the best month in the history of the local office, figures in the report show. The Christmas season swelled the receipts for the month to a total of $1274.95. In 1924 but $1074.77 was taken in during the month of December.

An additional hour of service a day has been authorized by the postoffice department at Washington for local mail delivery. It is not yet known whether an extra man will be employed or the present carrier given an extra hour to work.

DAILY MARKET REPORT

(Oregon Journal Market Review)

PORTLAND, Ore., Jan. 5. — Various factors are entering into the butter situation at this time, complicating the trade to an unusual degree. With a very liberal increase in the make at Pacific Northwest points, shipments from outside creameries to Portland are gaining so rapidly that receivers are unable to clean up promptly.

California appears less anxious for northwest offerings. A serious fight among producing interests there, together with arrivals of New Zealand stock, have created an unusual situation. There are now two dairy exchanges fighting for business in the South.

Cube prices here continue to be shaded but on the open market and on the dairy exchange no change is indicated in the price of prints. No change is considered likely here unless the northern markets show a similar trend.

Egg Situation Is Weakened

Weaker prices are shown for eggs in the local trade although the exchange price list was down only 1c for extras. Receipts continue to gain and offers to sell are below exchange figures.

Turkey Market Now Nominal

With the edge off the demand for turkeys, the season about over and only limited arrivals, the market is quoted on a nominal basis. Practically no business is passing. The ideas of the trade are for a 45c market for top dressed stuff.

Chicken Supplies Are Scant

Very scant supplies of chickens are being received. The trade is in a famished state with neither fresh nor storage dressed offerings available generally. Prices continue at the recent high mark.

Veal Holdup, Prices Asking

Extreme scarcity of country-killed calves is shown. This has given some of the smaller operators who get one or two calves a day, a chance to hold up buyers at 19@20c pound. General market is nominally placed firm at 18@18½c pound. Hogs are firmer and higher at 17@17½c.

Large Oranges Quoted High

General advance in the price of large-sized oranges in the South has caused the local trade to change its views. For the better stock sales are now shown generally up to $3.25 with some asking $3.50, which is in line with the southern price.

Brief Notes of Wholesale Trade

Extreme scarcity of fresh salmon.

Potatoes are firmer here; country markets more active.

Apple demand is fair but prices are again weakening here.

All root vegetables are quoted firmer.

Plenty of fresh crabs now offering at former prices.

Strong demand for California artichokes up to $1.75 dozen.

Shippers' Weather Notice

Weather bureau advised Tuesday: Protect shipments during the next 36 hours against the following minimum temperatures: Going north to Seattle, 44 degrees; northeast to Spokane, 28 degrees; east to Baker, 16 degrees, and south to Ashland, 36 degrees. Minimum temperature at Portland tonight about 44 degrees.

Good for the Blood

Martin Studio.

J. M. Simmons

Eugene, Oreg. — "Dr. Pierce's Golden Medical Discovery is the very best medicine I have ever taken. I got to where I was confined to my bed for six weeks. My blood was bad and my circulation poor. My back hurt and I suffered with pains and aches all over. I was very weak and nervous. I took medicines and doctored but did not improve in health until I began taking Dr. Pierce's Golden Medical Discovery. By the time I had taken one bottle I was able to be up and around. I kept on taking it and was soon well and strong. It built up my blood, my nerves were strong, and all the aches and pains disappeared from my back, joints and limbs. Now when I need a tonic or blood medicine, I take Dr. Pierce's Golden Medical Discovery and it never fails."—J. M. Simmons, 84 N. Jefferson St.
