Gym Demonstration Stages.
Class Officers are Chosen.
Seventh Graders Win Debate.
Tennis Tourney is Hoisted.

Editor: Margaret Underwood
Assistant Editor: Juanita Kilbourne
Manager: John Hill

We are looking forward to next week and the week after with joyous anticipation but behind that smile we find a more serious expression for every student realizes that after the vacation he must dig into his studies. Think not of this and enjoy yourself all the more. For afterwards—well, we'll see.

As ever,
The Editor.

The annual gym demonstration was given Friday night in the Women's building. All the gym classes took part in voluntary sports, apparatus work, dancing, with their yells and stunts. There is always a great deal of competition between the different classes but this demonstration showed a great deal of work and sportsmanship.

The two sections of the French 3's I taught by Miss Louise Dick and Miss Faythe Coplan, took the Heaman standard French test Friday. These tests were used for the final examination.

Notices have been posted on the bulletin board for all those who want to go out for baseball and tennis to sign. Many men have already signed up for tennis and it is hoped that more men will go for baseball.

One section of the French 3's I changed teachers this week. Miss Dick taking Miss Coplan's class. This is the only change that was made in the French department.

Class officers were elected in the 7th grade roll-room last Friday. Robert Prescott was elected president. Janet Thacher vice-president. Hazel Douglas, secretary. Madeline Gilbert, treasurer, and Jack McDuff, sergeant-at-arms.

Last Friday a debate was held in the auditorium between the seventh and eighth grades. The affirmative was taken by the seventh.

Radio station TUI, owned and operated by Raleigh Wildman, near College Crest, was visited by the radio club of the Eugene high school, Friday morning, March 19.

The Latin II class, under Mrs. Edith Patten, is using Cassar books without notes or vocabulary. This work has been done once in the regular book and this is being done merely as a test of their ability to translate.

A tennis tournament among the U. S. boys will be held the week following spring vacation in which the tennis team will be picked. The double elimination system will probably be used.

An illustrated lecture on France was given by Robert Goodall in the assembly room last Wednesday.

The lecture was attended by the large 3's VI French class numbering four people. One person, Dalton, who had been once in the slide machine, Robert Goodall lectured and Jean Marlette, John Allen, and the teacher, Miss Du Bois, were the audience. The cards, which were scenes taken in Rouen and Paris, were obtained from Mrs. E. H. Patten, head of the language department, and Mrs. M. B. Goodall, head of the English department, who have both been in France at different times. Information for the lecture was obtained mostly from Mrs. Goodall.

Mrs. Margaret Goodall of the English department was able to return to school Tuesday, but Mrs. Edna Aeschelmeier is still confined at home by an extremely severe attack of influenza.

"Pathel et Autre Pieces," by Mathurin Dore, is being used by the French III class. The book is one of plays and was used by the French VI class last term. "Les Liances du Soleil," which contains stories of prehistoric France, which the third year French students read last term, is now being used by the fourth year class in turn for their copies of "Pathel et Autre Pieces."

An idea, which has proved of very good influence, originated in the freshman class last week when they voted \$5.00 into the student body treasury. The sophomores immediately followed suit, and now all of the classes have taken \$5.00 from their class funds and put it in the school treasury which was not over-flooding with money.

The upperclass gym class under the direction of "Pug" Toole, played baseball last Monday in which some of the faculty took part. "Pug" Toole and "Louie" Anderson played on the weakest side and Mr. Moore on the other. This lined up the game and the boys seemed to get a considerable amount of entertainment out of seeing the men play. However, it did not live up to the man on first base who watched Mr. Moore hit the ball and run, instead of trying to catch it.

"Silas Marner," a novella, was held Tuesday afternoon in the auditorium of this school for the benefit of the student body fund. Practically the whole student body turned out and boosted for the affair, including several members outside of the school. The admission charged for each student was ten cents. Fifteen dollars and ninety-five cents were taken in.

Mrs. Edith Patten has received three new French books this week. The books are: "History of the French Language" by W. Paton Graham, M. A., associate professor of romantic languages, University of Virginia; "First French Composition Book Grammar Review," by Edmond A. Heron, M. A., professor of French, Adelphi college. Both these books are published by Harcourt, Brace and Company. The third book is "Les Trois Felles Mousquetaires" by Emile Deschamps, published by Allyn and Bacon.

Requests from abroad for American-made radio apparatus, filed with the commerce department, include inquiries from Netherlands as to radio sets and parts; data and prices on loud speakers from Denmark; radio specialties and novelties from Austria; and radio apparatus from England.

All girls are expected to cooperate with the decisions stated above, as these were decided upon by the majority of the girls of the senior class.

The Boys' Rifle club, after a series of elimination shoots, has chosen the following team: Charles Brechtel, captain; Ray Jeffries, Ernest Bray, Heldon Wilbur, Ernest Reed and Carl Knowles.

Much credit is due to their coach, M. P. Johnson, instructor in architectural drawing. The club is in hopes that they can have shooting matches with other schools.

The Filipino students of the school have formed a club to be known as the Filipino Eugenio club. The resolution of the organization was read in assembly last Wednesday.

