

THE MAUPIN TIMES

Devoted to the Interests of Southern Wasco County

VOL. 1, NO. 39

MAUPIN, SOUTHERN WASCO COUNTY, OREGON, FRIDAY, JULY 9, 1915

THE YEAR \$1.50

SENT IN BY OUR CORRESPONDENTS

Criterion Chronicles

Haying seems to be the main issue in this community at present.

The year 1915 will be remembered by our citizens as "the era of house moving." Dale Bonney is the latest to adopt the fad; moving the house from the Earl Gamber place to his homestead just west.

Grasshoppers are at work some, but doing no material damage yet. Several are fighting them with the Paris green mixture.

A royal welcome was accorded our Sunday School which visited the Maupin Sunday July 4. All who went from here express themselves as greatly pleased with all the exercises of the day and especially the fine patriotic sermon by Rev. Ellis.

Vera Canfield who is ill with fever, is doing nicely, all things considered.

Several of our residents celebrated their Independence on Monday at Shaniko.

Corn and potatoes and all garden truck will make good crops, barring grasshopper tolls.

The work of leveling the school grounds and otherwise improving the premises, was done last week by J. E. Miller and R. H. DeCamp and supervised by A. A. Canfield representing the school board. Besides plowing most of the two acres and some twice, 6,500 yards of dirt was moved with two teams and common slip scrapers, then leveled, some walks built and all at a total cost of \$45.

Mrs. N. P. Hornquist will spend

Early Products

Wednesday, R. Johnson was in town from their fruit farm north of here, and adds two more fruits to his list of early products, bringing a liberal sample of fine peaches and apricots to this office. Nearly two weeks ago Mr. Johnson brought in his first of the season of these fruits.

Mrs. L. K. Oakley favored us this week with a Spanish radish grown in her garden in this city which measured 3 1-2 inches in diameter and was 15 1-2 inches long.

Mrs. Job Crabtree has some nice cucumbers ready to eat and presented a Times representative with a sample a few days ago.

the summer at Oregon City.

Grain is making satisfactory progress toward the harvest and machine men consequently are getting busy.

Smock News

A. F. Russel is working on the Flat for Chas. Crofoot.

M. P. and A. R. Thornton delivered berries on the Flat this week.

A picnic was given at John Farlow's the Fourth. Everyone reports a fine time.

M. P. Thornton and wife made a business trip to Wamic this week.

James Kennedy and wife and hired help spent part of the week on Smock hauling in that alfalfa. Fine weather on Smock; wind is blowing.

Mrs. Marlon Farlow is busy with raspberries.

Grace Miller attended the dance

SECRETARY'S REPORT OF THE NEW WHITE RIVER HIGHWAY

Editor Maupin Times:

I am enclosing list of names of those who donated labor or money towards the construction of the Lower White River road.

The estimated cost of this road by the county surveyor was \$17,500.00. The public can not help admiring our pluck, though they may condemn our judgment in undertaking a contract of such gigantic proportions.

It has certainly taken courage, labor and "stay-with-it-ness" to accomplish as much as we have, and while we are prone to admit that the road is in a primitive state as yet, we have a fine grade, and when it is widened in places and more turnouts made, it will be the finest in the county. We have the very best wooden bridge in the county.

Geo. End was our construction boss and time keeper and he certainly deserves honorable mention.

Everyone who is at all acquainted with the geography of the country, knows that this road has been an actual necessity for twenty years or more, and now more than ever, as everyone is beginning to realize that Maupin is bound to become the metropolis of Southern Wasco County.

Bruce Driver informed me that there was over \$4,000.00 worth of fruit and vegetables shipped to Maupin last year by rail. Smock and Wamic can supply all this. Juniper Flat is producing commodities that we do not, so there will be traffic and exchange of commodities going on all the time, and a better feeling of good fellowship between the two communities will prevail.

at Wamic Friday night.

(Arrived too late for last week's)

Geo. Duncan is logging at the Wm. Stakely place for the Woodcock & Kennedy sawmill.

Judge Gunning and road commissioners were over looking the road over from Rock creek across Gate creek.

Blaine Disbrow is busy delivering strawberries and gooseberries. The berries are a fine variety.

June 30th, born to Mr. and Mrs. Geo. Duncan, a girl babe weighing four pounds.

