Entered in the post office at Maupin, Oregon, as second class mail matter.

How about that fair for Maupin this year? We have heard of some talk in regard to the same but no action has been taken so far and it is getting late in the season. A meeting should be called right away and plans formulated if there is any intention to pull off something of the kind.

Maupin should have a furniture and hardware store, a drug store and new hall. With a little more of the boosting spirit and some inducements the town would soon have these.

In selecting your associates, choose your equal or better. Otherwise you will get just so high and there remain.

Smock News
