Do Bankers Practice What They Preach?

"Do you practice what you preach?" a friend once asked a young bank official. "Look at this," the banker replied, and out of his desk drawer he pulled a dime savings bank practically full.

"The habit of saving what I would otherwise have spent foolishly struck me on the right path," he continued, "and I've never broken the habit."

That is the way hundreds of people have gained something they have really wanted. They have accumulated the nickels and dimes, that would otherwise have been spent foolishly, put them away on interest and have watched their treasure grow year by year.

Get a dime savings bank at the U. S. National today and stick to your resolution to save what in thoughtlessness you would have squandered.
