These flowers are some products of Mrs. Johnson's gardens. Mr. Johnson also presented us with a box of fine strawberries.

A picnic in the park, also lots of ice cream. A great many parents and friends were present and all report a good time. After dinner there was a ball game between Tygh and the Sand boys, of course Tygh beat.

Criterion Chronicles

The results of the warm spring showers in the early part of this week were noticeable to all growing crops.

Our school closed on Friday last and the event was celebrated by a neighborhood picnic and a splendid program rendered by Miss Herring and her pupils. County Supt. Bonney gave a pleasing and patriotic address, after which he introduced L. P. Harrington, field worker for this state, who has had thirty years of active successful work in Minnesota schools, and the past five years has been doing extension work with the O. A. C. and state superintendent's office. His address was also a real treat. Several visitors from other parts of the county helped to make the occasion more pleasant. After all united in singing America and several rounds of cheering for Miss Herring, Prof. Harrington, Supt. Bonney and the school, all departed for their homes, feeling that the time was profitably spent and wish-

ing for similar occasions to occur.

A. A. Bonney and daughter, Miss Bessie visited Thursday and Friday at the Dale Bonney home, and were present at the school closing exercises.

T. O. Miller went to Sherar Friday for a repetition of his former success as a salmon fisher and has returned with four big ones.

C. A. Dewes is building a barn and otherwise improving his premises on the ranch adjacent to the school house.

Those of our citizens doing business at Maupin last week were, J. B. Kidder, Dale Bonney, Earl Tunison, W. Brown, J. E. and T. O. Miller, E. J. Nosker and wife, Jas. Baxter and C. Dunning of Ridgeway.

Miss Bertha Herring, who has taught our school for the past two years and will have charge next, will visit Willamette Valley this summer and attend Normal Training school for teachers. She is a general favorite and this fine addition to her experience will be of real benefit to her school work and further gratify the patrons of this Standard school.

Grandma Winifree, after visiting for two weeks with the family of J. O. Winifree, returned to her home Sunday.

'Tis gratifying to know of the increased attendance and efficiency in the Sunday School. All are welcome and your presence will encourage those regularly attending.

Paul DeCamp won a prize for not being absent or tardy for the school year.

Allen and Robert Canfield won prizes for being best spellers in their respective grades.

NO GAME BUT LOTS OF FUN

The Maupin ball team went to Antelope Sunday to participate in the game for which they had arranged, but owing to the rain had to give it up in the middle of the fourth inning, with the prospects for a good game gone.

Barnes with others of the team was in fair way to get home that night when their car broke down half a mile the other side of Flemming's, in whose barn they camped that night. Ernest Mayhew and Al St. Dennis with the rest of the team and L. D. Kelly with the ladies, Mrs. Kelly, Mrs. Bonney, and the Misses Derthick, Beckwith and Martin, remained in Antelope that night. All say they had a great time.