The purpose of the club is to promote a better understanding between the American and Filipino students, to help maintain a higher spirit in the school, and to support school activities.

Members of the club are Valeriana Abad, president; Benito Padilla, vice-president; Francisco Tuban, secretary-treasurer; Theodore Tuban and Simon Carbonell. All of these boys are natives of the Philippine islands and have come here for their education.

Three new members were elected at a meeting of the French club, Tuesday, March 16. They are Eleanor Paddock, Roma Gross and Anna Steele. After a short business session games were played.

An interesting recreational hour was spent by members of the Latin club Friday, March 12, in playing new games and solving puzzles. It was decided to give the book "Quo Vadis" for the library book shower.

Installation of new officers and the retiring of the old were held by the Girl Reserves at the meeting on Wednesday, March 17. RADIO COLLEGE FOUNDED

UNIVERSITY CREDIT GIVEN IN AIR COURSE

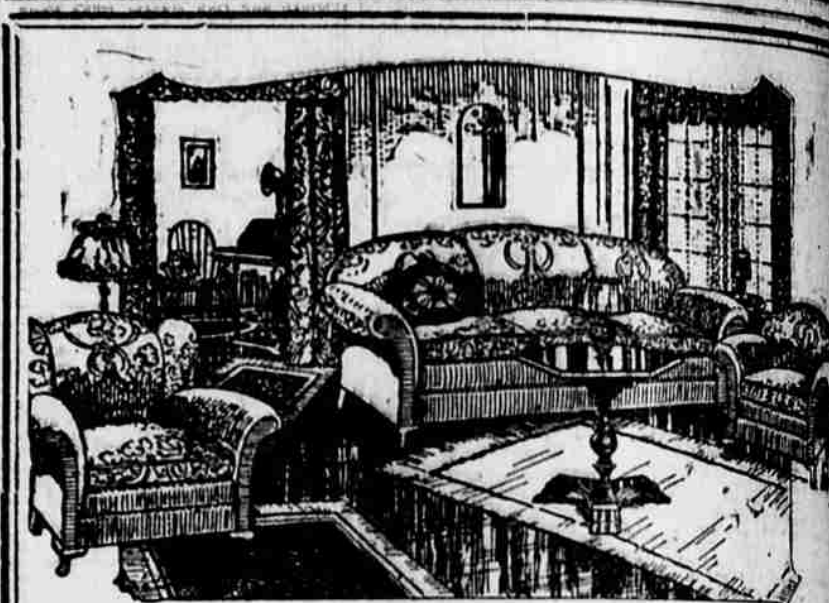

(Correspondence of the Associated Press)
IOWA CITY, Ia.—Information at the University of Iowa reveals that almost any kind of an obstacle to education can be overcome by radio.

Married women with families to look after are among those enrolled in the university's "college of the air" which gives regular university credit in a number of subjects taught via radio.

A doctor at Staceyville, Ia., who got behind in his studies while working 18 hours a day during a secret fever epidemic, has been allowed to make up his work over the air. A woman who had not been in school since 1902 and who later was confined to a hospital as a result of an automobile accident,

In comparative tests the New Speed Burner cooks 25% faster than the ordinary type. By a construction absolutely new in domestic gas burners, new high flame temperatures are obtained which means quicker cooking at less cost.

The quick, intense heat of the New Speed Burner is conserved and conducted throughout the entire cooking top. One burner alone often suffices to do the cooking which heretofore two have been called upon to do.

Top Heat control, which is impossible with the open type range, is now yours with the graduated heating zones of the Smoothtop cooking surface, where 80% of all your cooking is done. Since the oven is also supplied with an accurate heat control, you are completely free from any tedious heat supervision.

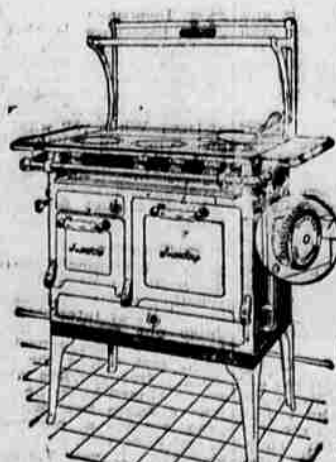

Every square inch of the Smoothtop is cooking surface. There are no cold spots. With no increase in size as the surface twice as large as the conventional range is secured for cooking. Hence a whole meal can be prepared at once. There is no waiting for a burner, and cooking conditions for various foods can be better satisfied.

See the New Smoothtop Range with the New Speed Burner that will put a New Heart in Your Kitchen

YOU have always wanted better, quicker, easier cooking. Now come to our Display Rooms today when these advantages are being demonstrated. In no other way can you appreciate so quickly what this wonderful gas range can mean to you.

Easy Terms

Easy Terms—everything to make it possible for you to enjoy the great service that only a Smoothtop can give.

A Demonstration in which four vessels are kept boiling by the use of only one Speed Burner is convincing evidence of the new ease and economy in both time and fuel which Smoothtop brings to your cooking tasks.