Roy Fleck and wife were Sunday callers at the home of Bud Harveys.

Sawmill Inspector Dalzell of Portland was at the Mulvaney & Sons' mill last week and found everything in much better condition than he had expected, as the

mill is only near completion, yet the saws are humming every day. Tuesday the lagrippe had Mr. Mulvaney captured, but he is at the helm again. Wilbur has a dandy log wagon with all the 'new' on it, just in time for the Fourth. He thinks the spoks will not escape as did his buggy wheel some time ago.

Wednesday, June 23rd, a son was born to Mr. and Mrs. T. F. Farlow; mother and child doing well.

G. W. Bargainholt is contemplating building a cozy bungalow in the very near future on his place near White river.

David Mayfield is sick with pneumonia and lagrippe.

Mrs. Geo. Thornton and babe visited her father, T. F. Farlow, Monday.

Geo. Mayfield was at the Mu-

Narrow Escape

The apartments at the River-view hotel, where Ray Aubrey and wife recently removed from the building now being used for a meat market, was the scene of an exciting experience for Mrs. Aubrey Monday noon when the oil leaking from a coal oil stove blazed up to the ceiling, for a moment threatening the building. Assistance quickly arrived, but Mrs. Aubrey succeeded in quenching the flames with a pail of water before the men from the Fraley & Vanderpool garage could get there. No damage was done, but Mrs. Aubrey sustained a painful burn on one wrist.

W. A. Westbrook a homesteader here and master mechanic left for Portland Wednesday morning where he will work.

Fresh Meat

I have opened up a Meat Market opposite the Hotel Moad and can fill orders for any kind of Fresh Meats.

RAY AUBREY, MAUPIN.

vanev & Sons' mill getting lumber to build pens to feed his porker in. G. W. Bargainholt is having lumber from the mill to build a granery.

Wayne Spoor and wife were visitors at Mrs. Leone Hill's Saturday.

Chas. Duncan and Jno. Gordon were Tygh Valley business visitors Tuesday.

Lewis Yockey has been employed by the government and is stationed at Clackamas Lake for the season.

Mack Mayfield and wife, son Dudley and family have disposed of their ranches here and gone to the Burd's country to locate. They will be greatly missed here as they are old settlers but, we wish them success.

MAUPIN WINS LAST GAMES

Season Now Closed

The celebration at Shaniko July 4 and 5 was a grand success. The hospitable people of Shaniko made it their first aim to be prepared for the visitors, who were indeed royally entertained. Quite a number from this place were among the guests. Four ball games were played; three of which were with Maupin, our boys in each instance taking the laurels. The first one, Shaniko vs. Maupin, ended with a score of 6 to 15. Shaniko played one game with the Manhattains of The Dalles, winning over the visitors 8 to 14. In the contest between Maupin and Manhattain, Maupin won 14 to 19. The last of the four and of this season's games was a victory for Maupin over Shaniko of 7 to 21.

The Maupin Base Ball team disbanded for the season after playing ten games, seven of which were won and three lost. Leonard Chastain holds the record for the highest batting average.

Church Notice.

Services as follows: July 11, Sunday School to a. m.; preaching, 11. a. m. Evening service 7:30 p. m. Everyone invited, but especially the young people, come and help us organize a young people's meeting. Prayer meeting 7:30 Thursday evening. Every one welcome to all services.

G. R. ELLIS, Pastor.

Mr. and Mrs. Ellis wish to express their appreciation of the surprise tendered them last evening, not only on account of the goods, but because of the good fellowship shown.

What the Tum-A-Lum Method of Selling Lumber is

The output of the world's greatest sawmills brought to our yard in your town at the lowest possible cost and without the addition of a single cent of selling expense. We buy from the world's open market.

A complete service department composed of skilled architects and expert estimators who plan your buildings along the most modern and efficient lines, and quote you a price in advance which we guarantee will cover every bit of material necessary to complete your building—no charges for "extras."

A sales policy worked out after three years of constant study that gives everybody a square deal and guarantees all customers absolute satisfaction and the right price.

If you are contemplating erecting a building of any kind, you owe it to yourself to come in and let our local sales manager tell you all about the Tum-A-Lum Method. You, too, can get the benefit of our Material Saving Plans, Guaranteed Material Lists and the One Right Price.
