Most Skin Trouble Readily Overcome

The Active Principle of a Famous Remedy Works Wonders.

Many people have marveled the way S. S. S. overcomes skin troubles. The explanation is the fact that S. S. S. works in the blood and the blood is really a most intricate and extraordinary mass of arteries and veins.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood streams just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It contains one ingredient, the active purpose of which is to stimulate the tissues to the bealthy selection of its own essential nutriment. And the medicinal elements of this matchless blood purifier are just as essential to well-balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not one drop of minerals or drugs is used in its preparation. Ask for S. S. and just insist upon having it. And if you desire skillful advice and counsel upon any matter concerning the blood and skin, write to the Medical Department, The Swift Specific Co., 529 Swift Bidg., Atlants, Gs.

For defense he thinks a cavalry charge or a bayonet charge would beat itself to pieces against a wall of steel. Folding shelves could be put into it, and they would make bunks for the crew. On the march it could be drawn by cavalry horses. Its cost would be relatively small.

I had a doctor all the time and used a galvanic battery, but nothing did me any good.
