

STORE MANAGER IS BACK

JOHN AGAIN IN CHARGE OF TWENTIETH CENTURY

John Hohn, who was manager of Twentieth Century store here last fall, has returned to Eugene to manage the store again.

MR. AND MRS. D. J. JONES ARE GIVEN FAREWELL PARTY

Principals of Grades Hosts at Luncheon; Silver Plate Is Presented by Teachers

Superintendent and Mrs. David John Jones were honored by Eugene grade school principals at a luncheon at Lucile's tea room in the Miner building yesterday noon.

The luncheon was given as a farewell party for Mr. and Mrs. Jones, who are leaving this summer for Helena, Mont., where Mr. Jones will be professor of history in the Intermountain Union college.

Grade teachers of the Eugene schools presented Mr. and Mrs. Jones with a silver plate. Mrs. Lourea Holland, teacher in the Lincoln school, presented the gift.

Regret that Mr. Jones is leaving Eugene after five years' service in the schools was expressed by principals and by Mrs. Holland in behalf of the teachers.

Mrs. Jones was presented with a bouquet of flowers by the principals.

John succeeds Frank Thraash as manager. Mr. Thraash has resigned from the firm and is going into business for himself.

The store here, which is located at the Broadway building at Broadway and Oak street, is being completely remodeled and when work is finished store officials expect to have one of the best stores in the city.

A corner entrance is being put in the fruit and vegetable department, which is being enlarged. Ernest Hahn will have charge of the vegetable department. A new refrigerating system for fruits and vegetables is being installed. The grocery department is being made more compact.

MAY WHO WRECKED CAR AFTER "PARTY" IS JAILED

Driving his car while under the influence of liquor Wednesday night cost Kenneth G. Mathews of Eugene a fine of \$150 and two months in the county jail when he appeared in justice court yesterday.

Mathews' car was found wrecked yesterday morning in front of the Oregon Electric freight house on Fifth avenue east. One wheel was broken off and evidence that the occupants of the car had been drinking was found, police reported.

It was towed to a garage. A short time later, Mathews is said to have appeared at the police station to report that his car was stolen.

He locked it up in his prison at 2 o'clock Wednesday night, he is said to have told the officers, and retired. Later he admitted that he was driving the machine when it was wrecked.

EX-BANK HEADS HERE

BERGMAN AND MISS WEATHERSON WITNESSES IN CASE

Henry L. Bergman and Miss Harriet Weatherson, ex-president and ex-cashier of the Lane County State Savings bank at Florence, now doing time in the state penitentiary for embezzlement of the bank's funds, were brought to Eugene yesterday by Sheriff Taylor to act as witnesses in a civil case that comes up in court today. It is the case of Downing against the bank.

Bergman is in charge of the penitentiary department at the pri-

son and Miss Weatherson keeps the accounts of the bank industry. The sheriff said that the superintendent told him that they were the best help in those two departments that the prison ever had.

Bergman and Miss Weatherson are kept in the county jail while here. They were greeted yesterday by quite a number of their friends.

THIS

New key-opened coffee can!

—with entirely new and different features

1

The key is embedded in a patented key-groove that protects it from loss in transit and enables you to grasp it easily and to remove it with two fingers.

2

The lid fits inside the top of the can. It is not necessary to span the can with the hand to pull off the lid. Simply place both thumbs under the edge of the lid and exert a slight lifting pressure—the lid will open easily.

M·J·B Coffee is now packed in a key-opened vacuum can. More important still, it is packed in an entirely new type of key-opened vacuum can with striking new features.

The new M·J·B key-opened vacuum can is entirely devoid of sharp or rough edges, insuring you against cutting your fingers.

The new M·J·B key-opened vacuum can has a tight cover that fits inside the body of the can, making an exceptionally tight seal to keep the coffee fresh after the can has been opened.

For some time, we have packed M·J·B Coffee by our own patented vacuum process adopted because of its overwhelming supremacy in producing the highest and most uniform vacuum commercially attainable. This process brings the coffee to your kitchen as fresh as the minute it was roasted. And now, better to preserve the coffee after you have opened the can, we have developed this key-can with a cover that can be replaced to make a tight seal.

M·J·B Coffee is blended of only the world's finest full-bodied coffees and has been known for years for its unquestioned superiority of flavor. It is characteristic of this flavor that it is *always* in the cup, whether you drink M·J·B mild, medium, or strong.

Try this marvelous blend today and note how your whole family enjoys its satisfying flavor.

Now available in one-pound size. Other sizes later.

The full-flavored coffee

3

There are no rough edges anywhere on the M·J·B can to cut your fingers. Both the edge of the can and the edge of the lid are rolled into smooth surfaces. No matter how you grasp them or how hard you press or rub your fingers against them, there is nothing to cut or annoy you. Most women will find this the greatest feature of all.

4

Because the lid fits inside the can, it is easily replaced. More important still, the new type of top makes a tight seal. This protects the coffee after the can has been opened and keeps it fresh to the last spoon-full.
