If you'd like a splendid climate; Should your search the wide world o'er,  
If you like the sunshine rare; Here at Maupin.  
If you like the ozone breezes Playing round you everywhere  
Come to Maupin.

If you like the sweet wild flowers Here's the place old sport for you;  
Covered o'er with dewdrops bright; We've a special knack of land-  
If you like fragrant odors ing  
Of the sage brush in the night! Even girls if you're true blue,  
Come to Maupin. Right in Maupin.

If you like the mighty mountains In a boat just made for two,  
Clothed in Juniper, fir and pine. We have just the very river  
If you like the barren rocky That can make your dream come  
hill sides true  
Where the sun most always Here at Maupin.  
shines,  
Come to Maupin.

If you like to ride in autos, So don't waste your time in long-  
We just have them by the ing  
score. For the things you would like  
And our scenes can't be out- to do  
rived. For we have them all at Maupin  
So the fault must be with you.

dairy feed.

H. M. Green is wondering whether that halter chain was used by Chauffeur Mayhew for one improvised steering gear or by Dr. Francis as one attachment for his Chemical thermometer.

### What the Tum-A-Lum Method Means to You

You've often wished you had a friend or a relative in the lumber business to help you and give you counsel when you get ready to build.

You have spent a good deal of time going through magazines and farm papers looking for suggestions to help you solve the problem of getting just the right building for your needs at the right price.

It is easy to get this very building when you build by the Tum-A-Lum Method.

Our Service department cuts out all waste with its Material saving Lists. Your lumber is all used in the building.

We own no mills, and are therefore not a "dumping place for any undesirable surplus. We buy from the best markets of the world. Their output comes to our yard without one cent of added selling cost—you pay the one right price for your lumber.

The result is that that you get the best possible building for the lowest price.

**BUILD YOUR NEXT BUILDING BY THE  
TUM-A-LUM METHOD**

Let us figure with you on the new house or barn you're going to build.
