JOHANSEN PATTERN SHOES

**Science, Art and SHOES**

BOTH science and art are required in fitting a shoe.

SCIENCE, naturally, in prescribing exactly the right size.

ART, in bringing forth only shoes becoming to the individual foot.

A beautiful shoe will not be beautiful for you unless it has the proper lines for your foot.

When you buy shoes remember these two points—  
remember that both science and art are at our finger tips here. It has always been a policy of this store that all shoes must fit perfectly. This is why we are so successful in making the individual foot appear beautiful.

Boys From Eugene and Springfield Hard at Work and Seem to be Having Good Time

By SGT. ORVILLE D. HOBBELTON  
CAMP CLATSOP, Ore., June 20. (Special to the Register.)—First Lieutenant Harry H. Powell of Company M broke into official camp chores by acting as adjutant to Major Cowgill in the 185th regimental parade last Friday.

Company M asserts to have the hardest and toughest looking group of sergeants in camp. If you don't believe this ask any sergeant to show you a picture of the bunch when we return home. It will remind you vets of old times in France.

Also ask Corporal Claude Carler and Private Milton Mitchell of M Company where they spent the first night in camp.

Promotions in Company C include the following: Corporals Wesley H. Gilmore and Alfred W. Cobb to Sergeants; Private James L. Thornton to sergeant; Privates Earnest W. Bray, Richard E. Liles, and Harvard F. Neu to corporals.

Privates Faye Jeffries, Howard Lowry, and Sergeant Adrian Burris of the medical detachment won their laps in the regimental tennis relay road race and thereby won the event for the 185th regiment.

First Sergeant Keith Emmons and Sergeant Orville Hobbelton, (the brains of Company M), can give anyone in camp lessons in setting up a Sibley stove pipe, and setting up a Sibley stove pipe, and P. S. The cooks lost a half sack of coal before they found out how the last subject was performed.

Sergeant Carson Mathews of C Company arrived in camp Tuesday with the custody of Private Huston, who was brought from Eugene under arrest.

Company M's mess has been so good this camp that the boys are afraid it's all a dream instead of reality. Under the direction of Sergeant Earl Neet, the cooks Andy Coghlan and Frank Miller, are issuing hotel banquets three times daily. They have an excellent kitchen and mess hall and instead

**Perfect Health is always refreshing**

If you are tired—lack pep—if your skin is not clear—if your appetite is "gone"—you owe it to yourself and friends to try S.S.S. Its tonic effects will surprise you.

WHEN your system is filled with rich, red blood, you don't have that tired, languid feeling when you awake in the morning.

Instead, you feel refreshed; ready to meet the world!

Your appetite is keen, you enjoy work or play. Your skin is clear—cheeks naturally rosy.

All this because rich, red blood is Nature's substance for building and sustaining the body.

Thousands have regained their strength and charm by taking a few bottles of S.S.S.—Nature's own tonic for restoring the appetite—building strength—and clearing the body of so-called skin troubles.

You know a clear skin comes from within. Correct the cause—thru the blood—and pimples, boils, eczema and that sallow complexion will disappear.

For more than 100 years S.S.S.

It has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

"I was troubled with pimples and blackheads. I took a course of S.S.S. It cleared my face and back. I think S.S.S. is wonderful. I have told many friends about S.S.S., and they are getting as much benefit as I did."  
—Miss Ruth Gahn, 1134 Elden Ave., Los Angeles, Calif.
