The Ideal Home

Every man has his ideal of what he would like to have in his home-the sort of home that he can build for the money that he has to spend. You have your ideal even if you cannot draw it out on paper.

To assist home builders and place the latest ideas within the reach of everyone, our Lumbermen's Association, through its regular department, has prepared and published at an expense of some twelve thousand dollars a most beautiful and complete Plan Book of Modern Homes-step-savers, they are termed, cozy, convenient and economical.

We have these plan books containing over 200 designs of Northwest homes. Drop into our office or write us a card and we will see that you get a copy of these books from which to choose your IDEAL HOME.

Through our Engineering Dept. we can make any practical changes in these plans for you. We will furnish complete plans and specifications FREE.

The special "Tum-A-Lum" Plan book contains many suggestions for that new barn, hogshed, silos, schools, churches, etc. "See Peter Kilburg about it"

at

THE HOME OF "TMM.A-LUMBER."

Tuesday for The Dalles Hospital up-to-date stock of millinery ever to receive medical treatment, Mrs. L. D. Kelly has the most brought to Maupin, You should
