Criterion Chronicles

W. H. Harbison of Ashwood spent several days in this vicinity recently visiting his friend Mrs. Cora Baxter.

Two mischievous boys recently killed a large rattlesnake and left him coiled in the road to victimize some passerby. Their prank was highly successful as on going back the snake's head was beaten to a pulp and his rattles cut off as spoils of the last battle.

The prelude to wedding bells have again sounded their notes at Criterion.

Wheat hauling is soon to commence, all our surplus crops going to Maupin.

ISIS STOCK CO. TO BE IN MAUPIN

The Isis Stock Company gave two very good entertainments in Maupin Monday and Tuesday nights which were witnessed by an appreciative crowd of our people and given hearty applause.

The company is composed of three energetic young people, who seem thoroughly masters of the situation of handling to the complete satisfaction of the public, acts having twice their number of characters. Entertainments will be given tonight and tomorrow night at Wapinitia. They are scheduled to be in Maupin again Sunday evening with a complete change of program and hope to greet another good crowd.

Mr. John Gordon and grandson, Wilbur Mulvaney, were Wapinitia business visitors last Thursday.

Callie Duncan and Sidney Mulvaney spent Sunday night at the bedside of Will Gesh, caring for him, who is very low with typhoid fever. Dr. Shannon is the physician in charge.

N. E. Whitcomb finished stacking for Geo. Woodruff, came home a couple days and returned to work with the threshing machine.

Callie Duncan was a Tygh Valley business visitor last Thursday.

Several of the neighbors and friends of Mr. and Mrs. John Howell met at their home last Sunday in honor of Mrs. Howell's birthday. There were thirty-six in attendance and the writer wishes Mrs. Howell many more birthdays for we always find a welcome at their home.

Mrs. Cora Smith is on the sick list for the past couple week.

TYGH VALLEY TO HAVE FAIR

Hollis-Williams

A quiet home wedding occurred at eight o'clock Saturday evening at the residence of Mr. and Mrs. W. H. Williams when their daughter, Miss Jessie E., was given in marriage to Herchel D. Hollis, Justice L. K. Oakley officiating.

The bride was attired in a dainty gown of white lingerie trimmed in Irish crochet and pink satin rosebuds, wearing a wreath of pink rosebuds in her hair. The floral decorations were of pink and white.

Dainty refreshments of ice cream and houbons were served to the guests and a musical crowd of friends who made it a point to arrive in time for eats. Musical selections took the remainder of the evening.

The young people will be at home after a sojourn in the moun-

Some Excursion

A party of young people consisting of Mr. and Mrs. Ray Aubrey, Emma Aubrey, Ray and Naomi Smith left Maupin Sunday morning with Mr. Harphan, in his car, going to Grass Valley and in an attempt to return by a different route became lost, the car broke down, and they spent the night on a hillside between Grass Valley and Kent in peaceful repose under the stars. Monday morning, they proceeded to Shaniko. When returning, near Ridgeway they met the same fate of the evening before. Mr. Harphan borrowed a horse and returned to Maupin for assistance, the rest of the party taking refuge until morning in a vacant house one and one-half miles from the car, when Ray Smith hired a team and got the car started, getting ten miles on the homeward journey when the gasoline played out, Dolphus Mayhew and James Harphan met them about six miles from Maupin, where the gasoline was divided and the joy riders came home. They had had nothing to eat except a light breakfast Monday morning in Shaniko, after leaving

tains, on a homestead south of here.

To Yellowstone

Tuesday's Chronicle made the following note of Maupin citizens who started Sunday for the national park: Dr. and Mrs. H. V. Hatfield and Mr. and Mrs. L. D. Kelly who have been visiting in The Dalles a couple days left today for Yellowstone Park in Mr. Kelly's automobile. The party will tour the national park and northern Idaho.

UP RIVER RAIN STORM HEAVY

Train Delayed

Mr. Irl returned from Madras yesterday. He was on the train caught in the washout Monday between North Junction and South Junction where the train was held from four o'clock Monday afternoon until three the next morning, but he felt almost repaid by the sight of a cataract of mud and dust flowing over a bluff about 80 feet in height burying and undermining the track.

R. E. Campbell, an old time resident of the Wamic section, was brought to The Dalles yesterday afternoon by Dr. Dodds of Dufur. Mr. Campbell has been adjudged mentally unbalanced by an examining board. He is being detained here awaiting conveyance to the Eastern Oregon hospital for the insane. Mr. Campbell is an old time resident of the Wamic country and has relatives there. It is thought that his affliction is only temporary and that a few months rest at the hospital will completely restore him to his former self.—Sun, July 31.

WHERE GOOD PLASTER IS HARD TO GET

Wallboard is not lower in cost than lath and plaster—in most places—where there is no good supply of plastering sand—Wallboard is very convenient.

"TUM-A-LUM WALLBOARD" can be put on by anyone. It is nailed directly to the 2x4 studs of the walls, and many beautiful designs are produced. The cracks between the sheets of the wallboard are covered with a small strip of lumber painted like the rest of the house trim.

"TUM-A-LUM WALLBOARD" can be tinted with a cold water tint by anyone. Many beautiful stencil patterns can be worked in the border.

"TUM-A-LUM WALLBOARD" is fine for remodeling without any muss.

Ford Runabout . . . \$390.
Ford Touring Car . . . 446.

Profit-Sharing With Retail Buyers

On August 1, 1914 we made the announcement that if we could make and sell at retail 300,000 Ford cars between August 1, 1914 and August 1, 1915 we would share profits with the retail purchasers, to the extent of from \$40 to \$60 on each car. We have sold over 300,000 Ford cars in the time specified, and profit-sharing checks of \$50 each will be distributed as rapidly as possible after August 15, 1915. Retail purchasers who have not yet mailed us their profit-sharing coupons, properly endorsed should do so without delay.

Our plan to profit-share with retail purchasers of Ford cars during 1914-15 has been most successful. We thoroughly believe in it, but realizing the uncertainty of conditions generally makes it advisable to defer any announcement of future profit-sharing until a later date.

We are, however, confident of our inability to reduce costs for several months, and therefore can offer no profit-sharing for cars delivered during August, September and October, 1915.
